Nothing else comes close.

F R McLaine Ltd

Program for Students Graduating in 1988

Upon graduating, and hopefully entering the work force in your chosen career, you may find yourself in need of a new vehicle. After you've picked out the one you want, you may find there can be obstacles when it comes to financing, such as: not long enough on the job, a down payment may be required, or a co-signer may be required. This could mean that the purchase may be delayed for months or a year until you qualify for financing.

At FR McLaine Ltd., we may be able to help out where these obstacles are faced by the graduating student. If the student graduating has a legitimate job offer in his/her vocation, then that student may qualify for 100 percent financing — no down payment, no co-signer, and a three-month delay on payments.

For more information drop in to see us or give us a call!
