Local and Other Items.

THE PHILHARMONIC SOCIETY will meet this evening at their hall.

THE QUESTION OF THE HOUR.—Where are you going on the Queen's Birthday?

BANK NOTICE.—The different banks in this city will be closed on Saturday next.

ALL RIGHT.—The steamer Princess of Wales was inspected to-day. She will sail for Pictou at the usual hour to-morrow morning.

WANTED—At this office copies of THE DAILY EXAMINER of February 4th and April 4th and 5th. Also, copies of THE WEEKLY EXAMINER of April 5, 1889.

HILLSBOUGH PARK is receiving some much needed attention at the hands of the committee in charge thereof. The mound in the centre is being planted with ornamental trees, new walks are being laid out, and the grass plots are to be protected by a wire fence. Let the good work continue.

WATERING THE STREETS.—The watering cart was out this afternoon sprinkling the streets for the first time this season. We understand that the Commissioners have decided to allow the carter to take water from ten hydrants to be indicated by the Chief Engineer of the Fire Department.

MADE HIM WEARY.—Gripsack tells of "an enterprising merchant in P. E. Island who went to look at a traveler's samples the other day and fell asleep in the sample room." We have a strong suspicion that the merchant referred to belongs to Summerside.

SETTLED.—The Halifax papers say it is understood that the Mosher-Curry case has been settled, Curry paying to Mosher a sum of money and thus compromising the matter. This is the now famous Windsor elopement case, in which Mosher sued Curry for $25,000 for alienation of his wife's affections.

ALL FOR LOVE.—A Cheboygan, Mich., despatch says: Mary Ann Gallagher, aged 23, went into the woods on her father's farm, lighted a pile of brush, lay down in the flames and was burned to a crisp. The reason assigned for the deed is that her parents objected to her receiving the attentions of a young man whom they disliked.

REPEAL VOTE.—The latest returns show that the majorities for repeal of the Scott Act in Ontario were larger than first reported. In the large county of Middlesex, where the act was carried with a majority of 3,338 in a total vote of 8,112, the repeal majority was 2,539 in a total vote of 8,322. The total vote in the county is in the vicinity of 20,000.

THE TORNADO AGAIN.—A tornado swept the northern portion of Texas on Friday afternoon, and did great damage to the crops. At Forestburg, Montague County, a school house was blown down; two children were killed and many hurt. Three of the scholars are missing. Telegraph and telephone communication have been cut off, and there are fears that greater loss of life occurred.

MARYFIELD NURSERY.—No more pleasant place to pass an hour or two can be imagined than the Nursery of Mr. Henry C. Jordan, situated at "Maryfield," on the Malpeque Road, about a mile north of the city. Mr. Jordan returned last December from a visit to his native place (St. Petersburg), and brought from that famous city specimens of wheat and other cereals, and also a choice selection of apple, pear and plum trees, specially adapted to the climate of this Province. While on the grounds recently, we were shown a plum tree landed here on the 18th December last, and covered with blossoms on the 18th of this present month. Who can beat this?

Personal.

Mr. J. A. Leaman, of Truro, arrived here last evening to purchase poultry for the Halifax market. He is at the Davies.

The Emperor of Austria has paid Crown Prince Rudolph's debts, amounting to £480,000. If the Emperor has any money left he may call around this way.

The Shah is shrewd. His Majesty of Persia goes first to Russia and secures an immense reception, and thus ensures himself a cordial welcome and a royal residence in England.

The Rev. T. DeWitt Talmage recently played the banjo for the amusement of a Brooklyn reporter. It is not recorded that the music was accompanied with a song and dance.

Mr. Gladstone has accepted an invitation to visit Sir William Harcourt at New Forest, during Whitsun week, and afterward to take a yachting trip on the Devonshire and Cornwall coasts.

Chas. W. Drake, of Middleboro', Mass., has a Masonic diploma that was issued to James Coggshall in 1701 from Norfolk Lodge I, of Norfolk, Va., the Lodge of which George Washington was a member.

Jefferson Davies has written a reply to Gen. Wolseley's criticism of his inertia in the civil war. He claims that the Edglishman's charges are not founded on fact, and that he did all in his power to strengthen and support the Southern confederacy.

Princess Victoria Kauilani, eventually heiress to the throne of Hawaii, is going to England in June next with a small suite for the purpose of finishing her education. She is about 14, and is expected to remain in England for a couple of years.

Mr. Joseph H. McNeill will arrive home this evening with the remains of his wife, who died at Denver, Colorado, on the 14th inst. Funeral from his father's residence, to-morrow, Wednesday, May 22nd, at 3 o'clock, p. m., to the Peoples' Cemetery.

Sister St. Robert, for several years past chief teacher in St. Ann's Convent, left for Montreal this morning. We regret very much to learn that the change is made necessary because of failing health. Since Sister St. Robert became connected with St. Ann's Convent she has done much good work in the matter of educating and otherwise improving the condition of many of the poor children of the parish, and her departure in the midst of a career of usefulness is greatly to be regretted.

Speaking of his father's physical recreations, Mr. Herbert Gladstone says: "He used to be chiefly fond of rowing, riding and shooting, but during the last twenty or twenty-five years, he has had to give up these forms of exercise, and, as is well known, to confine himself mainly to cutting down trees, which he does habitually. He also was a great walker, and not more than fifteen years ago he walked thirty-five miles over the hills in Scotland. In my opinion, he is still good for a twenty-five mile tramp. He always attached the greatest importance to physical recreations, and he lost no opportunity of encouraging us in them. He has proved their benefits, and I think is not a bad specimen of their value. But it was only in manly sports and games, in rational recreations, that he stimulated and led us.

TROUBLE IN NEWFOUNDLAND.

French & Newfoundland Fishermen

WRANGLING ABOUT THEIR RIGHTS.

The Worst Feared.

HALIFAX, N. S., May 20.

Private letters from Bay St. George represent that the relations between Newfoundland and French fishermen on the disputed French shore are reaching a crisis. The commander of the British warship Lily issued a proclamation to the effect that he would not permit Newfoundland fishermen to set their nets to catch herring, and if they did so he would confiscate the nets. An indignation meeting was held and strong language used. The proclamation, which was posted up in public places, was quickly torn down by the infuriated people. St. George's Bay is a great herring fishing ground. Some 2,000 people there live almost entirely by catching herring and exporting them to Canada. The French are given "concurrent rights", by treaty to that part of Newfoundland, but claim exclusive jurisdiction; and now that they cannot get bait in other portions of Newfoundland they are exerting their claims of exclusiveness over Bay St. George and supplying themselves with bait there. This prevents the British inhabitants from getting fish, which would, of course, interfere with the French, and a British war snip is there to prevent any interference. One writer says it is a question of bread for his children, and if necessary he will use his rifle to enforce his rights. They must either do that or abandon that part of the British Empire to France. The herring spawn this week, and the writer predicts bloodshed.

Nothing Being Done.

WASHINGTON, May 20.

Inquiry at the Department of State as to the report from Ottawa that a British war vessel is to be sent to Behring Sea to investigate seizures of illegal sealers elicited the fact that nothing had been done by this government in the matter since the issue of the President's proclamation which distinctly notified all nations of the intention of the United States to protect Seal and fish life from depredations. At present the only Government vessels in Alaska waters are Revenue cutters, but they will soon be re-inforced by the man-of-war Thetis.

Fishery Intelligence Bureau.

OTTAWA, May 20.

In accordance with Commander Gordon's recommendation, the Minister of Fisheries has decided to establish at once a fishery intelligence bureau at Halifax, which for the present season will be under the management of the clerk in the office of the Board of Examiners of Masters and Mates.

Geological Survey.

OTTAWA, May 20.

The geological survey in the Maritime Provinces this season will be carried on as effectually as usual. Dr. Baily and Mr. McInnis will continue their survey of Temascouata and Madawaska. Mr. Chalmers will make a surface survey in Southern New Brunswick, and Messrs. Fletcher and Faribault in Pictou and Halifax.

Professor Alexander's Successor.

HALIFAX, May 20.

Archibald McMahan, a graduate of Toronto University, has been appointed Professor of English Literature in Dalhousie College vice Alexander, who has accepted a professorship in Toronto University.

Staff-Sergt. Wallack's Funeral.

QUEBEC, May 20.

Tne burial of Staff-Sergt. Wallack took place this afternoon. The funeral procession was about the same as that for Major Short. The body was taken to the Methodist Church and thence to Mount Vernon.

Traffic Receipts.

MONTREAL, May 20.

The return of traffic earnings on the C. P. R., for the week ending May 14th, is $238,000, being an increase of $16,000 over the receipts of the corresponding week last year.

The Proposal Rejected.

LONDON, May 20.

The House of Lords, by 108 to 23, to-day rejected the proposal made by Earl Heath to allow women to sit in county councils.

A Valuable Brick.

HALIFAX, May 20.

A five thousand dollar brick of gold was crushed from 211 tons of quartz at the Malega mines last week.

Ask For Ayer's

Sarsaparilla, and be sure you get it, when you want the best blood-purifier.

With its forty years of unexampled success in the cure of Blood Diseases, you can make no mistake in preferring Ayer's

Sarsaparilla

to any other. The fore-runner of modern blood medicines, Ayer's Sarsaparilla is still the most popular, being in greater demand than all others combined.

"Ayer's Sarsaparilla is selling faster than ever before. I never hesitate to recommend it."—George W. Whitman, Druggist, Albany, Ind.

"I am safe in saying that my sales of Ayer's Sarsaparilla far excel those of any other, and it gives thorough satisfaction."—L. H. Bush, Des Moines, Iowa.

"Ayer's Sarsaparilla and Ayer's Pills are the best selling medicines in my store. I can recommend them conscientiously."—C. Bickhaus, Pharmacist, Roseland, Ill.

"We have sold Ayer's Sarsaparilla here for over thirty years and always recommend it when asked to name the best blood-purifier."—W. T. McLean, Druggist, Augusta, Ohio.

"I have sold your medicines for the last seventeen years, and always keep them in stock, as they are staples. 'There is nothing so good for the youthful blood' as Ayer's Sarsaparilla."—R. L. Parker, Fox Lake, Wis.

"Ayer's Sarsaparilla gives the best satisfaction of any medicine I have in stock. I recommend it, or, as the Doctors say, 'I prescribe it over the counter.' It never fails to meet the cases for which I recommend it, even where the doctors' prescriptions have been of no avail."—C. F. Calhoun, Monmouth, Kansas.
