LETTERS TO THE EDITOR.

The "Free Corn" Vote.

SIR,—A good deal was said last year
about the way our representatives at Ot-
tawa sacrificed the interests of us farmers
by voting to have the duty of 73 cents per
bushels taken off corn. Every farmer
knows if that were done it would drive our
oats entirely out of the markets of Nova
Scotia and New Brunswick. It is a fact
that of late years nearly all of our oats has
been marketed there. No other market
would, after paying charges, leave shippers
as much to represent the price the farmer
is to receive. The market of sixty million
people in the United States, which the
Grits and those favoring unrestricted recip-
rocity (which is now known as the short
road to annexation) hold up for our admi-
ration, would not leave us twenty cents per
bushel after paying all expenses. This
"home market" in the provinces fulfils, to
that extent, the promises and expectations
of the promoters and supporters of the
National Policy when they came before us
in 1878.

What do we now find? The six gentle-
men we farmers were so unfortunate as to
send to Ottawa to represent our interests,
voted last year in favor of the removal
of the duty on corn. One gave as his reason
"that he did not want to tax the meal of
the poor fishermen of Nova Scotia;" while
another said he "wanted the cattle-feeders
of Ontario to get corn in free;" but not
one of these six gentlemen raised his voice
on behalf of us poor and struggling farmers
of P. E. I., whose votes gave him a seat in
parliament. Not a whisper about depriving
us of the only market in which there is a
chance of us getting a paying price for
our oats, on which the poor farmers of this
province so much depend. We did not
send these gentlemen to Ottawa to represent
the people of Nova Scotia or Ontario in
whose behalf alone they spoke. Nor yet did
we send them to represent the interests of
the Yankee farmer to whom they endeavored
to hand over our market for his "free corn,"
although he taxes us with a heavy duty on our
potatoes. No, Mr. Editor, they were sent to
Parliament to represent our interests, but
they have most shamefully neglected to do so.
We appear to have let their vote of last
year go by too easily for these gentlemen
have again recorded their votes in favor of
"Free Yankee corn for feeding cattle for
export." I wish some one would inform
me what we want of "free corn" for feed-
ing, when we cannot afford to feed the
oats we grow ourselves, much less sell
them at about twenty-four cents per
bushel (as we would have to do this year
were it not for the duty on "Yankee
corn") and buy corn.
I notice one Ontario man who spoke the
other day during the debate on removing
the duty on corn, said "I am satisfied
however of one thing, that if corn is allowed
to be brought in free, as the honorable
gentleman's resolution aims to do, it will
largely reduce the price of our coarse
grains in the East for feeding purposes;"
further on he said, speaking of Ontario
and the price of rye: "It would make a
difference of 15 cents against the farmers
in our part of the country."
Fault has been found with "L. H. Davies"
for neglecting his Parliamentary duties by
staying here to try to beat Hon. D. Fer-
guson. That certainly was a useless
expenditure of time, as Mr. Ferguson has
been returned notwithstanding Mr.
Davies' efforts to defeat him, but even
that were better than being in his place
in Parliament with Dr. McIntyre, Dr.
Robertson, Mr. Perry and Mr. Welsh voting
against the best interests of our poor farmers
who were such fools as to send these men to
Ottawa. Mr. Yeo appears to have some
little sense of the injustice of this "Free
Corn" vote to our farmers, as his name does
not appear on the division, but I believe
he voted for it last year, and as he did not
place his name on record against this in-
iquitous resolution this year, we must hold
him equally guilty with the others.

The electors of this Province must now see
that the men who are supposed to re-
present the interests of this Province on
the floors of Parliament, are so blinded by
their love of Party, that they cannot vote
for their own benefit if it is not in accord with
"Grit" doctrine and approved by their
"Grit" Leaders. The people are seeing
thro' the shallow and short-sighted policy
of our "political Doctors," and when they
again come to look for our support (if they
ever will have the cheek to do so) they must
be prepared to justify their votes in favor
of "Free Corn" by some more convincing
argument than the contemptible assertion
that they want to give us farmers a chance
to get corn to feed cattle for export. This
may suit Ontario stock-feeders, but the
"Home market" is what suits us, and we
must teach our representatives it is their
first duty to study our interests, and after
that is done will be quite time enough to
legislate for the "Ontario" and "Yankee"
Farmer.

I have much more to say on this impor-
tant subject, but must for the present con-
clude, and remain
Yours,
PLOURBOY.
Cardigan, Feb. 11, 1890.

A Winter Trip.

Mr. T. L. Chappelle, writing to THE
EXAMINER from Taunton, Mass., says:
A trip by the SS. Halifax at this season
of the year is not always a luxury. She
left Halifax on time (10 o'clock) Wednes-
day, 5th inst., but when two miles down
the harbor Capt. Hill decided to cast
anchor on account of a furious gale. We
lay fast until 8.30 p. m., when the trip was
resumed, and did not reach Boston until 9
o'clock Friday morning—19 hours behind
time. The sail up Boston Harbor is inter-
esting, especially when you have a party
competent to show the various points. I
will only now speak of several. It is not
generally known that there is situated here
a small plot of land named Apple Island,
between Fort Winthrop and Point Shirley,
which was deeded to Queen Victoria by
one of her loyal subjects. This, possibly,
is the only possession of Her Majesty in
the vast domain of Jonathan.

Opposite is Thompson's Island, on which
we see the "Truant School" for boys. The
steamer on her arrival was coated with ice,
and looked as if arriving from the arctic
regions. There is great depression of busi-
ness in Boston, and the merchants are
naturally down-mouthing. Yet this reverse
does not impel these shrewd Yankees to
curse their country, a habit, I am sorry to
say, which seems characteristic of our Cana-
dian politicians of the blue-ruin class.
Fires have been of such frequent occur-
rence lately that a commission has been
appointed to make enquiries with a view of
preventing as far as possible their recur-
rence.

This pretty town, Taunton, of about 28,
000 inhabitants and 36 miles from Boston,
is a bustling centre, and contains a number
of prosperous manufactories. The people
are, in manner and disposition, very like
our own people—hospitable and sociable—
traits not always found in the bustling and
money-grubbing American. Five separate
Railway stations touch the town, named
respectively, Winterton, Central, Dean St.,
Weir Junction, and Weir Village. The
weather during the present winter has been
remarkably mild, very little snow having
fallen, while there has scarcely a day in
which the soil could not be ploughed.

The St. John Exhibition, 1890.

As the work of the organization for the
Exhibition to be held by the Exhibition
Association, in St. John, during the present
season, is now making good progress, and
the committees are working up their several
departments, it may interest our readers to
know what is proposed regarding the Ex-
hibition. The following resolutions, passed
by the Directors of the Association, will
give the most definite information on the
subject.
That the general plans, rules, regulations
and prize lists in use for the management
of the exhibitions held in the Western Pro-
vinces be adopted as the basis for the man-
agement, subject to such modifications as
may appear suitable to the Maritime Pro-
vinces.
That such grants made by the Provincial
Government and City Council of St. John—
which the committee hope will together
amount to not less than \$10,000—be ap-
propriated to prizes in connection with
the Exhibition, and that such prizes gen-
erally be confined to stock and agricultural
products, and that additional prizes be in-
vited from private citizens, for special ob-
jects to be named by them.
While the competition is open to the
world, it is expected that preference will
be given to the Maritime Provinces' ex-
hibitors, provided their applications are
promptly made. It will be seen by the
foregoing that this Association proposes to
offer their largest inducements to agricul-
tural interests, and it is hoped that these
exhibitions may be made very valuable
factors in promoting our agricultural in-
terests in the Maritime Provinces.
The exhibition will commence on the
24th September, and it is proposed to con-
tinue for one week or longer. Prize lists,
application forms, etc., are now being pre-
pared, and can be had on application to the
Secretary, at St. John, N. B.

ADVICE TO MOTHERS.—Mrs. Winslow's

Soothing Syrup should always be used
when children are cutting teeth. It re-
lieves the little sufferer at once; it produces
natural quiet sleep by relieving the child
from pain; and the little cherub awakes as
"bright as a button." It is very pleasant
to taste. It soothes the child, softens the
gums, allays all pain, relieves wind, regu-
lates the bowels and is the best known
remedy for diarrhoea, whether arising from
teething or other causes. Twenty-five
cents a bottle. Be sure and ask for Mrs.
Winslow's Soothing Syrup, and take no
other kind.
