MR. E. M. GIFFORD, of the Norway Iron Works, Boston, Mass., gave the following description to a Boston *Globe* representative as suggesting the special propriety of the points he makes in favor of the popular article mentioned below. Mr. Gifford observes: I am connected with the Norway Iron Works, one of the largest manufacturing concerns in the country. There is more St. Jacob's Oil used by the men in the works than I would like to state, lest you would put me down as a romancer. They use it right along for every thing, and it does its work every time. I never thought anything advertised in the papers could take such a hold among men. You see those who work in hot iron are constantly receiving hurts in one way or another, the most common being burns. It takes all the fire out instantly—not after continued application—but *instantly*. Therefore, you will at once perceive that it is an invaluable remedy to men who are constantly having their flesh singed by red hot iron Oh, yes, many have used it in rheumatic affections and I have yet to hear the first man say it failed to give relief They keep it in their families, too, and all swear by it. At the works the men club in and buy it and place it in the hands of the carpenter, who dispenses it when occasion requires. There is seldom a day when it is not called for. All use it. You must understand that a cut from hot iron is not like a slash with a knife or any other cold instrument. The iron not only cuts, but destroys the tissues and leaves a ghastly, quivering wound exposed to the air, and a fainting, agonized wretch writhing with pain. Many a time I have seen a poor fellow thus situated soothed and relieved by the St. Jacob's Oil, as if by magic Only the other day a boy got frightfully cut with a piece of hot wire rod while at work. The wound was a very bad one He suffered intensely and was fainting with pain. As soon as possible, a bottle of St. Jacob's Oil was brought from the carpenter's chest, and the wonderful remedy was poured into the wound, which was in the calf of the leg. The relief was immediate, and the boy went to work a short time afterward, apparently unmindful of what otherwise would have laid him up.

THE HEADQUARTERS OF THE CENTRAL COMMITTEE OF THE Liberal - Conservative Party IS THE MARKET HALL.

The Hall is open every day and evening, for the convenience of Liberal-Conservative electors throughout the County who desire to receive, or wish to give, information respecting the campaign.

[ma 29]

To the Electors of Queen's County.

GENTLEMEN,—Having received the unanimous nomination of the Delegates convened at Charlottetown, on the 30th inst., to select candidates to contest the County, in the interests of the Liberal-Conservative party, at the coming general election, I beg to solicit your support for myself and my colleague, Mr. Brecken.

I do so with the more confidence that I feel assured the constituency I aspire to represent is truly and essentially independent; that the great majority possess that intelligence and discrimination which enable them to discern and appreciate the good qualities of a Government such as now rules the destinies of Canada, whose history proves them to be gifted with that rare administrative capacity and exceptional financial ability, which have the effect of rapidly and easily developing the resources of the country, maintaining, at the same time, a large and increasing surplus in the treasury,—a surplus produced by a fiscal policy which, while it does not press unduly on the industrial classes, stimulates and encourages those great mining and manufacturing interests, which are indispensable, as adjuvants to agriculture, in promoting the prosperity of a people. Having so large a surplus, the Government is in a position to deal liberally with the Provinces, and the fact that, in the supplementary estimates, there is the handsome sum of $312,000 for this Island, is evidence of the intention, as well as the ability of the Executive, to provide ungrudgingly for our public works; and I am happy to be in a position to state that engineers will be here almost directly to commence one of the works; *i. e.*, to survey the different routes suggested for the location of the Cape Traverse Railway.

Under the policy of the Mackenzie Government, on the other hand, the resources of the country were undeveloped, mines and manufactures were reduced almost to a standstill, and the treasury was worse than empty—its only possession being a large and annually increasing deficit. These are *facts*, gentlemen; if any one be disposed to doubt them, I shall have much pleasure when we meet, in proving them beyond dispute, and I trust to the good sense and patriotism of the Electors of Queen's County not to aid in putting men in power whose manifest incapacity reduced our country to the confines of ruin.

The attacks of the Opposition on the policy adopted by the Government for the building of the Canada Pacific Railway and the development of the Great North-West, are effectually and most satisfactorily answered, and the wisdom of that policy triumphantly confirmed by the vast and daily stream of immigration now pouring into that great and increasing fertile portion of our country.

The question of our claim to a portion of the Fishery Award is one of great difficulty, chiefly due to the fact that the Terms of Union agreed to by the Laird-Haythorne Delegation stipulated that the other Provinces should participate equally in the Award with this Island, and to the fact that our distinctive claim was not urged before the Fishery Commission. I believe, however, that there is still a chance of our receiving a portion; and, if elected, I will use every effort to see that justice is done in this matter.

I very much regret that time will not permit me the pleasure of personally soliciting your suffrages; but if you do me the honor of returning me as one of your representatives, I will justify your confidence by striving, to the utmost of my power, to further the interests of this County, of the Island, and of this Canada of Ours.

I am, gentlemen,
With every consideration,
Yours truly,
J. T. JENKINS.

Ch'town, May 27th, 1882.—tf

To the Free and Independent Electors of Queen's County.

GENTLEMEN,—

Again I have the honor of soliciting your suffrages at the Election to be held for the Dominion House of Commons on the 20th June next.

Thanking you for the support you formerly accorded to me as a representative of the Liberal Conservative Party in this Province at a time when its policy was first inaugurated, I can now the more confidently appeal to you when we know the success which has followed the introduction of that policy.

As one of your representatives in Parliament for the past four years, my views upon most of the leading questions of the day are known to you.

A supporter of the Liberal Conservative Party of the Dominion, I have endeavored, having your especial interests in view, to assist the present Government in its many measures advancing the material interests of Canada.

Without increasing our taxation it has been able to establish and foster great manufacturing and commercial industries, and by wise and judicious legislation materially to advance the prosperity of the whole people. A yearly surplus in the treasury has proved its capacity for administering the finances of the country, and enabled us to-day to enjoy free of duty some of the necessaries of life.

The unprecedented development and peopling of the North West Territories has been the result of the contract made by the present Government with the Canada Pacific Railway Company, in the face of the bitterest opposition for some time past given to any public measure. A year's experience has more than justified the Government in that act, and falsified every prediction against its success.

I will not deceive you by announcing myself a Free Trader. I will be as honest as Mr. Blake, the Leader of the Reform Party, and, using his words in his recent address, say, "Free Trade is for us impossible, and the issue is whether the present tariff is perfect or defective and unjust." I have no hesitation in upholding the present tariff, believing it to be framed in the best interests of the whole Dominion, and that its adoption has infused new life and vigor into our country, lifting it out of the condition of prostration into which it had sunk four years ago.

The settled policy of both parties is adverse to Free Trade. It is dishonest to attempt to conceal the fact. I ask your suffrages on no false issue, but if elected by you will always feel it my duty in the adjustment of the Tariff, to see that the particular interests of this Province are not overlooked.

Our claim to a portion of the Fishery Award is one of paramount importance. I regret that hitherto our efforts to obtain its recognition have been unavailing with both political parties. We have, at least, the satisfaction of knowing that no time or opportunity has been lost in presenting it. Finding that our claims singly and apart from that of the Maritime Provinces, would not be entertained favorably by the House, I, with the other representatives of this Island, joined hands with the representatives of the Maritime Provinces and pressed our case upon the Dominion Parliament with a strength only to be gained by united action. You are aware of the failure of that effort, and the pronounced opinions of the leaders of both parties against us. It is greatly to be regretted that the separate and distinct claim of the Island was not, at the settlement of the case presented before the Fishery Commission at Halifax, duly made and claimed. It was an inexcusable oversight on the part of the counsel representing this Island. For although recognizing the fact that the arbitrators could by no possibility have made a separate award in our case, the fact of our having a distinct claim, had it thus been brought to the notice of the British Agent, would have placed us in a much better position when distribution was made and Newfoundland paid a portion of the award.

Dealing with a Government which has so far recognized the rights generally of the Maritime Provinces to this Award as to grant for the material furtherance of their fisheries the interest on the full sum awarded, I shall continue to press for the recognition of a claim which I believe to be just and equitable.

The grant this year made to our public works is an earnest of the evident intent of the Government to deal generously with us. I need not say that, knowing from whence it comes, every dollar granted will be really appropriated and spent for the purposes for which they were granted.

My colleague, Dr. Jenkins, and myself will, I trust, be able in the short time allowed us, to meet most of you at the public meetings called throughout the County.

I have the honor to be,
Gentlemen,
Yours respectfully,
FREDK. DE ST. CROIX BRECKEN.
