

Refugees Flow From China Poses Problem In Hong Kong

HONG KONG (Reuters)—Officials of this British Crown colony are continuing their desperate efforts to halt the flood of illegal migrants from food-short Communist China.

Hong Kong officials have imposed a stringent news blackout on the situation but usually reliable sources reported that the Chinese border-crossers included Communist soldiers and militia men.

British army units were called in this week to help expanded police patrols catch and deport the illegal entrants, an official estimated at hundreds daily in what may be the worst border-crossing outbreak in 12 years. The troops and police operate in a 100-mile security area in the colony's new territories area on the mainland.

Garuba troops guard the Chinese while they wait for trucks to take them back to Red China's border checkpoints for repatriation. Most of the world-be-

refugees give China's food shortage as the reason for their flight.

They add that the Communists have relaxed their previous restrictions on people wanting to leave China.

Hong Kong officials are saying privately that they may believe the Peking regime is trying to embarrass the British by pushing out "useless mouths."

However, some feel two factors indicate a recent change in Peking's policy—the number of Hong Kong-bound Chinese who have arrived with exit papers and the number who have managed to cross the new territories border without Communist guards shooting at them.

Hong Kong officials say the colony's primary duty is to the 2,500,000 people already living here. If the colony is swamped by a flood of refugees, they say, the living standards of those here first must fall.

N.B. Liquor Regulations Provide For Sunday Sale

By JOHN MOSHER
FREDERICTON (CP)—Regulations under New Brunswick's new Liquor Control Act include provisions for sale on Sundays of beer and wine in restaurants and beer and liquor in hotel dining rooms.

The regulations set the Sunday hours at 1 p.m. to 3 p.m. and 6 p.m. to 8 p.m. On all other days the hours for these license holders will be 11 a.m. to 10:30 p.m.

Hours stipulated for other outlets: Beer taverns, Monday to Saturday, 11 a.m. to 6:15 p.m. and 7:30 p.m. to 10:15 p.m.; clubs and lounges, beer and other liquor 11 a.m. to midnight Monday to Friday and 11 a.m. to 11:30 p.m. Saturday. No hours were specified for sales at military canteens.

"Tolerance" periods for finishing drinks after closing hours were set at 30 minutes, excepting 15 minutes after the taverns' first closing time of 6:15 p.m.

Application and annual license fees, respectively, will be \$50 and \$200 for taverns; \$50 and \$100 for restaurants; \$25 to \$100 for clubs according to the size of membership; \$25 and \$100 for military canteens. In addition, all license holders must pay to the New Brunswick liquor control commission five per cent of the purchase price of all beer and 10 per cent of the purchase price of all other liquor.

CUT LICENSE COST
A brewer's annual license will cost not less than \$1,000 nor more than \$1,000 as may be fixed by the commission. Waiters will pay an annual license fee of \$1.50.

The regulations also include these provisions: No person may be the guest of the same club more than 12 times in any one calendar year; bars with stools or seats are prohibited except in lounges while stalls or booths in other outlets may not be more than 40 inches high.

The new liquor control legislation, enacted last fall subject to proclamation, replaces the Intoxicating Liquor Act of 1927 which restricted legal sale to the bottle at government stores.

Numerous clubs, however, have been privileged to serve liquor, but regulations announced Friday indicated a lengthy procedure before approval of license applications, including investigation of the applicants and premises.

The act prescribes strict health and sanitation requirements. Liquor may not be served to intoxicated or "near intoxicated" persons and they will not be allowed on licensed premises. Overcrowding and disorderly conduct must be prevented.

Special Fund Is Suggested To Aid Farmers

MONTREAL (CP)—The government should set up a special fund to reimburse farmers for domestic animals killed by hunters, the Quebec Farmers' Association and the Quebec Federation of Fish and Game Associations have suggested.

The two groups presented a joint brief recently to Gerard Levesque, Quebec's minister of game and fisheries, saying that measures should be taken to safeguard the rights of property-owners and assure them of protection against annoyance and actual danger from hunters.

\$50 for military canteens. In addition, all license holders must pay to the New Brunswick liquor control commission five per cent of the purchase price of all beer and 10 per cent of the purchase price of all other liquor.
