Five Canadian Nuns Sentenced In China On Faked Charges

HONG KONG, Dec. 2—(CP)—Two Canadian nuns were sentenced to five years' imprisonment and three others were ordered from China for life by a Communist court in Canton today.

The crowd of 6,000 attending the trial loudly protested the sentences as "too lenient". The 24-hour trial, broadcast by the Canton radio, was heard by the Associated Press in Hong Kong.

After the sentences were announced, Chief Justice Wen Hsu Yuan told the crowd the five nuns would be paraded through Canton so everyone would be able to "recognize their vicious features".

The two nuns sentenced to prison are: Sister Saint Alphonse du Redempteur (Antoinette Couvrette, Ste. Dorothee, Laval County, Que.), head of the orphanage, and sister Saint Marie Germaine (Germaine Gravel, St. Eustache, Champlain County, Que.).

They are to be deported from China when their sentences expire. Immediate deportation was ordered for the other three: Sister Sainte Foy (Elizabeth Lemire, La Baie du Febvre, Yamaska County, Que.), Sister Saint Victor (Germaine Tanguay, a Canadian citizen born in Nashua, N. H.), Sister Saint Germain (Imelda Laperriere, Pont Rouge, Port Neuf County, Que.).

All of the nuns were charged with murder following their arrest nine months ago as part of a campaign.

Enemy Throws Increasing Might Into Air War

By John Randolph
SEOUL, Korea, Dec. 3—(Monday)—(AP)—Allied air power carried the war to the enemy through almost every hour of daylight Sunday and shot down five Communist Mig jets in furious combat over North Korea.

The U. S. Fifth Air Force announced that 46 Sabre jets sailed into a fleet of more than 150 Russian-built Mig's and downed five without loss.

It was the seventh straight day of massive air assault against Red installations on the ground and growing Communist strength in the air. This increasing Red air power was described by Maj. Gen. Frank F. Everest, top air commander in Korea as "a real threat" to Allied air control.

Everest told AP correspondent Sam Summerlin at Fifth Air Force headquarters that Red China has 1,200 to 1,500 planes—half of them jets—based "from which practically all of South Korea can be reached".

In addition, Everest indicated Communist Korea's air force—shattered in the first month of war—is being rebuilt.

There was growing concern on the Allied side that the Reds might get enough airfields inside North Korea to push their short-

There was no loss of life although several families were left homeless.

One schooner docked at a doomed pier went up in flames but others managed to move to safety.

700 Canadians Sail To Join NATO Force In Europe

QUEBEC, Dec. 2—(CP)—Seven hundred Canadian troops, most of them members of the 1st Canadian Highland Battalion, sailed today for Europe to join the 27th Brigade.

The Canadians set out aboard the 13,500-ton liner Canberra, making her second trip from Quebec to Rotterdam with men of the force Canada has placed at the disposal of North Atlantic Treaty Organization defence forces.

The Canberra's first sailing was Nov. 5 with specialists of the 5,500-man brigade.

The Highland Battalion will go by train from Rotterdam to join the 27th Brigade at its camp near Hannover in the British sector of Western Germany.

Companies Composing Battalion
It is made up of companies from the Black Watch, Montreal; the 46th Highlanders, Toronto; the Seaforth Highlanders, Vancouver; the Canadian Scottish, Victoria, and the North Nova Scotia High-

landers.

The group is under Lt.-Col. R. L. Rutherford of Winnipeg, veteran of the Second World War who commands the Highland unit.

Brig. M. P. (Pat) Boyer, director general of military training at Army Headquarters in Ottawa, was on hand for the departure with Brig. Frank Fleury, commander of Eastern Quebec military area, and Col. D. F. Forbes, infantry director at Army Headquarters.

An unexpected visit to the ship was paid by Rt. Rev. Maurice Roy, Roman Catholic Archbishop of Quebec. He arrived at Wolfe's Cove dock unannounced and went aboard the Canberra to bid the troops "bon voyage".

In High Spirits

The Highland Battalion sailed in high spirits roaring their applause for tunes played by their pipe band, also aboard.

Last night a resident of Pownal said the names of the accident victims were unknown in that area.

Syria's Pro-Russian Premier Resigns

DAMASCUS, Dec. 2—(CP)—Syria's pro-Russian premier, Mar'ouf Dawlabi, and his cabinet—jailed in a military coup after one night in power—resigned Saturday, President Hachem Bey Al At-tal named a pro-army man to form a new government.

Hamid Khoja, a member of the pro-army bloc in Parliament, was designated premier. His government will be Syria's fifth in seven months.

Dawlabi, long an advocate of an Arab League-Soviet friendship alliance and an opponent of co-operation in a new Middle East command linked with the Atlantic Pact, was arrested Thursday along with his cabinet, and many members of his Populist Party and independents in Parliament.

Moscow Says Landed At Hungarian Field

LONDON, Dec. 3—(AP)—The Moscow radio said early today that Soviet fighter planes had forced an American military transport plane to land at a Hungarian airfield "several days ago."

The radio broadcast a report by Tass, official Soviet news agency, which was heard here.

The report said the American plane was forced down near the Hungarian town of Papp.

It added that the plane had "violated the Romanian state frontier in the vicinity of Mesita and then, after flying over the territory of Romania, had violated Hungarian territory in the area of the town of Gyula and tried to fly over Hungarian territory."

It was forced down by Soviet Air Force fighters "stationed in Hungary on the strength of article 22 of the (Hungarian) peace treaty," the broadcast said.

Missing Since Nov. 19

A U. S. Air Force C-47 cargo plane with four men aboard disappeared Nov. 19 on a flight from Munich to Belgrade. Air and ground parties searched for it in vain over a wide area of Yugoslavia and Italy. It was described officially as carrying diplomatic cargo to the American embassy in Belgrade.

The U. S. Embassy in Belgrade said the pilot of the D-47 had reported that his plane had been fired on by Hungarian and Romanian border guards.

Today's report by Tass claimed the plane forced down in Hungary was attached to the 85th Wing of the U. S. 12th Air Force. It charged that the plane had flown over Romania and Hungary for criminal purposes connected with the planting of spies and saboteurs there and in the Soviet Union.

The session, held in Padilla Nervo's office, concerned procedure only. The group agreed to get down to business at 10:30 a.m. (5:30 a.m. EST) Monday.

First Shipment Of Grain For Halifax

HALIFAX, Dec. 1—The first shipment of grain for the port of Halifax this season is scheduled to arrive here this weekend, J. A. Salterio, port agent, Canadian National Railways, reported here yesterday. The initial shipment of 18 carloads includes approximately 36,000 bushels.

The arrival of the shipment marks the beginning of a heavy movement of grain through Halifax this winter, said Mr. Salterio. It is expected that there will be a large increase in this traffic this season compared with that of the 1950-51 season.

It has been previously reported that 25,000,000 bushels of grain will be shipped through Maritime ports this winter and that 12,000,000 of them will be carried through the port of Saint John.

Allies Offer Islands To Reds For Concessions As Truce Talks Drag

By Robert B. Tuckman
MUNSAN, Korea, Dec. 3—(Monday)—(AP)—United Nations truce negotiators offered to swap Allied possession of strategic islands off both coasts of Red Korea for Communist concessions Sunday, but the Reds made no immediate response.

Instead, the U. N. command announced that the Reds "flatly demanded" the right to increase their military potential during an armistice by building additional airfields in North Korea.

At the same time, the Reds insisted the Allies reduce their military forces in Korea by withdrawing them, the U. N. communique said.

Negotiators scheduled another meeting at 11 a. m., today (9 p. m. Sunday EST), to discuss means of supervising an armistice. Just what "suitable adjustments"

the Allies want from the Reds in return for the unidentified Allied-held islands was not disclosed by Vice-Admiral C. Turner Joy, chief U. N. negotiator.

Joy told correspondents "The islands off the coast are a thorn in their sides. They are making a lot of it. We said we would not give them up without proper adjustments."

Asked whether the Reds showed any signs of settling outstanding differences on the truce supervision issue, Joy said: "No, they did not. I was just sowing a few seeds."

Split On Four Points

The Allied and Red negotiators split on these four major points: 1. The U. N. demand for no military build-up during an armistice.

Mr. MacNaught's Elevation To Cabinet Is Anticipated

OTTAWA, Dec. 2—(Special)—Cabinet changes possibly involving the promotion of J. Watson MacNaught, Liberal Member for Prince, from parliamentary assistant to Minister of the Crown are anticipated here prior to the opening next spring of the fifth session of the present Parliament.

Prime Minister St. Laurent has intimated to friends and colleagues for some months past, his wish to retire to private life next year, although he would remain in office longer should international relations worsen. Prior to leaving Ottawa for his home in Quebec, it is certain that the Prime Minister will resign and strengthen the cabinet to face the next general Federal election.

This realignment is expected to affect two Maritime Provinces—Prince Edward Island and Newfoundland. With the advent of younger men to cabinet council, it is believed that two of its senior members, Fisheries Minister Mayhew and State Secretary Gordon Bradley will relinquish their present posts.

Mr. Bradley would be named to the Newfoundland high court and Mr. Mayhew either to the Senate or to a post where his wide business and manufacturing experience

Liberal Approves Move To Ban Price Fixing

HALIFAX, Dec. 2—(CP)—William F. Carroll, Liberal member of Parliament for Inverness-Richmond, said Saturday that Canada's proposed ban on price fixing will "bring back the kind of free enterprise that made this country great."

Speaking at the annual meeting of the Nova Scotia Young Liberal Association, Mr. Carroll expressed the fear that Canada may already have curbed free enterprise to the extent that it will have an adverse effect on the country's progress.

"I think we have curbed free enterprise too much in this country," he said.

George Robertson, young Halifax lawyer, was elected president of the association. Other officers include: J. G. McIntyre, Glace Bay, and J. R. Kirk, Jr. Antigonish, regional vice-president; David Boudreau, Petit de Grat, Charles O'Connell, Cape Breton, and R. K. Robertson, Truro, executive members.

The fact that he had been given compassionate leave first came to light last week when Douglas How, Canadian Press correspondent, went to Meyer's home to interview his wife and discovered the General there, playing with his children.

The subject of Meyer's release was later raised in Parliament by George Drew, leader of the Opposition, when it was learned that Meyer had been released without the knowledge of the Canadian Government, there were protests and demands that Meyer be returned to Canada. There were similar objections when Meyer was transferred to Germany earlier this year.

Aside from the international aspects of the matter, Meyer's return to prison will mean resumption of English lessons for former German Field Marshal Erich Von Manstein and Albert Kesselring.

Meyer, who learned to speak English in Canada, has been in the same prison block as the Field Marshals and has been teaching them the language.
