Grateful—Comforting.

Epps's Cocoa.

BREAKFAST—SUPPER.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the properties of well-selected Cacoa, Mr. Epps has provided for our breakfast and supper a delicately flavored beverage whico may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified by pure blood and a properly nourished frame."—Civil Service Gazette.

Made simply with boiling water or milk. Sold only in packets, by Grocers, labelled thus,

PRICE 25 CTS. THE DODDS MED. CO. LTD. TORONTO.

NO MORE SCIATICA.

Valentine Fisher is Cured of His Troubles to have no return—He is doing a flourishing Fruit Tree Business.

COLLINGWOOD, Sept. 10.—About a year ago, a telegraphic despatch from here told how Valentine Fisher, who had suffered for years from sciatica, and who was so crippled with the disease as to be unable to wory and was generally thought at death's door, was cured by Dodd's Kidney Pills. That the story was no fiction was known by all citizens of this place. That the cure is a permanent one is now just as generally known, for since his recovery, Mr. Fisher has been hard at work selling fruit trees for Chase Bros., of Rochester, N. Y., and has travelled the whole of this section for this firm with most gratifying success.

LONDON, Sept. 14.—The Cunard liner, Capt. McKay, which sailed from New York Sept. 8, has broken the Campania's eastward record by nearly two hours. She passed Brow Head at 1.05 o'clock this morning. In order to equal the Campania's record of five days ten hours and forty-seven minutes she must pass Dunts Head at 5.57 a. m., Sept. 14. Allowing three hours for the run from Brow Head, she should reach Dunts Rock at 4.05 a. m., thus beating the Campania's time by one hour and fifty-two minutes.

Picuilar To Isself.

Hood's Sarsaparilla is peculiar to itself, in a strictly medicinal sense, in three important particulars, viz: first, in the combination of remedial agents used; second, in the proportion in which they are mixed; third, in the process by which the active curative properties of the preparation are secured. These three important points make Hood's Sarsaparilla peculiar in its medicinal merit, as it accomplishes cures hitherto unknown.

But it is not what we say but what Hood's Sarsaparella does, that tells the story. What Hood's Sarsaparilla has done for others is reason for confidence that it is the medicine for you.

Why spend $1 for a bottle of medicine for a complaint when one box of Beecham' pills costing only 25 cents, will cure nearly all known diseases? This is because constipation is the cause of nearly all ailments and Beecham's pills cure constipation. A valuable book of knowledge mailed free, on request, by B. F. Allen & Co., 365 Canal St. New York.

The liquidation of Baring Brothers, the London bankers, will yield a surplus of $2,500,000 instead of a deficit.

If you got waterproofing in rubber, you *run the risk of a vapor bath, without the* mitigation of a breach of air. If you get a thin veneer which just covers the cloth, there will be a cracking and a disintergation, and, finally, a wretched seediness of aspect which makes shipwreck of faith in water proofed goods But when it is stated that Priestley's Cravenettes cannot be distinguished from the same goods not waterproofed, the bare fact indicated an immense advance in the perfecting of waterproofing. Ask for Priestley's Cravenette and look for the Priestley trade mark, "The Varnished Board.

Four more French Warships are to be sent to reinforce the fleet in the Indian and Chinese waters.

OTTAWA, February 21st.

Messrs. Putner Emulsion Co., of Halifax N. S., Gentlemen—I have been troubled with weakness of the lungs and general debility during the past two years, so much so as to cause me considerable anxiety, and hearing that your Emulsion was highly recommended by the medical and other reliable authorities, I concluded to give it a fair trial. I have taken about seven of your fifty-cent bottles, and now find that my general health is much improved, my lungs and chest are a great deal stronger, and I have increased in weight twelve pounds, and feel pleased to be able to thus testify to the merits of your excellent Emulsion, which I can heartily recommend to all who are similarly afflicted. R. T. Allan, next door to MacCrrthy's drug store, Ottawa. ......

In Great Britain, after a seven years agitation, it is now provided that a person may take any plain card of the proper size, write a letter upon it, affix a halfpenny adhesive stamp and have it transmitted through the post. This is commonsense, and a similar postal regulation would fit well in Canada.

For Over Fifty Years.

AN OLD AND WELL TRIED REMEDY.—Mrs. Winsloe's Soothing Syrup has beed used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays the pain, cures the colic, and is the best remedy for Diarrhœa. Is pleasnt to the taste. Sold by Druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winsloe's Soothing Syrup, and take no other kind.—m. w. f. wkly—1 y

The Washington treasury department officials who examined the Wilson bill for the Senate committee discovered over 400 errors in it. It has been found, now that the bill has become a law, that some errors of consequence escaped even the vigilance of the treasury department.

–With invalids! Yes, with invalids the appetite is capricious and needs coaking. That is just the reason they improve so rapidly under Scott's Emulsion, which is as palatable as cream.

Men who rise to any particular eminence are apt to be the victims of scandal, engendered in many instances by jealousy, and in many by their own conduct. But this is not always the case. A contemporary says that the worst charge ever brought against Russell Sage is that he steadfastly refuses to pay more than four dollars for a five dollar pair of trousers.

Segar Coated and easy to take—Hawker's liver pills.

SOUTHAMPTON, Sept. 13.—Rear Admiral William A. Kirkland, who has succeeded Rear Admiral Henry Erban in command of the European station, hoisted his flag to-day on board the United States cruiser Chicago, which saluted in the usual manner. The salute of the rear admiral's flag from the United States cruiser was taken up by the British cruiser Australia, coastguard ship in Southampton waters. The compliment was returned with another salute from the Chicago.

Mechanics, Laborers, Train Men, Farm hands should never be witnout Pond's Extract. Invaluable in case of accidents, for cuts, burns, wounds, strains, broken limbs, etc.

FALL RIVER, Mass., Sept. 13.—The Textile Amalgamation held an adjourned meeting this evening to receive from the manufacturers an answer to their request for a conference, but no answer was received. Many of the manufacturers are out of town and those here claim there is nothing to confer about. The situation was discussed for two hours and the Amalgamation finally voted to recommend to the different unions that all operatives remain away from the mills in case an attempt is made to start any of them under a reduction in wages. This was done on the ground that the manufactures can afford to pay the old rate of wages under the present condition of the market.

Some surprising effects have been recorded from the use of Miller's Emulsion of Cod Liver Oil in the most desperate cases of consumption. Miller's Emulsion is "the kind that cures" colds, coughs bronchitis and lung diseases generally. Every bottle warranted. No oily taste like others. In big bottles, 50c. and $1.00, at druggists. ......

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhœa and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
DR. J. F. KINCHELOE, Conway, Ar

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
UNITED HOSPITAL AND DISPENSARY, Boston, Mass.
ALLEN C. SMITH, *Pres.*,

CHEESE WISDOM.

It is becoming well understood that it is the fat in the food that has the most value in the nutrition of animals of all kinds, and thus it becomes an interesting matter closely related to the making and eating of cheese, for cheese is essentially a food rich in fat, and more so as the fatty bodies in cheese are considerably increased by the curing, in which process some of the portein matters are changed into fatty substances that have a most important value of nutrition. So the dairyman should have a clear understanding of cheese in both these relations and make as much as he can of it for his own use and more for sale, and all interested in the welfare of this great interest and that of the community as well should do all that may be possible to encourage the maki ngof the widest variety of cheese and the large sale and use of it.

For domestic use as well as for sale there are many kinds of small cheeses that may be made of both full and skinned milk with advantage to those who have the milk. In European countries, where cheese forms a more frequent article of diet than meat, there are considerably more than a hundred varieties of this kind of cheese made, of such sizes as may be eaten at one meal by a family or one hungry person. And as we consider this subject it should be with the knowledge that one pound of cheese has far more nutriment in it than a pound of meat. There is no waste, as of bone, in it, as there is in meat, and it is more digestible, and at the same time it acts as an aid to the digestion of other food. As compared with the best beef free from bones and other waste, a full milk cheese has 2,070 unites of nutritive value against 1,210 in a sirloin steak while a skim-milk cheese has 1,165 units, thus showing that even at the same price skim milk cheese is of considerably more value than the best of beef, taking into account the amount of useless matter in the beef. In addition, the cheese, containing as it does the still existing influence of the rennet in it, and this being a digestive agent, even a skim milk cheese well cured will be not only intrinsically more nutritious than the best part of beef, but indirectly by its effect on the digestion of other food it will have a considerable additional value. This is something for the farmer to think about, and especially for those who are employed wholly or even in part in the dairy, for how enormous a quantity of skim milk goes to waste every day that might be turned to good use as food in the form of cheese!

The Lancashire cotton trade does not seem to be in a very cheerful state, if one is to judge from some figures published by the president of the Manchester Statistical society, who has made a careful study of the returns of over 100 Oldham cotton spinning companies. In the last half 65 companies paid no dividend; the other 36 paid a sum equal to less than 2 per cent. per annum on the share capital of the whole. Forty-one showed a total profit carried forward of £52,900, and 52 an adverse balance of £344,609, or an adverse balance on the whole of £291,609. Nevertheless the operatives, who have a very strong and wealthy union, doggedly oppose every movement towards reduced wages, and the masters only obtained a very small reduction more than a year ago after a strike of several weeks, which caused immense losses to both masters and men, about 20,000 people being affected. The cotton trade is one of the most important industries of Great Britain, and a deadlock in it means the disorganization of many allied trades. Evidently the mill owners cannot go on working at a loss, and the operatives cling fast to their principle that a reduction of wages is no remedy for depressed trade.

How to Get a Sunlight Picture.

Send 25 "Sunlight soap wrappers (wrappers bearing the words "why does a woman look old sooner than a man") to Levev Bros., Ltd., 43 Scott St., Toronto, and you will receive by post a pretty picture free from advertising, and well worth framing. This is an easy way to decorate your home. The soap is the best in the market and it will only cost 1 c. postage to send in the wrappers, if you leave the ends open. Write your address carefully.

LADIES' COLLEGE,

Owens Art Institution and Conservatory of Music.

The Fall Term of the 40th Year Begins Aug. 30th, 1894.

Courses of study are provided, extending from the primary branches through the whole University curriculum to the degree of B. A. The staff consists of 18 teachers, in addition to the University Professoriate. Piano, Pipe Organ, Violin, Vocal Culture, Harmony, Elocution, Physical Culture, Shorthand, Typewriting, Book-keeping and Commercial Courses are all taught after the latest and most approved methods.

The Owens Art Institution, which, with its magnificent gallery, has been transferred to the Ladies' College, is still in charge of Prof. Hammond, R. C. A., an exhibitor in the Paris Salon, the Royal Academy, London, etc.

The Conservatory of Music employs eight instructors, at the head of whom is an experienced teacher from the staff of the N. Y. College of Music, who has studied in Berlin under Von Bulow and Joseffy. After four years' successful study under some of the greatest masters in Germany, Mr. C. L. Chisholm returns to take charge of the Violin department.

Vocal Culture is taught by an accomplished Swedish vocalist, who is a graduate of the Munich Conservatory.

Every care is taken to make the school a refined Christian home, where lady-like manners and nobility of character shall be cultivated.
