BRIGHTON, England (CP)—Brighton's lady mayoress twice had to thumb a lift when her official automobile broke down. Now the council has decided to sell it.

Figures On C.N.R. Coal Not Available

OTTAWA, (CP)—Speaker Rene Beaudoin ruled in the Commons Wednesday that a government statement that it could not answer a question was an answer to the question. The paradoxical ruling came after a minor wrangle between the government and Opposition on a question raised by A. J. Brooks (PC-Royal). Mr. Brooks had a question on the order paper asking what amount of coal for use by Canadian National Railways was bought and shipped monthly in 1952 and 1953 to Chipman, South Devon, Nappadogan, Langley and Edmundston in New Brunswick and Est-ce-qui, Monk and Armagh in Quebec. He also asked how much of this coal was bought in New Brunswick, Nova Scotia and from other sources. Transport Minister Chevrier said the government didn't have the information and that it had been informed by the CNR there would be a good deal of extra clerical work and expense to obtain it. He asked that Mr. Brooks forego the question, but later said that Mr. Brooks could ask the question in the committee on railways and shipping when railway officials would be present. Prime Minister St. Laurent said there was no definite Commons rule on whether the CNR could be ordered to produce the information.
