

THE DAILY EXAMINER.

OCTOBER 8, 1895. THE NEW TIME TABLE.

The EXAMINER stated yesterday that the close connection between the S. S. Northumberland and the Tignish train, existing throughout the past summer, is now lost at Summerside. This was an error. The train which leaves Charlottetown at 3.15, standard, will proceed to Tignish after the arrival of the steamer, and will carry forward the mails and passengers for the West. There will be a long delay at Moncton. But once in this Province there will be dispatch. The mail train for the West will reach Tignish at 10.35 p.m., standard, and the mail train from the East will reach Charlottetown at 6.45 p.m., standard, proceeding next morning to Souris and Georgetown. On the other hand, persons at Tignish and all points westward may leave home in the morning, do business in Charlottetown for about three hours and return the same evening; and persons at Souris and Georgetown may do the same thing. We regret that provision is not made for a daily return service forward westward. This, as we have pointed out, might be attained by the morning train leaving Summerside an hour earlier than it does, and the afternoon train from Tignish two hours later. It will be observed that the main features of the recent summer time table have been retained.

Mails brought by the C. P. R. to Moncton will not arrive this evening, as the steamer will leave Point du Chene just before their arrival. But we understand that the post office authorities have directed that all the mails for the Island that can be obtained shall be forwarded by the St. John express. These will include the mails from New York and Boston, and will come to hand this evening.

NOTE AND COMMENTS.

Potatoes are so plentiful and so unprofitable at ruling prices in North Dakota that a farmer of Grand Forks has announced that he will not dig the large quantities he has, and he has invited his neighbors to help themselves and take all they care to for the trouble of digging, and carrying them away. What a pity! he says, it will be left to rot on the ground. It is this plentifulness that makes the price of potatoes so low in the market.

The new cable up the Amazon, running westerly from Para to Manaus, a distance of 1,200 miles, will aid in the opening up of a vast area of the valley of the greatest of South America rivers. Though the cable is to run but half way across northern Brazil, or to the point where the Rio Negro unites with the Amazon, Manaus it will go as far as it can yet be made useful; for there is hardly any cultivated ground between the Rio Negro and the western boundary of the country. The Indian element yet predominate along the whole length of the valley, but commerce is increasing as the resources of the region are developed. The yellow fever from which the seaboard cities are hardly ever free, does not often go far inland. There are already about 12,000 miles of telegraph line in Brazil. The incidence of the Amazon justifies the construction of the new cable line.

There are rumors in Europe of another Chinese loan, say \$100,000,000, to be guaranteed like its predecessor, by Russia, but this is wholly unfounded by France, which would therefore, if it incurred risks, make sure of handsome commissions. No confirmation of the rumor is as yet forthcoming, but it is not regarded in high financial circles as improbable. Russia ought to be grateful enough to France to throw all the commissions possible in her way, for French investments in Russian enterprises and Government bonds are rapidly increasing. Europe to foot up the enormous total of \$1,500,000,000. France is enormously wealthy, and always has immense sums she is holding for investments. Just at present her cordial relations with Russia prepossess her financiers to follow her political sympathies, a circumstance that the shrewd diplomatists of St. Petersburg bear in mind.

The Week remarks that "if certain statements said to have been made by Hon. J. H. Turner, Premier of British Columbia, who has just returned from England, are correctly reported it is highly desirable that immediate action should be taken by Canada and the United States to bring about an authoritative survey and final settlement of the boundary between British Columbia and Alaska. Mr. Turner is reported to have said that American maps have been issued in which a large block of territory, which belongs to British North America by treaty stipulation with Russia in 1825, is set down as a part of Alaska. If such a question really exists or if such a claim is really being made, the sooner an investigation takes place the better. Delays are dangerous in such matters. We know nothing of the character of the territory in question, but it would be unwise to assume that it is unfit for settlement, and should it become, in the meantime, settled by American citizens believing it to be American territory, the situation might soon become difficult and complicated to a dangerous degree.

Commercial reports from the United States indicate little, if any, change in general business during the week just passed. Fine and settled weather has improved trade in several lines, and increased the outlook for a good fall trade. In spite of the upward tendency for some time past in values, prices of merchandise, as a rule, are lower than a year ago, though advances have been considerable in cotton goods, boots and shoes, steel and iron, and a few other lines. No advance of consequence occurred in wool, and food products are generally cheaper. Drought from recent frost and storm is inconspicuous. Mercantile collections are reported as improving, especially in the South. The commercial failures are 207 in the United States, compared with 219 a year ago, and 49 in Canada, against 41 for the corresponding week last year.

The Newfoundland revenue, according to a St. John's despatch, is not so great as was hoped, and may fall 30 per cent. below the estimate by the time the end of the fiscal year is reached. The island government expects to lift itself out of its difficulties by means of the loan, but a loan can only give a government in its position a temporary relief. It does not increase the revenue, while it does add to the expenditure by the amount of the interest charge. Newfoundland was hardly hit last year by get well again in a few months.

DOMINION FINANCES.

Rapidly Assuming Their Former Satisfactory Condition—Deficit of Last Year was Half a Million Less Than Mr. Foster Estimated.

The statements of revenue and expenditure for the fiscal year ended 30th June last, and for the first three months of the current fiscal year are extremely gratifying and show that the financial position of the Dominion is fast assuming what has been its normal condition under Conservative rule—that is, the receipts on account of consolidated fund show a surplus over the expenditure. With respect to the past fiscal year, the figures show that the receipts for the year has been about half a million dollars better than what Mr. Foster estimated when he made his budget speech last session. He then estimated the deficit for the year at \$4,500,000. The actual figures show it to have been \$4,079,532.

The statement of the public debt at the close of the fiscal year shows the gross debt to have been \$317,922,117 as compared with \$308,348,024 in 1893-94; the assets \$64,922,644 as against \$62,164,394, and the net debt \$252,999,473 as against \$246,183,029, showing an increase in the net debt during the year of \$6,816,444. The expenditure on capital account during the year was \$4,310,838 as compared with \$5,094,003, showing a decrease of \$783,165 made up as follows: Public works, including railways and Canals, show a decrease of \$784,533; Dominion lands a decrease of \$49,296, and railway subsidies, an increase of \$80,664.

Turning to the current fiscal year, the improvement is very noticeable, every item of revenue during the first quarter ended 30th September showing an increase, while expenditure, both on capital account and on account of consolidated revenue, shows a considerable decrease. The following statement for the first three months in the fiscal year 1894-95 and 1895-6 shows where the increases have taken place:

Table with columns for Revenue and Expenditure for 30th Sept., 30th Sept., 1894-95, and 1895-6. Includes items like Customs, Excise, Post Office, Public works, etc.

Most Contemptible, Indeed

The trick which some dealers have of charging a high price for wine on the strength of an imposing label, has been found out. The public know better now. The Bordeaux Claret Co., have been educating the public lately to the knowledge that a good wine, having age, and a serious reputation, is not to be had for just half the price which has been asked for wines in every way inferior. Think of a dozen quarts of a sound, old Claret, or Burgundy, or Sauterne for \$3. and \$4. The Bordeaux Claret Company have been educating the public to this point in a way that a good wine, healthful to the system, may be within the reach of all. The result of this most incredible cheapness has been that orders are pouring in from all parts of the country. Address—Bordeaux Claret Co., 39 Hospital St., Montreal. Oct. 8 10 12 & wky.

NEWS NOTES.

Arthur A. Albee, on trial at Plymouth, R. I., for the murder of Collin A. Leaman, has been acquitted. A Miss Kerr, of Kilmarnock, Scotland, met death under peculiar circumstances recently. While arranging flowers a string hung round her neck. She pulled out the string and applied ammonia. Notwithstanding these precautions her neck and face swelled, and breathing became difficult. Fainting supervened, and the young lady passed away within fifteen minutes. The newly launched American liner St. Paul has made 20.57 knots an hour on her trial trip of four hours' run and is reported to have speed more effort and more money to get up to the British shipbuilder's standard of swiftness. The entire last edition of the Searchlight, a Poughkeepsie, N. Y., temperance paper, had to be consigned to the flames on account of a very distressing error. The sheet is known as 'W. W. Smith for Secretary of State on the Prohibition ticket, and was publishing a notice at the head of its most prominent column coming from the W. W. Smith Campaign Club. When the paper was printed the words in big letters read: 'W. W. Smith Campaign Club.'

LOTS OF HEAT, BUT NO FIRE.

The best system of keeping warm is to keep up the natural heat of the body, the warmth resulting from sitting over a fire is not nearly so grateful. Now Filre Chamois is a perfect warm water heater because it keeps out the cold and wind, and keeps in the natural heat. A whole ton of it wouldn't make you warm if you sat near and looked at it, but one layer through a coat, vest or jacket makes an absolute protection from bitter winds and raw air, and thus sustains the natural temperature of the system. It does not literally give heat, but it produces perfect warmth and comfort, because it keeps out all cold.

Japanese chinaware and Holland bulbs are now the attractions at Carter's Bookstore.

Real Estate—We call special attention to the auction sale of the Dominion House, Great George Street, which takes place to-morrow (Wednesday) at 12 o'clock, noon, on the premises, which of the best hotel properties for sale in the city on easy terms—R. Bearsto, Auctioneer.

I find he people around here prefer Dr. Chase's Kidney and Bladder Pills and I have in stock. There is a wonderful pill. Send 3 dozen at once, I am nearly out. P. S.—Send by post, J. W. Ireland, Gourcock.

LETTERS TO THE EDITOR.

STOP ALL THE NUISANCES.

Sir,—Some weeks ago the Board of Health and Council House particularly showed a great deal of zeal in closing up sewers emptying into the drain on Richmond St., West. Yesterday the city men were busily engaged clearing out the sewer on Grafton St., which empties into the drain near the outlet of the Richmond St. drain. Now if the Board of Health want to prevent nuisances, why is not this filthy sewer closed up. Yesterday when it was opened the sight was sickening. Yet we find the city men seem to have trouble of repairing it when it becomes stopped up. What is the reason some sewers are closed up and worse ones allowed to remain open?

THE EASTERN QUESTION AGAIN.

The New York Herald's London cable says: With the reported cession of Port Arthur to Russia, which, however, has since been semi-officially denied from St. Petersburg, the eastern question has suddenly come to the front again and is now the leading subject of discussion in London's political circles and chief organs of the press. The prevalent opinion is that the readjustment of European influence in the east and China's future are matters the settlement of which cannot further be delayed. The British papers are anticipating that Japan will not be induced to evacuate the Liao Tung peninsula without the possibility of friction with Russia. On this point Mr. Kato, the Japanese Minister to England, says: "There need be no mystery as to our delay in evacuating the peninsula. The Japanese are simply waiting for the first payments stipulated by the treaty of Shimousaki. When these payments are made the Japanese troops will be withdrawn." Mr. Kato said he did not believe the report that Port Arthur had been ceded to Russia. He continued: "Japan was forced to yield Port Arthur on the plea that her persevering occupation of it would harm Eastern trade. Therefore, I cannot see how Japan could take possession of the place and avoid the application of the same argument to her own pretension." "It was asked, 'Russia would be the Japanese outlet to Korea.' Korea is 'Very threatening,' was his Excellency's reply, 'with Russian troops at Vladivostok, on the one hand and Port Arthur on the other, but if this would be threatening to Japan, it would, in my opinion, be even more so to China.'

GENERAL TELEGRAPHIC NEWS.

CORNING, N. Y., Oct. 6.—The record breaking train on the Lackawanna road, which left East Buffalo on Saturday morning made 199 miles from Buffalo to Bangor in 173 minutes. DUBLIN, Oct. 6.—The anniversary of the death of Charles Stewart Parnell, the Irish leader, was observed here to-day in the customary manner. Speeches were made by leading politicians. A large number of political bodies and others marched in procession to Glasnevin cemetery, and placed wreaths on the grave. The procession was two miles long.

LOUISVILLE, Oct. 6.—While a large crowd of about 5,000 people were attending the laying of the corner stone of the new St. Mary's Catholic Church this morning the people to stand on during the service, which was held in the morning, were precipitating 300 men, women and children into the pit. Many scrambled over the fallen, which resulted in many being injured. The correct count shows, one child trampled to death, 11 fatally and 12 seriously injured. The priests succeeded in quieting the disorderly and excited crowd. The contractors are said to be responsible, as poor timber was used for the support of the platform. The town tonight is in deep mourning over the accident.

PERSONAL.

George F. Owen, Secretary of the King's Country Exhibition Association, is visiting the city. Rev. E. T. Woolard, of Georgetown, is reported to be in the city. Hunter and Crosby, the evangelists, are to visit Charlottetown next summer. D. B. Macdonald, of St. John, one of the best known travellers on this circuit, is reported to be in the city. Sir Julian Pancofere is reported to have been greatly pleased with what he saw at Ottawa. Mr. and Mrs. Thomas Martin, of Southport, were passengers to St. John's, Nfld., in the Bonavista morning, Oct. 10th. M. A. S. Hewett, and Miss Maie Coady of Charlottetown, registered at the Halifax Hotel, Halifax, on Saturday. Rev. T. F. Fullerton returned last evening from St. John. He preached in Calvin Church on Sunday. The Misses Murphy, of Charlottetown, are visiting St. John. They were registered at the Dufferin on the 6th. Rev. T. A. Corbett is now visiting in P. E. Island. His health is improving, and he will soon be able to enter again upon his labors at South Richmond, N. B.—Truro News.

I am instructed by Mr. H. B. Smith to sell by Auction at the premises on Wednesday, 8th October, Inst., at 12 o'clock, noon, sharp, the premises lately occupied by him, known as the Dominion House, situated on the west side of Great George Street, being one of the best hotel properties for sale in the city, having a frontage of 70 feet on Great George Street and extending back 100 feet, with large two story house and excellent stables and outbuilding, all in good repair. Terms, \$400 down at sale and the balance in five years with interest at 6 per cent.

Don't Drink Rubbish

in the Tea you use. A great deal of stuff sold as Tea is simply that. Pay a fair price, buy from a dealer who knows his business. We buy for cash, sell for cash, buy low, sell low, because we know our business. STERLING VALUE—OUR 24c TEA SANDERSON & CO., CASH GROCERS. Victoria Row, Charlottetown, P. E. I. Oct 1

An important discovery has been made in Havana, nothing less than the secret design of Spain, England and Mexico for forming an alliance to take Texas and Florida and seize the Nicaragua Canal. A week ago Italy was included in the plan, but appears to have dropped out; probably because Crispi and the Havana editor did not agree as to which should have Texas or Florida. Texas is not yet settled from the tone of Texas exchanges. It would just like to see the alliance try it, that is all.

These Invariably Win With Us,

In the race for Bread and Butter. Attention to business. Purity of Drugs sold. Accuracy in preparation of same. Neatness in execution. Despatch assured. We give them first place. They will do the same for us.

A. W. REDDIN, Phm. B., Central Drug Store, NORTH SIDE OF QUEEN SQUARE.

Quebec Steamship Company. "CAMPANA."

Try it, if you want something that will tickle your palate.

BEER & GOFF.

Charlottetown, October 3, 1895 - 246

TELEGRAPHIC.

SPECIAL DESPATCHES TO THE EXAMINER.

A "Tarte" Morsel for O. Lario Grits.

MONTREAL, Oct. 8. The scruples of the Ontario Grits have vanished, and at last Tarte is permitted to accompany Mr. Laurier to the sister provinces. The Liberal papers officially announce that Tarte has been invited by the Liberal leaders of Ontario to address a series of public meetings in that province, beginning Oct. 17th.

Francio-Canadian Treaty.

OTTAWA, Oct. 8. Premier Bowell received a cable message from the High Commissioner yesterday announcing that ratifications of the Franco-Canadian treaty have been exchanged, and that a proclamation would be issued in a few days declaring treaty to be in effect.

The Kaffir Fever.

CHICAGO, Oct. 8. This city bids fair to be attacked by the Kaffir fever, the disease now playing havoc with London financiers. The American Investment and Mining Company will try to float its stock in America.

The Vacant Portfolio.

OTTAWA, Oct. 8. Rumors are in circulation that the Provincial Secretary Pelletier will be offered the vacant Federal portfolio. But nothing definite has transpired.

Death of a Well-Known Halliganier.

HALIFAX, Oct. 8. John R. Wilson, late Secretary of the Academy of Music, and a well-known man, is dead.

The Sugar Market.

MONTREAL, Oct. 8. The sugar market continues very strong and active, and prices were again advanced yesterday.

REAL MERIT is the characteristic of Hood's Sarsaparilla.

It cures even after other preparations fail. Get Hood's and ONLY HOOD'S. Fresh buckwheat and Graham flour just received at Bear and Goffs—2.

Self Praise is Half Scandal!

Sometimes, when in a meditative mood, we build castles in the air like other fellows. But never have we reached the point which prompted a ridiculous statement to the effect that OUR FUR GOODS are the only perfect goods on this Island. Nor have we thought all other merchants DISHONEST but ourselves.

WE ARE NOT INFALLIBLE, but we are the men who introduced and stood by the only square way of doing business, and that is the ONE PRICE SYSTEM.

We don't offer a lady a Greenland Wool Seal Cape, marked \$37.00, for \$32.00. We offer just as good for \$31.25, and stick to it. Our \$31.25 Capes are sold at \$31.25. We sell all Fur Goods close on cost, mark them right and sell them right, thus dealing honestly by the people.

READ ON AND PROFIT!

25 Pairs Scotch, English and Canadian Blankets, slightly soiled, all samples, and cannot be repeated at the prices we are offering them for.—James Paton & Co.

Two Dozen Men's Navy Blue Flannel Shirts, only 60 cents, worth one-third more. No discounts.

Three and a half dozen Men's All-wool Grey Flannel Shirts, worth from \$1.05 to \$1.55. Our one price, 85 cents and \$1.24. No discounts.

20 dozen All-wool fine quality Underclothing, worth \$1.35 a suit. Our one low price system, only 96 cents a suit.—James Paton & Co.

Girls' Heavy All-wool Hose, winter weight, 18 and 20 cents.—James Paton & Co.

Heavy Ulster Cloth, just the thing for Children, 56 inches wide. No better goods any where at \$1.35. Our price to clear, 62 cents.—James Paton & Co.

Five dozen Men's Seamless (Heavy) Ribbed Socks. Our one price, 20c.—Paton & Co.

Flannelettes, cheapest in the city. Grey Flannel at 6 cents a yard.

JAMES PATON & CO.

Fresh buckwheat and Graham flour just received at Bear and Goffs—2.

The Shoe that's envied!

A good shoe is a good friend—to the man who wears it—to the dealer who sells it. But a good shoe is a bad enemy to the dealer who can't get the right to sell it, and dares not tell his customers so. We are local agents for THE SLATER SHOE, which is the best shoe for men we know of.

We are the only firm in this city which can buy these shoes WHOLESALE, and with the knowledge and consent of the makers. Other shoemen want them so badly that they get their friends to purchase from us "on the quiet" a few individual pairs, at full retail price, in order to put them in their windows for show. But these firms can't buy the Genuine Slater Shoes to sell again—they buy them to keep them and talk against them. We buy ours wholesale from the manufacturers, so we can afford to sell them retail. We keep every size, width and shape in stock, so that we can fit any man, no matter what kind of feet he is addicted to.

Ours are The Genuine "Slater Shoes," stamped on the sole \$3.00, \$4.00, \$5.00 per pair.

Now don't you think it must be a pretty good shoe that's envied like this? Perhaps you should see these shoes that shoemen want so badly. We are the only people who have the right to show them to you.
