Russia May Have 25 Or More Atom Bombs

Maritimes On One Of Two Main Attack Routes To Industrial Centres.

OTTAWA, June 26 (CP)—Defence Minister Claxton said today the Russians may have 25 atomic bombs or more and there are two main routes across Canada for air attacks if war comes. Canada has about seven targets which might invite use of one of those bombs.

Those were among the facts he marshalled in an address to the Ottawa Kiwanis Club to back his statement that even if something comes of Russia's Korean peace overtures Canada must not slacken defence efforts.

The Minister reaffirmed the Cabinet's opinion that the time is

Coming Events

- Rollo Bay Picnic, Wednesday, July 18th.
- Dance Whim Road Hall Thursday, June 28th.
- St. Teresa's Tea Party, Wednesday, August 1st.

- Women's Institute District Convention, Rose Valley Hall, Thursday, June 28th. Afternoon meeting 2. Evening 8. Dr. L. W. Shaw and Mrs. Geo. Dixon, author of "Ellen's Diary" will speak at the evening meeting.

Reds Defend Buildup Area At Kumsong

(By William C. Barnard)
TOKYO, June 27—(Wednesday)—Allied forces battled forward up to four miles Tuesday in rugged Central Korea in a day-long fight with Communists stubbornly defending a buildup area at Kumsong, 29 miles north of parallel 38.

Planes attacked the Reds at low-level as they yielded heights south of Kumsong which they had won in bloody bayonet fighting two days previously.

Vicious hand-to-hand fighting broke out last night at two other points north of parallel 38 where the Reds have been reported massing for a possible offensive.

The inconclusive clashes flared on the western front northwest of Yonchon and the east-central front northeast of Yangju.

The most serious Red buildup was near Yonchon more than 35 miles north of Seoul in a sector which has been a traditional invasion route.

Reds there stalled an Allied advance Tuesday for the second straight day and appeared ready to uncork a big counter-attack.

The mounting Red ground resistance and continued show of fight by Red planes contrasted with talk in U. N. circles of a possible cease-fire.

Red planes made four attacks Tuesday on Allied fighters and bombers over Northwest Korea and one Russian-built Mig jet was shot down.

Pravda Approves Proposed Truce

MOSCOW, June 26—(AP)—Russian newspaper readers were told today that Jakob A. Malik's proposal for a Korean cease-fire has won the support of President Truman. Pravda said the Soviet people "are convinced that all possibilities exist for a peaceful settlement of the Korean question."

The Communist Party newspaper put its own stamp of approval on the plan outlined by Russia's delegate to the United Nations in a radio broadcast Saturday and, with other papers, carried a brief item on Truman's speech Monday at Tullahoma, Tenn.

"President Truman said nothing special or new on the question of the war in Korea," this item said. "However, he had to associate himself with the proposal of Soviet representative in the United Nations Malik on the peaceful settlement of the Korean question and the cessation of war activity."

(Truman did not directly mention Malik's proposal. He said the United States is interested in a "real settlement" to end aggression and bring security to the Koreans. Americans, he said, are "ready to join in a peace settlement in Korea now, as we always have been.")

Opposition To Proposed Salary Boost For Judges

OTTAWA, June 26—(CP)—A Government move to increase the salaries of judges by 20 per cent ran into opposition today in the Commons.

The Progressive Conservatives urged that the increase be deferred at least until the fall session. The C. C. F. and Social Credit Parties asked that it be dropped until better provision is made for needier groups in Canada.

Justice Minister Garson indicated the Government will attempt to get the measure through before adjournment of the current session, expected this week. Introduction of the judges' measure slowed progress.

Mr. Garson said the salary increase would represent the rendering of "justice" to the judges of Canada, who have received only one increase since 1920. Their salaries with the new increase would be 60 per cent higher than in 1920. Salaries of other workers,

Minesweeper To Visit Here Next Week

HALIFAX, June 26—(CP)—The Canadian minesweeper Wallaceburg will visit Charlottetown July 2-4 to take part in the city's "Festive Week" celebrations, the navy announced today.

The shore base Stadacona's navy band also will attend. Wallaceburg personnel will form part of an armed force parade and will enter a track and field meet and a rifle shoot.

Outlines Proposed Dental Treatment Plan To Grade 7

A proposed plan for free dental treatment for school children up to grade 7 was outlined by Dr. B. O'Meara, Director of the Dental Division of Public Health and Welfare in this Province, as he spoke briefly to a public meeting at Hertz Hall last evening.

The plan, which has not been officially approved as yet, requests that parents of grade one pupils have their children's dental work done at their own expense, and from then until they reach grade 7 the work would be done free of charge by the dental division.

Dr. O'Meara acted as chairman for the meeting which had as guest speaker Mrs. Helen Marsh of the Information Services at Ottawa, and Dr. Hugh McLaren of the Dental Division of National Health and Welfare, Ottawa.

Dr. P. S. Fielding, Deputy Minister of Health and Welfare opened the evening as he reviewed briefly Dr. O'Meara's training and background and then introduced him to the audience.

Mrs. Marsh chose "Public Health Education" as her subject and spoke of the preventative measures taken for most serious illnesses which are readily adopted by the general public. She suggested that prevention of dental decay should be in the same category.

"Tooth decay is one of the most prevalent diseases of man" said Dr. McLaren as he opened his address, and stated that partial preventative measures are the eliminating as far as possible of

Mortgage Loans Show Increase

OTTAWA, June 26—(CP)—Mortgage loans approved by lending institutions in 1950 were one-third more than the previous year, Central Mortgage and Housing Corporation said today in its annual review of mortgage lending.

The 1950 total was 76,000 loans amounting to \$521,000,000. In 1949, there were 62,000 approved loans valued at \$394,000,000.

The survey showed that at the end of 1950, lending institutions had outlined \$1,300,000,000 in loans on real estate. That was almost double the 1949 figure.

Main part of the increase between 1949 and 1950, the report said, was accounted for by lending on new houses for owner occupancy. Mortgage loans on new homes rose to \$257,000,000 from \$169,000,000.

New Dairy Products Act Is Approved In Commons

OTTAWA, June 26—(CP)—The Commons today approved a new Dairy Products Act revamping Federal control over dairy products and their substitutes moving inter-provincially or for import or export.

Agriculture Minister Gardiner explained that the measure was necessitated by the decision of the Privy Council that the Federal Government had no authority to regulate dairy products or substitutes within a Province. For that reason those sections of the Dairy Act dealing with supervision within a Province were being dropped.

Replying to questions, Mr. Gardiner said the Government retains the power to prohibit the importation of butter substitutes, such as margarine, which had been the subject of the case taken to the Privy Council.

But this prohibition only applied insofar as attempts were made to move such substitutes from one Province to another or to import or export them from Canada.

Quebec and Prince Edward Island already had moved to pro-

Military Action Seen Possible As Situation Nears Explosion Point

LONDON, June 26—(AP)—The Royal Navy ordered the cruiser Mauritius to Abadan today to protect British lives in the Iranian oil row.

At the same time the British-owned Anglo-Iranian Oil Company, whose oil fields and refinery at Abadan are threatened with seizure under Premier Mohammed Mossadegh's nationalization law, ordered all its tankers to pull out of the Iranian refinery port at once—presumably to avoid being involved in any trouble.

Canada Has Trade Deficit

OTTAWA, June 25—(CP)—Canada continued to roll up new gains in her foreign trade in May but a growing habit of buying more from the world than she sold pitched her again into a deficit—the fifth this year.

Exports to the United States and all other countries climbed to \$327,000,000, a gain of \$37,400,000 from \$289,600,000 in May last year. The Bureau of Statistics reported in a preliminary statement today.

Imports, however, soared to \$407,000,000, up \$117,200,000 from \$290,200,000, making for a commodity trade deficit of \$80,400,000.

In a total five-month trade valued at about \$3,000,000,000, the unfavorable balance run to about \$300,000,000—about 20 times higher than the \$14,300,000 deficit in the same period last year.

Canada normally is a surplus-earning country, selling more to the world than she buys.

This year, however, she is in the midst of unprecedented industrial expansion, resulting in huge purchases of machinery and equipment from the United States and other countries. In addition, she is placing multi-million-dollar orders in the U. S. for defence equipment.

Maritime Optometrists Elect New Officers

SAINT JOHN, N. B., June 26—(CP)—J. R. Anderson, New Glasgow, N. S., was elected president of the Maritime Optometrical Association today at the final session of the annual convention. He succeeded Eli Boyaner, Saint John.

Other officers are vice-president G. C. Campbell, Woodstock, N. B.; secretary-treasurer Miss Ruth Stoddard, Truro, N. S. The next annual meeting will be held at Amherst, N. S.

The optometrists approved a resolution emphasizing the need of more extensive visual examination for motorists in general. Proposed tests include accuracy in vision, co-ordination, depth perception and color vision.

British Increase Funds Emigrants May Take Here

LONDON, June 26—(CP)—Britain announced today she has decided to loosen up on the amount of sterling British emigrants may take to Canada.

2. Emigrants will be allowed to buy in Britain such things as tools of trade. The Canadian Government will allow such effects to be brought into Canada duty free.

The concessions apply to emigrants already in Canada as well as to persons settling there in future.

The provision concerning purchase of tools of trade means that for four years of their residence in Canada emigrants who left funds in Britain might decide to use them to buy some item which was cheaper in Britain than in Canada. Under the new regulations they will be free to do so providing the choice is approved by customs authorities.

A Treasury spokesman said the effect will be to provide an additional allowance to emigrants without placing too great a strain on Britain's limited supply of Canadian dollars.

Report Fire Threat To Nfld. Town Has Ended

ST. JOHN'S, Nfld., June 26—(CP)—A fire which broke out in Springdale Sunday had veered away tonight and left the northern Hall's Bay lumbering town of 800 people out of danger.

Momentary fears that the village might be threatened by the flames yesterday abated and the motor vessel Codroy, called to stand by for possible evacuation, continued on her route. This was taken to mean that any threat to Springdale had ended.

Before being halted by rain early today, the forest fire had burned an area of ten by 20 miles in scrub and cutover timber. A report from Springdale tonight

Commercial Travellers Meet At Halifax

HALIFAX, June 26—(CP)—More than 60 delegates from Vancouver eastward met here today for the annual three-day joint conference of the Commercial Travellers' Association of Canada and the Canadian Passenger Association.

George W. Wilson, president of the Association's Maritime Branch, and Mayor Gordon Kinley of Halifax extended a hearty welcome to the "Knights of the Grip."

A. A. Gardner, Montreal, general passenger traffic manager, Canadian National Railways, replied to the welcoming addresses.

The travellers conducted business meetings today and will hold joint sessions with the Passenger Association tomorrow. Premier Angus L. Macdonald will address the delegates at a banquet tomorrow night.
