

# SORRY FOLKS!

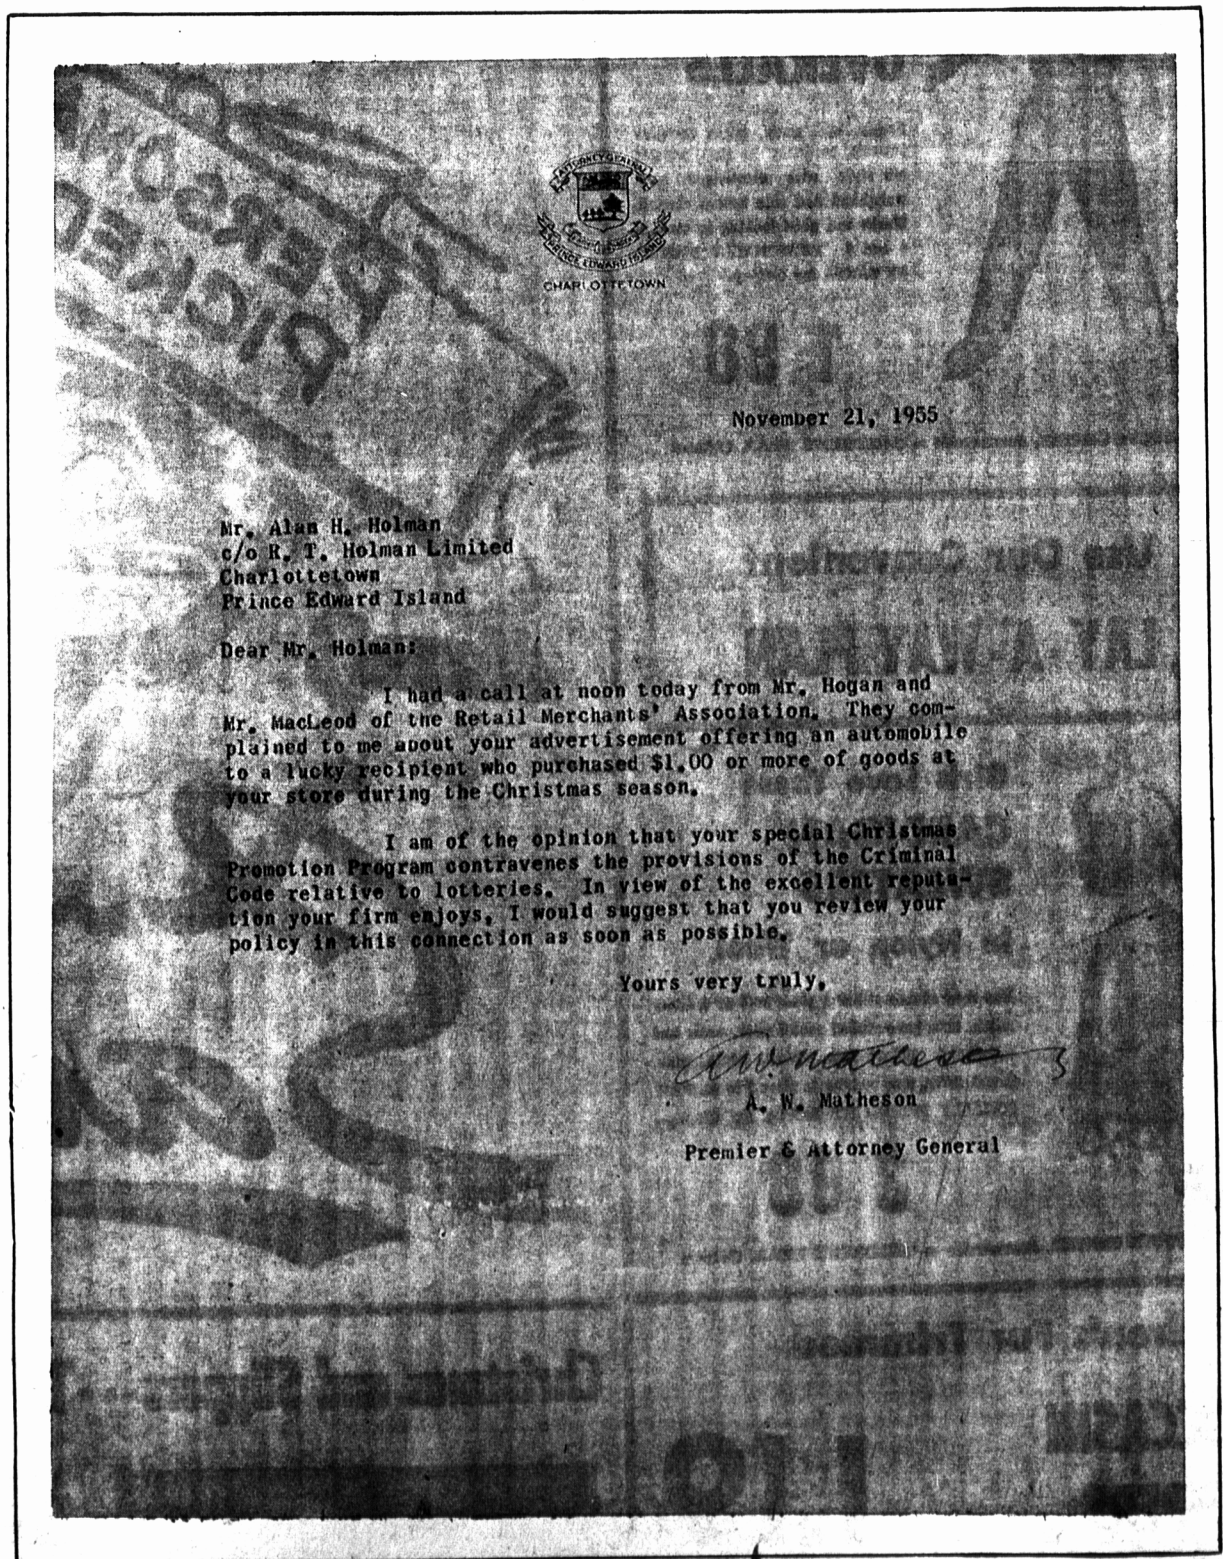

## WE WANTED To GIVE Someone A Big New 1956 Meteor "Niagara" Car As A FREE Christmas Present.....

### BUT We MUST WITHDRAW This Gift For The Reason Outlined In The Letter Reproduced Here \_\_\_\_\_

For ninety Eight years HOLMAN'S have supplied the wants of the people of Prince Edward Island without knowingly breaking the law.

Before making this offer of a free 1956 Meteor Niagara car, we made an honest effort through counsel to find out whether this gift to you was legal. We were advised that it was. We were surprised to receive information from our Attorney General that it was NOT. To the many thousands of customers who have deposited ballots on the car, and to the many who had planned to do so, we tender our very sincere regrets that we cannot continue this offer and that it must be withdrawn in order to comply with the law.

In all our ninety eight years of dealing with the public we have earnestly attempted to give honest value for every dollar spent in our store, but if any of our customers feel that they were induced to buy merchandise that they would not otherwise have purchased due to this contest, Holman's will cheerfully accept the return of this merchandise and refund the purchase price accordingly.
