ELEVEN FEET OF WIRE IN HIS ARM

The strangest thing that has come to light in Bellevue Hospital, New York, since the finding a few years ago of a set of false teeth embedded in the heart of a woman who had died suddenly, was revealed in an operation on John Scanlan, who came to Bellevue on Saturday last, suffering with what he supposed to be a dislocation of the left elbow joint. When operated upon, however, the doctors pulled from his forearm, in pieces from half an inch to a foot and a half in length, eleven feet of lead wire, 1-16 of an inch in diameter.

Scanlon is a machinist in the employ of the East River Lead Company. Until Saturday he had charge of the machine that makes the lead found in his arm. That day there was explosion, and Scanlon was knocked senseless. When he regained consciousness he was in an ambulance on his way to Bellevue.

FREEMAN'S CASE.

One Particularly Interesting to Women as it Deals with Their Troubles.

LEAMINGTN, Jan. 7.—It has been a cause of wonder to many people why women will neglect the first symptoms, and continue to suffer from ill health, and from debility, when the means of relief can so readily be obtained. Before a cure can be effected the work of the kidneys must be renewed, the blood cleansed of poisonous material, and the ligaments and muscles strengthed and invigorated. The history of the case of Miss Nettie Freeman, of this village, whose life was saved by Dodd's Kidney Pills, has had one beneficial effect in that it has roused scores of other women in this locality from the false modesty they were manifesting and as a result the sales of Dodd's Kidney Pills have been enormous, and the resultant good commensurate therewith.

In a Menagerie—This is the great boa constrictor, which usually swallows a whole pig for its breakfast. Not quite so close, sir, if you please.

With Invalids.

Yes! with invalids the appetite is capricieus and needs coaxing, that is just the reason they improve so rapidly under Scott's Emulsion, which is as platable as cream.

MATCHMAKING IN NEW MEXICO—In the old Spanish-American days in the southwest, marriage was a matter in which the contracting parties had little to say, the question of choice and fitness being settled by the parents of the couple. That practice has fallen so much out of date in the present generation, that it sounds odd now to read in a published account of a recent marriage at Guadalaupita, New Mexico, in which a Mexican of 68 years wedded a senorita of 16 years, that the compensations he was called upon to make for the difference in their respective ages was settled at thirty varas of land, an adobe house and five apple trees, presumably paid to her parents.

There are one hundred women sugar planters in Louisiana. Sweets to the sweet, but to think of women raising cane!—Boston Transcript.

Kidney Facts.

In Jan., 1892 my son was taken with Kidney disease. Though attended by three physicians, and change of climate he grew worse and by '93 had fallen from 195 lbs to 95 lbs. In 10 days from starting to use Dr. Chase's Kidney-Liver Pills we were able to move him home. In 4 months he gained 50 lbs. and was fully restored to health by the use of this medicine. Jno. S. Hastings, 23 St Paul St., Montreal.

The girl trying to be mannish can never be a gentleman, and might so easily remain a lady that it seems a pity to see her going wrong.

That tickling cough is instantly relieved by using Hawker's balsam of tolu and wild cherry.

"I tell you what it is," said the silly little fish to his longheaded mother, "I have been following your advice and letting those nice, plump, juicy worms alone long enough. I am now going off on my own hook."

And he did.

For Over Fifty Years.

AN OLD AND WELL TRIED REMEDY.—Mrs. Winsloe's Soothing Syrup has beed used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays the pain, cures the colic, and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by Druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winsloe's Soothing Syrup, and take no other kind.—m. w. f. wkly—1 y

HEARS WITH HIS FINGERS.—An exchange states that the ten-year-old son of John Hartman, a farmer south of Anderson, Ind., had spinal meningitis one year ago, and was left practically deaf. Several months ago he happened to place his hand on his mother's throat while she was talking, and found he could understand everything she said. He experimented with others, and found that the sense of touch in his case would make up for the deficiency in hearing. He cultivated it and now is able to hold conversation by placing his hand upon the throat of those he is ta king with. He places the ball of the fingers upon the larnyx, and understands perfectly.

No one need pity you if you die of consumption, without having tried Miller's Emulsion of Cod Liver Oil, "the kind that cures" coughs, colds, bronchitis and all pulmonary diseases Every bottle warranted. No oily taste like others. In big bottles, 50c. and $1.00, at druggists.

Cholly—Yes, I can't help feeling sorry for the poor girl.

"Haven't you got this book in a chicken salad binding?" asked the cheerful idiot.

"What do you mean?" asked the bookseller.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
DR. J. F. KINCHELOE, Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

Priestley's Dress Goods

A good name is more potent than thrones and kingdoms. In business a good name is vital. The name of Priestley is a synonym for what is delicate, durable and beautiful in Black Dress Goods. In England it is a household word. Priestley's dress fabrics are worn by the well dressed women of Great Britain, while on this side, they have attained to general favor. Ladies should buy no other black dress goods till they have seen Priestley's. They add to an unequalled durability, a beautiful draping quality. Women of taste understand what that means in the success of a costume.

Harper's Magazine

IN 1895.

"The Simpletons," a new novel by Thomas Hardy, will be begun in the December Number, 1894, and continued to November, 1895. Whoever may be one's favorite among English novelists, it will be conceded by all critics that Thomas Hardy stands foremost as a master artist in fiction, and "The Simpletons" may be expected to arouse enthusiasm not interior in degree to that which has marked Trilby—the most successful story of the year. Another leading feature will be the Personal Recollections of Joan of Arc, by the Sieur Louis de Conte, her Page and Secretary under which guise the most popular of living American magazine writers will present the story of the Maid of Orleans. In the January Number will appear a profusely illustrated paper on Charleston and the Carolinas, the first of a series of Southern Papers.

Northern Africa is attracting more attention than at any other time since it was the seat of empires. The next volume of Harper's Magazine will contain four illustrated articles on this region, and three of them will depict the present life there, Julian Ralph will prepare for the Magazine a series of eight stories, depicting typical phases of Chinese life and manners. Besides the long stories, there will begin in the January Number the first chapters of a three-part Novelette, by Richard Harding Davies—the longest work yet attempted by this writer. Complete short stories by popular writers will continue to be a feature of the Magazine.

Send for illustrated prospectus.

The Volumes of the Magazine begin with the Numbers for June and December of each year. When no time is mentioned, subscriptions will begin with the Number current at the time of receipt of order. Cloth cases, for binding, 50 cents each—by mail, post-paid. Title page and index sent on application.

Remittances should be made by Post Office Money Order or Draft, to avoid chance of loss.
