

TOURIST INFORMATION GUIDE

Machine Duties Refund Possible

OTTAWA (CP)—Duties paid by Canadian car-parts manufacturers on imported production machinery and equipment will be refunded if the machinery and tools are not available from Canadian manufacturers in time to meet production schedules.

Industry Minister Drury said applications for tariff remissions will be considered for equipment imported after July 31, 1965.

Machinery and tools imported before that date are eligible for consideration by the adjustment assistance board if they would be first used in production of 1967 model-year car parts.

Applications On Increase

OTTAWA (CP)—Applications for resident status from back-door immigrants picked up sharply in the last week as a new government policy was advertised in foreign-language newspapers.

The immigration department said Wednesday it received 1,100 applications between July 8, when the new policy was announced in the Commons, and last Friday.

There were 1,265 applications in the last three office days of last week and 1,935 in the previous seven office days. Figures on this week's applications will be announced Friday.

Another 20,000 applications had been filed before Immigration Minister Marchand made his statement in the Commons July 8. Aliens who entered Canada irregularly by posing as visitors have until Aug. 15 to apply for immigrant status.

More than half the applications received since July 8 came from Ontario residents—a total of 1,766. There were 975 from Quebec, 235 from British Columbia, 103 from the Prairies and 21 from the Atlantic provinces.

By national origin, Greeks were the most numerous at 805. There were 577 West Indians, 359 Italians, 309 from Portugal and 251 from Eastern Europe, mostly Poland.

CRITICIZE BRITAN

GENEVA (AP)—The World Conference on Church and Society unanimously approved Monday a resolution stating that the British government has failed to find a just solution to the Rhodesia question and recommending that the issue be turned over to the United Nations.

Your Heart and summer heat

Did you know that your heart must work harder in the hot weather? What do the latest findings on air conditioners, cold drinks, loose clothing, cold showers versus tepid baths reveal about your heart? Experts now agree that you can minimize the stress of heat on your heart and, in the August Reader's Digest, they give simple rules on how you can protect your health this summer. Get your August Reader's Digest today.
