"Thanks A Million" At Prince Edward

With Dick Powell and Ann Dvorak singing and romancing, Fred Allen and Patsy Kelly indulging in a hilarious feud, and Paul Whiteman and his band, Rubinoff, and the Yacht Club Boys assisting in the general hilarity and tunefulness, "Thanks a Million," the new production brings the season's top mirth and melody production to the Prince Edward Theatre.

This picture, replete with catchy new tunes by Gus Kahn and Arthur Johnston follows the cockeyed adventures of a tanktown show troupe headed by Fred Allen. His company loves him so they think he's responsible when it rains.

Powell is the handsome young warbler of the troups, who positively refuses to croon It's his romance with Ann Dvorak, and the complications that ensue when Margaret Irving enters the scene, that furnish the major story. That is backgrounded by hilarious business between Fred Allen and Patsy Kelly.

In the climax, after they become entangled with politicians in a fantastic adventure. Powell realizes his heart-felt ambition as a radio singer, and the object of his affections in Miss Dvorak.

"Thanks a Million," the theme song, heads the tunes Powell sings. Other catchy hits include "I'm Sittin' High on a Hill Top" and Sugar Plum."

The Yacht Club Boys do a number of their original selections. And to top the musical offering, Ramona sings with the Whiteman aggregation.

Prominent in the supporting cast are Raymond Walburn, Alan Dinehart and Benny Baker, who has taken up the task of stooging for Fred Allen.

H. Rider Haggard's "She" At Capitol

H Rider Haggard's exciting adventure romance "SHE," has finally been presented for universal enjoyment in a screen play, that is remarkable for its combination of drama and awe-inspiring spectacle. Produced by Miriam C. Cooper who has to his credit such outstanding spectacles as "Grass," "Chang," and "King Kong," the picture is eminently successful in graphically setting forth the fantastic kingdom of Kor where most of the tale unfolds ,as Leo Vincey and Archibald Holly, English scientists, penetrate it to find the secret of eternal life, with their protege Tanya, daughter of a trader who loses his life in leading them along the perilious ice-barred trail The fabulous kingdom is ruled by an immortal empress who finds freedom from death by bathing in a flame. "SHE," this goddess-ruler, falls in love with Leo. The swift flowing story is then concerned with a romantic battle for Leo's affection between "SHE" and the mortal Tanya. It has all the excitment of a mystery thriller and all the emotional punch of a great drama.

The cruel and deathless "SHE" is portrayed with superb artistry by Helen Gahagan. It is her depiction of the ruthless nature of the Korish empress that perfectly justifies Leo's action in remaining loyal to Tanya when "SHE" offers him eternal life.

Marked by skill, restraint, and understanding is the work of Randolph Scott at Leo. Helen Mack contributes what is perhaps her finest performance in the exacting role of Tanya. Nigel Bruce distinguishes himself in the semi-comic role of Holly.

"SHE" was directed by Irving Pichel. It is distinguished by some of the largest, most lavish, most eerie sets ever seen in a screen melodrama.

Good Seed Good Crops

Farmers at this time of year naturally become seed minded. Good seed sown early, other things being favourable, such as soil and climate, means good crops, and good crops are the basis of successful farming

What about the individual farmer's seed supply? If it is being purchased, he has the option of buying either Registered or Commercial seed of grade No. 1, No. 2 or No. 3 quality. In addition to the protection of a reputable seed house which originally prepares and offers the seed for sale, the Dominion Department of Agriculture provides the services of seed laboratories and inspection offices to grade and inspect the seed offered for sale through the seed trade and by growers.

If farmers are using their own seed and are within reasonable distance of a central seed cleaning plant, it would surely pay to have their seed cleaned in such a plant. These plants are usually equipped with modern power seed cleaning machines and operated by an expert in seed cleaning. If the old hand fanning mill is to be used, it should be hauled out from under the bags in the dark corner of the granary or storage shed and oiled, the screens carefully examined and any necessary repairs made. In cleaning seed, it is most important to use screens that will remove harmful weed seeds as well as dirt and chaff. In this short article it is impossible to give details of the proper screens to use in cleaning various kinds of seed These however, are described in bulletin No. 1137 "Weeds and Weed Seeds," with notes on seed cleaning. This bulletin may be obtained free upon application to the Publicity and Extension Branch, Dominion Department of Agriculture, Ottawa.

Little Shemogue

This community was very much saddened on May 14th by the death of one of its oldest citizens, Mrs. Annie Eliza Blacklock, wife of Mr. J. Smith Blacklock at the age of 79 years. Mrs. Blacklock has lived in Little Shemogue since her marriage over fifty years ago. She was a daughter of the late Murdock and Mrs. MacLeod of Bedeque, P. E. I. Her mother was formerly Mary Robbins. Possessed of a kindly, loving disposition, she will be very much missed by young and old, and although she had not been well for several months, her rather sudden death come as a shock to the community.

Mrs. Blacklock leaves to mourn their loss, her husband; one son, Murdock of River Glade; six grandchildren; and one great grandson; one brother Walter of British Columbia; two sisters Mrs. Duncan (Margaret) of Little Shemogue and Mrs. Blake, Clara, of U. S. A. The funeral was held on Sunday May 17. A private service from her late home at 2 o'clock and from the church at Little Shemogue at 2.30 p.m.

ATTEND SHOWER — Mr. and Mrs. Keir Woodside; Mr and Mrs. James Ramsay; Mr. and Mrs. Preston Ramsay; and Mrs and Mrs Keir Ramsay, were visitors to Sea View on Friday night attending the "shower" for Miss Margaret Pickering.

ENLARGES GROCERY STORE—Lix Grocery on the corner of Kent and Queen Streets during the last two weeks has been in the hands of the carpenters. The partition at the rear has been removed giving greatly increased floor and shelf space. Rearrangement of the goods on nicely painted racks on three sides of the store gives greater convenience to customers. A novel fruit stand has been erected in the rear of the store giving an inside window effect. The first of its kind in the Province, the arrangement consists of a bank of shelves divided into compartments covered with striped awning. Brilliant lights hidden under the awning flood the display giving a very pleasing effect.

WEDDING BELLS—A wedding of much interest was performed at the Baptist Parsonage Tryon on Wednesday, April 29th at 7.30 o'clock when Miss Elva Louise Howatt, daughter of Mrs. and the late P. S. Howatt, Borden, became the wife of Mr. Lloyd Edwin Inman, son of Mr. and Mrs. Wilfred Inman, North Tryon. The ceremony was performed by Rev. T. O. DeWolfe. Immediate relatives of the young couple witnessed the ceremony. The bride looked charming in a brown plaid swagger suit with hat and accessories to match. The groom is a prosperous lobster packer and buyer. Following their marriage a large number of friends gave them a miscellaneous shower at the Landsdowne Hotel Friday evening, the gifts were numerous and useful testifying to the popularity of the young couple. An enjoyable social time was spent after which all wished Mr. and Mrs. Inman much happiness and prosperity in their wedded life.

W. C. T. U. MEETING—The Annual meeting of the W. C. T. U. was held in Heartz Hall parlor on Monday evening with a good attendance of members. —The President Miss Edith Sterns was in the chair and gave an interesting report of the eyar's work. This was followed by the treasurer's report which showed a satisfactory financial condition. At the conclusion of the devotional period which was conducted by Mrs. Johnson, Miss Pearl Burns gave a pleasing vocal solo. Election of officers for the new year resulted as follows: President, Miss Edith Sterns; 1st Vice-President, Mrs. W. H. Johnson, 2nd. Vice President, Mrs. Godkin; Recording Secretary, Mrs. W. A. Thompson, Corresponding Secretary, Mrs. Meikle, Treasurer, Mrs. Walter Burke; Press Correspondent, Miss Emma White. After a short business session during which a number of new committees were appointed and various activities for the coming year suggested and discussed. The meeting was brought to a close by the Misjah beendiction.

Mrs. Mark MacGuigain, left yesterday for Antigonish, N S, to be present at the closing of St Francis Xavier University where her brother Mr J Ivan Trainor will receive his B A degree.

Mr. Charles Bacon of Summerside was a recent visitor to his home in Tryon.

Mr. Ira Crozier and Mr. George MacKenna were visitors to Tryon last week.

The Misses Helen Clarke, Jean Delaney, Muriel Dawson, Rhoda Cobb, Helen Lord, Ruby Delaney, motored to Summerside on Saturday.

Mr. Charlie Rogerson, Crapaud, made a business trip to Tryon Thursday.

Mr. and Mrs. Percy Delaney and Mr. and Mrs. Edwin Clarke were recent visitors to Victoria.

Miss Marjorie Dann, Moncton, N. B. is visiting at the home of Mr. and Mrs. Max Lefurgey.

Mr. Arthur Dawson is again confined to his home with a severe cold.

Messrs George, Wallace and Harold Muttart were visitors to Tryon Sunday.

Kenneth Dawson was in Tryon by motor-cycle Tuesday evening.

DE GROS MARSH AND VICINITY

Mr. Joseph Sloane, Newport was a recent visitor to Georgetown Royalty.

The regular meeting of the Study Group which includes the Districts of De Gros March, Newport and Woodville was held in De Gros March School on Thursday night, April 23rd. Mr. Herman MacDonald was in the chair. The minutes of the previous meeting were read by the Secretary, Mr. Eugene Delonie and adopted. The subject for Debate was "That Single Life offers more Advantages than Married Life." The speeches on both sides were of a very high order, and showed careful preparation. After the debate was over a vote was taken which resulted in a victory for "Married Life." The meeting then was opened for general discussion in which a large number took part. After which a splendid address by Mr. Louis Fitzpatrick on the progress which the club has made since organized. He also gave praise to the leader and secretary for the capable way in which they performed their duties. It is less than two months since this club was organized, and it is found to have filled a long-felt want, especially for the young people of the above-mentioned districts, for we find especially in the country districts, that there are very few who have confidence enough in themselves to express their views at a public meeting, and by meeting in debate before the members of their own club, they help to obtain this confidence, and are educating themselves by obtaining matter for debate, and to be able of express their views in an intelligent manner. It also gives the young people of the district an opportunity to learn how to preside over, and conduct public meetings. It is the intention of this club to not only carry on, but to try and develop that community spirit which was so well-known to our forefathers, but to the generation of today seems lost It was resolved that at the next meeting of the club, instead of a debate a general discussion by the members would take place, in which suggestions would be made to find out by which manner the club would be of most benefit to the community.—"Spud."

WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk.

A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

13th Annual Meeting Kelly's Cross C.W.L.

The annual meeting of the Catholic Women's League of Kelly's Cross Parish was held in the church hall on Sunday afternoon, May 13th.

The President, Mrs. Joseph Kelly being unavoidably absent, the chair was occupied by first vice president. Mrs. Creamer, who opened the meeting. After prayer, the minutes of previous meeting were read by secretary and were adopted on motion. The reading of the minutes was followed by the address of the president. Our Chaplain, Rev. C. J. Pitre was present and spoke in glowing terms of the success achieved, and in a very gracious manner thanked the President and the several officers and committees of the C.W.L. for the splendid work accomplished during the year just past.

The election of officers then took place resulting as follows:

President, Mrs. Joseph Kelly (re-elected.)

1st vice president, Mrs. Joseph Creamer.

2nd vice president, Mrs. Francis Bradley.

3rd vice president, Mrs. Francis Hogen.

Recording and reporting secretary, Mrs. J. W. McKenna (re-elected)

Treasurer, Mrs. J. W. Bradley.

Councillors: Mrs. John Trainor, Mrs. Dunn, Mrs. John A. McDonald and Mrs. F. J. Flood.

PRESIDENT'S REPORT

Rev. Father, officers and members of the Catholic Women's League of Kel'y's Cross Parish.

Another year has passed and as President I have the honor to address the Catholic Women's League of Kelly's Cross Parish on this their 13th annual meeting. A year ago you honored me by electing me as your President, for which I feel very grateful, and I have tried to merit your confidence in me. On looking over the past year I feel that some progress has been made and that our officers and members were always ready and willing to help in anything proposed for the welfare of our sub-division.

At our annual meeting last year we had a committee appointed to solicit women to join our society but I much regret to say we are a long way short of 100 per cent of the women of our parish. I would suggest that today we appoint an executive of younger and more active members who may be freer to devote more time to the activities of the League especially to membership.

During the month of June and July we held no meetings. In August we met and organized a Sewing Circle when we started to work on our hand-made bed spread. This work proved to be very interesting and most all our members attended.

During the late summer and early Autumn we he'd our sewing circle meetings weekly and made several articles of clothing for children, also fancy work, knitting and several other small articles. The members were generous and kind enough to donate most of the material used.

In the month of October we held a lottery of our spread and had a booth, where we sold our home made articles on the evening of our annual chicken supper. This lottery and bazzaar netted us a large sum which we appreciated very much during these days of depression. Our card parties during the Autumn and Winter evenings were well attended and proved a success both socially and financially.

We were not called on to do much work in regard to social service except to send fruits to a few ladies who were sick. I would like to suggest here, if I may, that we should, in future, donate prizes to the schools in our parish to try and encourage our pupils. These prizes to be given for some study decided upon by the members. I think also, that we as a National Society should receive Holy Communion in a body once a month, say on the same Sunday as the Children of Mary. It would seem more impressive and perhaps would help to swell our numbers.

Our church committee has carefully performed the duties of sweeping and dusting the Church, washing linens and other jobs which were necessary. One of our members at Christmas, donated a beautiful altar linen, the lace which was very handsome, being her own handiwork.

During the year one of our members passed away and three of our members have been saddened, one by the death of an only sister, one by the death of a loving son, and the third by a kind brother. We their sister members sympathized with them and had a mass offered for the repose of each of their souls.

At the Diocesan Convention held at Georgetown our President being unable to attend, we were represented by Mrs. Katherine Creamer, past Diocesan President, who gave us a very interesting report of the Convention.

All our Diocesan and National Taxes, Budget, Sisters of Service, Scholarship Taxes, Regina Fund and Magazine have been paid. We remembered our good kind Chaplain, Rev. J. C. Pitre at Christmas. All moneys on hand have been paid in to the church fund.

In concluding I wish to express to our Chaplain our sincere appreciation for his attendance at all our meetings and his many kind words of advice and help both at our monthly meetings and in all our social activities. I also thank the committees and members for their hearty co-operation which made my year's work a pleasure to me and I ask for my successor a continuance of the same support and in this way we will be living up to our motto—"For God and Canada."

Respectfully submitted,
LORETTA KELLY,
Pres. Kelly's Cross Sub-Division.

BRIDES ARE BACK TO GRANNY'S DAY

NEW YORK, May 18 —(CP) — June brides will march to flower-decked altars in a variety of wedding gowns ranging from dramatic to demure. Weddings in cathedrals, small churches and gardens are all provided for by the gowns which have been created for hundreds of American brides.

For some of their most striking creations, designers go back to the "saintly sixties" and Godey's "Lady Book." Grandmother's house dress with its close-fitting seamed bodice and gored skirt buttoning straight down the front inspired one bridal gown of shimmering pearl white satin designed by Leonora Ormsby. Another of white chiffon has the high Quaker collar and muttonleg sleeves of the "gay nineties" and a third of ivory taffeta is finished with a demure pilgrim collar and full sweeping train.

Dramatic bridal gowns also appear in spring's wedding pageant. There are white nets whose skirts and trains are splashed with calla lilies and leaves. Trains generally are shorter than last year and most are embodied in the skirt itself, which is designed with narrow gores so that it spreads out like a great petal.

For the bride whose wedding will be in the house or garden, and who wishes to wear her gown for occasions afterward, there are crisp taffeta or lace costumes that combine a full-skirted evening gown with a little fitted jacket having a long train attached to the back.

Look !!!
It's Streamlined
The New C·C·M· "FLYTE"

HERE, boys, is the most exciting news that you have heard for years—C.C.M. have made a brand new kind of a bicycle, the likes of which you have never seen before. A streamlined bicycle that has all the speedy lines of the new motor cars. It is called the "Flyte" and it looks as swift as a swallow.

The wonderful new "Flyte" has the advantages of the other well known C.C.M. bicycles, but in addition it has a streamlined frame and streamlined front fork (both made of chromol aircraft tubing)—streamlined saddle and special streamline enamelling effect.

The boys who ride "Flyte" bicycles this Spring will enjoy the thrill of their lives, because the "Flyte" is the smartest thing on two wheels and will be the talk of every group of boys in town.

When you go to buy a bicycle this Spring ask the dealer to show you the new "Flyte", and remember it has the famous C.C.M. Triplex Hanger (the power plant of the bicycle) that makes a C.C.M. so easy to ride. It has the sure-acting, powerful Hercules Coaster Brake and strong wheels with Endrick steel rims and rustless steel spokes. It has the C.C.M. straight-line drive and easy-running ball bearing Gibson pedals. It has Dunlop "Fort" Tires, C.C.M.'s super-Chromium plating and C.C.M.'s baked-on enamel finish. All the working parts are of special hardened steel, uniformly tempered by C.C.M. to give long and trouble-free service.

In these and many other ways the new and exciting streamlined C.C.M. "Flyte" is the smartest thing out this Spring.

The price of the "Flyte" is a little more than some of the conventional styles of C.C.M. bicycles because the cost of manufacturing is a lot more, but it is well worth every cent of its price. The price is $48.50. 139J
