

THE WESTERN GUARDIAN

PRINCE COUNTY OFFICE
3 Summer Street, Summerside. Phone 8031.
New Subscriptions, Advertising Representatives
GEORGE CLOW and GEORGE WOTTON
House Phones: 8032 and 8033.

The Guardian may be bought at any of the following stores in Summerside:
Bell Bookstore, Summer Street; Gourlies Drugstore, 21 Central Street;

—NOW BUYING cleaned Tim-
othy Seed. Priced. E.
W. Johnstone, Burlington.

—KENSINGTON Community
Meeting will be held at Mrs.
Clara Clark's, Friday, September
12th. Important business to be dis-
cussed.

—HOLD MEETING — The
monthly council meeting of the
C.C.F. party was held last evening
at the home of Mr. Harry Prid-
ham, Montrose. A report of the
delegate to the national convention
of the C.C.F. party held at Toron-
to in August was presented.

—TRUCK ACCIDENT — Last
evening a one-half ton truck be-
longing to a resident of Tignish
was damaged near Alberton when the
driver was applied very suddenly
to avoid a parked truck about half
way down the hill. The truck
had stopped to assist a stalled car
coming up the hill. No one was
injured and after being pulled out
by a tractor the truck proceeded
to Tignish with only minor dam-
age.

—DEATH FROM EPILEPSY —
On Saturday morning Bernice Mc-
Innis, age 23, was found dead in
bed at his home in Tignish. Dr. W.
A. Shea, coroner was called and
the body was removed to Charlot-
teton where an autopsy was
performed. Dr. Shaw. It was
found that death was caused by
suffocation due to an epileptic
seizure. No inquest will be held. He
is a son of Mrs. John McInnis and
besides his mother is survived by
three brothers and two sisters. The
funeral takes place today at St.
Ignace and St. Jude Church Tig-
nish.

—CAB ACCIDENT — An ac-
cident about 9 p. m. last evening
at the corner of Granville and
Plymouth Streets in Summerside
badly damaged two cars from
Bedeque area and sent one of the
drivers, Ian MacFarlane, to
hospital suffering from what was
believed to be shock and minor in-
juries. The other driver, John A.
Lecky, was shaken up and less
slightly injured and did not re-
quire hospital treatment. The ac-
cident occurred when a late model
Monarch proceeding west on Fitz-
roy Street and driven by Ian Mac-
Farlane, Bedeque, was in a collision
with a newer model Plymouth
driven by John A. Lecky, of North
Bedeque, which was proceeding
south on Granville Street. —S.

Summerside Council
Holds Monthly Meeting

The regular monthly meeting of
the Summerside Town Council
was held last evening in the coun-
cil chamber with Mayor Henry W.
Wedge presiding and all Councillors
present except Councillors
Sheen and Morrison.
John Cameron, acting Town
Clerk, read the minutes of the
previous meeting, and under new
business correspondence regarding
an area of land west of the town.
This land has a shore frontage on
a very fine sandy beach and is lo-
cated between two tracts of land
presently owned by the town.
In the discussion which fol-
lowed, several interesting uses were
suggested for future development
of the land in an area which is
owned by the town. They included
suggestions for the possible de-
velopment of a park, picnic and
bathing, and forest nursery centre.
It was suggested that a road
would eventually be opened up a-
round the shore point in this area.
After discussion, the acting
Town Clerk was instructed to for-
ward a deposit of \$200 as a hold-
ing payment on this property. In
the absence of Councillor Morri-
son who is out of the Province
a resolution was passed for the
finance committee to be asked to
be placed on the board of
Trustees towards the salary of Mrs.
Robert Dewar for her work in the
Summerside Tourist Bureau at
Read's Corner.
Councillor Driscoll for the light
and power committee introduced
a resolution which was approved
and which will grant the supply of
electrical energy for the lighting
and operation of the town clock on
the old post office.

Alberton Council
Holds Meeting

The September meeting of Alber-
ton Town Council was held in the
court house last evening with May-
or C. R. Profit presiding and
Councillors Profit, Corbett, Currie
and Matthews in attendance. Bills
amounting to \$100.05 were present-
ed and ordered paid, and two bills
held over from the last meeting
amounting to \$65.00 were also or-
dered paid.
A resolution passed by Alberton
branch of the Canadian Legion
was read requesting that the town
council take immediate action to
improve the fire-fighting equip-
ment and that the equipment be
checked and that the truck and
pumper be started every day. Fol-
lowing considerable discussion it
was decided to call a meeting of a
committee from the fire brigade,
the fire committee of the town
council and a committee from Al-
berton branch of the Canadian Leg-
ion, meeting to be held in the
court house Friday evening, Sep-
tember 12th, to consider necessary
action.
It was moved, seconded and car-
ried that Mr. William Albert be ap-
pointed town policeman for one
month.

Fire Destroys
Summer Cottage

Yesterday afternoon fire of un-
certain origin completely destroyed
the summer cottage and contents
of Mr. H. T. Holman at MacCal-
lum's Point in the Lower Bedeque
area.
The men of the district battled
the blaze which threatened to
spread to the nearby cottage of Mr.
Eric Woodside, and succeeded in
preventing the fire from reaching
Mr. Woodside's property. —S.

Enmore and
Vicinity

—The many friends of Mr. Roy
Strangman, Port Hill, regret to
hear of his illness and hope that
he may soon be restored to his
usual good health.
Mr. Connie MacArthur, youngest
son of Mr. and Mrs. Burns MacAr-
thur, has joined the Air Force
and will soon leave for Manning
Depot, Quebec, where he will re-
ceive his basic training.
A largely attended shower was
held at the home of Mr. and Mrs.
George W. Robinson on Monday
night, September 1st in honor of
their granddaughter and her hus-
band, Mr. and Mrs. Ensor Oatway,
who were recently married in Tor-
onto, Ont.

Flower Show
For Alberton

—A flower show is being planned
for Alberton and is scheduled for
Thursday afternoon in the Rebe-
kah Hall. Should the weather prove
unfavorable it will be held on
Friday. Plans are being made by
a committee comprised of Miss
Shirley McArthur, Mrs. J. C. Mat-
thews, Mrs. Gordon Hardy and
Miss Margaret Forsythe, Mrs. A.
Robert Wallis and Mrs. J. R. McMahon
have kindly consented to act as
judges.
There will be classes for cut
flowers and potted plants and it
is hoped there will be a large
number of entries. No entry fees
will be charged and awards of
prizes will be given instead of
prizes. It is requested that all
entries be in place one hour be-
fore the show begins at half-past
two.
The show will continue for two
hours and during that time after-
noon tea will be served. Flower
lovers are enthusiastic about Al-
berton's first flower show and
endeavour to repeat it on a larger
scale next season if this one proves
successful. —B.

Bellevue Escape

Continued from page 1
The four went over the wall at
the Don Jail at daybreak after un-
locking their cells and sawing
their way out of a death row cell-
block.
T. M. Gourlay, Chief Inspector
of reform institutions, said he is
convinced the break was an inside
job. He revealed that, along with
the four fugitives, one guard is
being sought.
The man was unaccounted for
this morning when all guards
were ordered to report for ques-
tioning. There was no answer at
the man's home.
The faces of the four hunted
men flashed on 50,000 television
screens across southern Ontario
and part of northern New York
state a few hours after the break
was discovered at 7 a. m.
TV station CBLT in Toronto,
due to be officially opened, tonight
went on the air ahead of time to
televise pictures of the fugitives
at intervals throughout the after-
noon. It was the first time in
Canadian history television had
helped police in a manhunt.
Best-looking of the quartet was
suave Steve Suchan, 24-year-old
former violinist. A scar over the
left eye kept 29-year-old Leonard
Jackson, one-time hardresser,
from being handsome.
Yet they were probably the
most desperate. Both were captured
in separate gunfights with police
in Montreal last spring and
charged with murder in the shoot-
ing here March 7 of Det.-Sgt. Ed-
mund Tong.
William Jackson, 27, convicted
bank robber who has been serving
a penitentiary term, was back
here to testify at the trial of the
other. He has the name "Eleanor"
tattooed on his right forearm.
For three of the men, Boyd and
the two Jacksons, it was the sec-
ond successful break from the Don
Jail in less than a year. They
broke out last November.
William Jackson later was ar-
rested in Montreal following com-
plaints he was brandishing a gun
in a restaurant.
Police captured Boyd, 37, early
March 15 in a luxurious apartment
he and his wife had rented in
North-Central Toronto. Sixty
policemen with drawn guns took
him into custody without firing a shot.
One police theory is that \$28,000
stolen Friday from a west-end
branch of The Dominion Bank has
been used to finance the flight of
the four and to enable them to
hide out until their trail grows
cold.
Mayor Allan Lamport, who hur-
ried back 50 miles from his sum-
mer cottage at Lake Simcoe, said
he will call for an investigation of
the jail administration.
"It has cost the citizens of this
province more than \$1,000,000 and
the life of a good police officer to
put these four men behind bars,"
he said. "Now that is all wasted
and we are right back where we
started."

Alberton and Vicinity

Dr. Alan MacLeod, Sheet Har-
bour, N.S., visited friends in Al-
berton on Friday last.
Mr. Benjamin Profit, Alberton,
returned to his home Monday after-
noon after being a patient in the
Western Hospital for a few
days.
—Mr. and Mrs. Harold Coggins
and Mrs. Murray Chute of Borden
returned to Alberton on Monday
evening after a number of friends
there. They also visited Mrs.
Chute's nephew and niece, Mr.
and Mrs. George Wilkinson, at
Springfield West.

Speaks At S'side
Rotary Meeting

Speaking on the part played by
navigation in mapping out North
America, P. L. Eric Lee of the Sum-
merside R.C.A.P. Station, yester-
day at the regular dinner meeting
of the Rotary Club gave a most
interesting talk on navigation.
The meeting was presided over
by President Alan Holman and
guests at the meeting included
Major T. H. E. Inman and Alex-
ander Campbell of Summerside; J.
C. Campbell of Charlottetown;
A. C. Woodwar, Mansfield, Mass.;
and Rotarians Bill Collins, Taun-
ton, Mass., and Neeman A. Mac-
Lellan, Charlottetown. —S.

R.C.M.P. Rescue
S'side Men
In Harbor

Mr. Gerard Richards, Summ-
erside, and Corporal R. L. Jones of
the R. C. A. P. station, had a nar-
row escape from drowning on
Sunday afternoon when the sail
boat in which they had been sail-
ing in the harbor capsized on the
southern side of Holman's Island.
For seven hours during the after-
noon with a high wind blowing,
they clung to the boat. Mr. Rich-
ards was able to swim, but since
Corporal Jones could not, they
stayed together.
Although they continued to
shout for help their cries were not
heard.
Late in the afternoon a passerby
on the shore saw the overturned
boat and contacted the R. C. M. P.
in Summerside.
Sgt. P. L. Keyes accompanied by
Constables Grover and Lesh went
to the scene in a boat operated by
the finance committee. The men were
rescued and rushed to the Prince
County Hospital where they were
given medical aid. Both were re-
leased yesterday morning. —S.

Strike Oil In
S. W. Manitoba

WASKADA, Man., Sept. 8 —(CP)
—A wildcat well near here today
was unofficially reported to have
"blown in" with oil during the
week-end and started oil fever
raging in this southwestern Mani-
toba town.
The strike was reported made
on the farm of E. A. McGregor,
4 1/2 miles southwest of here.
The well is 2 1/2 miles north of
the international boundary and
24 miles east of the Saskatche-
wan border.
District oil men say the well
will produce 200 barrels a day of
"an excellent grade with little
water."
Town officials said bids up to
\$5,000 for oil rights on a quarter-
section of land have been offered
farmers in the district. Some
farmers were reported to have
sold their rights on a quarter-
section for \$4,000.
The well was drilled by the
California Standard Company, the
same firm which developed the
Virdean Field, about 50 miles
northwest of here.
ALWAYS ACTIVE
The cougar, largest of the cat
family in Canada, unlike the bear
does not hibernate.
Cormack said it was particularly
annoying to businessmen whose
places of operation were near
railway crossings.
Operation of the new street
sweeper was not as satisfactory
as expected, Councillor Storey
said, and the operator had been
given two weeks in which to be-
come fully acquainted with the
machine. The number of manual
sweepers had been reduced to
four.
Councillor Storey also expres-
sed disapproval of the cuts made
in new streets, especially those
on Weymouth street where he
said there were five cuts. He
thought the costs of such cuts
should be billed to the people
responsible for having them made
as it was difficult to restore the
streets to the same level and
efficiency as before.
Dust Nuisance
On the matter of the dust
nuisance he suggested that re-
sidents might plant grass to kill
the dust in front of their homes,
and at the same time recom-
mended that the city purchase
another carload of oil to help in
controlling it.
The Council members also
agreed to the naming of the new
street from North River Road,
connecting with Crestwood Drive,
as Lansdowne Avenue.
The report of Dr. Wendall Mac-
Donald, City Health Officer,
stated that there were only two
cases of polio reported in this
city so far this year.
It was the feeling of the meet-
ing that any heavy machinery,
not rubber tired, should be barred
from the use of the streets.
It was felt that bulldozers and
other heavy equipment, not only
damaged the street surfaces, but
also was responsible for the
breaking of many manhole cov-
ers.

It was felt that bulldozers and
other heavy equipment, not only
damaged the street surfaces, but
also was responsible for the
breaking of many manhole cov-
ers.

Strike Oil In
S. W. Manitoba

WASKADA, Man., Sept. 8 —(CP)
—A wildcat well near here today
was unofficially reported to have
"blown in" with oil during the
week-end and started oil fever
raging in this southwestern Mani-
toba town.
The strike was reported made
on the farm of E. A. McGregor,
4 1/2 miles southwest of here.
The well is 2 1/2 miles north of
the international boundary and
24 miles east of the Saskatche-
wan border.
District oil men say the well
will produce 200 barrels a day of
"an excellent grade with little
water."
Town officials said bids up to
\$5,000 for oil rights on a quarter-
section of land have been offered
farmers in the district. Some
farmers were reported to have
sold their rights on a quarter-
section for \$4,000.
The well was drilled by the
California Standard Company, the
same firm which developed the
Virdean Field, about 50 miles
northwest of here.
ALWAYS ACTIVE
The cougar, largest of the cat
family in Canada, unlike the bear
does not hibernate.
Cormack said it was particularly
annoying to businessmen whose
places of operation were near
railway crossings.
Operation of the new street
sweeper was not as satisfactory
as expected, Councillor Storey
said, and the operator had been
given two weeks in which to be-
come fully acquainted with the
machine. The number of manual
sweepers had been reduced to
four.
Councillor Storey also expres-
sed disapproval of the cuts made
in new streets, especially those
on Weymouth street where he
said there were five cuts. He
thought the costs of such cuts
should be billed to the people
responsible for having them made
as it was difficult to restore the
streets to the same level and
efficiency as before.
Dust Nuisance
On the matter of the dust
nuisance he suggested that re-
sidents might plant grass to kill
the dust in front of their homes,
and at the same time recom-
mended that the city purchase
another carload of oil to help in
controlling it.
The Council members also
agreed to the naming of the new
street from North River Road,
connecting with Crestwood Drive,
as Lansdowne Avenue.
The report of Dr. Wendall Mac-
Donald, City Health Officer,
stated that there were only two
cases of polio reported in this
city so far this year.
It was the feeling of the meet-
ing that any heavy machinery,
not rubber tired, should be barred
from the use of the streets.
It was felt that bulldozers and
other heavy equipment, not only
damaged the street surfaces, but
also was responsible for the
breaking of many manhole cov-
ers.
