

Strange Sensations.

A few days ago, Conductor A. S. Parker of the Grand Trunk Railway, who resides at Battle Creek, Mich., by an accident lost a leg and an arm at Stillwell station. The members severed from the body were left lying by the side of the track, while the body was conveyed to south Bend for medical assistance. As soon as he recovered consciousness he began to complain that his right arm was in a cramped position. His attendants, knowing that his arm was many miles away by the side of the railway track, paid no attention to his complaints, thinking him out of his head. He still continued his assertions that the fingers of his right arm were doubled under his hand, and asked his assistants to send and get his arm at Stillwell. By his speech they saw that he realized the accident, and a telegram was sent to Stillwell to send the mutilated arm to its owner. The request was carried out, the arm sent to him by express. So soon as it was taken up off the ground, a few moments after the telegram was sent, Parker remarked to his assistants that his arm was all right now, that they had picked it up. Every time a person took hold of it along the route Parker would speak of it, and cry out with pain when it was roughly handled, and whenever any of his attendants touched it while it lay in the next room to him he knew it as quickly as though the arm were still attached to his body. The messenger who got the arm said that he found it just as Parker had said it was, with the fingers cramped under it. This is one of the most singular yet well-authenticated cases on record, where a man could feel in an arm which was cut off and lay many miles from him, and which had been cut off many hours. The physicians are baffled to account for it, and can only class it under the head of the unexplainable phenomenal mysteries which are met with in the study of nature.

To Make Meat Tender.

If the fact can be demonstrated to a cook that meat can be made tender by softening the fibres with the action of a little vinegar, there will be no reason why she should thereafter send a tough steak to the table. If she can be convinced that it is better to turn it over on a plate containing a little vinegar, salad oil and pepper, four or five times in a couple of hours, instead of trying to make it tender by battering it with a rolling pin or cleaver, and so forcing out all its juices she must be obstinate indeed if she prefers the latter method and the sooner her services are dispensed with the better for the temper and stomach of her employer.

Gems of Thought.

Reprove others but correct thyself.
Your neighbor is anyone to whom you can do good.
Prosperity is a blessing to the good but a curse to the evil.
Benevolence is allied to few vices; selfishness to fewer virtues.
It requires a man with good common sense to fall in love with a plain woman.
Buy what thou hast no need of, and ere long thou shalt sell thy necessities.
He who cannot command his thoughts must not hope to command his actions.
Borrowed thoughts, like borrowed money, only reveal the poverty that compelled the loan.
There are many men who might govern multitudes, if they would govern their tongues.
There is no trait in the human character so potential of weal or woe as firmness of purpose.
A promise is a just debt, which you must take care to pay, for honor and honesty are the security.
Many a sweet-formed mouth has been disfigured and made hideous by the fiery tongue within it.

The American People.

No people in the world suffer so much with Dyspepsia as Americans. Although years of experience in medicine had failed to accomplish a certain and sure remedy for this disease and its effects, such as Sour Stomach, Heart-burn, Water-brash, Sick Headache, Costiveness, palpitation of the Heart, Liver Complaint, coming up of the food, low spirits, general debility, etc., yet since the introduction of Green's August Flower we believe there is no case of Dyspepsia that cannot be immediately relieved. 50,000 dozen sold last year without one case of failure reported. Go to your Druggist and get a sample bottle for 10 cents and try it. Two doses will relieve you. Regular size 75 cents.

FROM HARRY HILL, THE CHAMPION WRESTLER, No. 26 EAST HOUSTON STREET, N. Y.—I know of no remedy that will so quickly remove the discolorations of the skin resulting from injuries, soreness and pains of the joints, muscles and bones, the result of violent and continued exercise, as Giles' Liniment Iodide Ammonia. I have used it myself and have seen it used by other, and recommend its use to all athletes. Giles' Pills cure flatulency. Sold by W. R. Watson. Send for pamphlet. DR. GILES, 120 West Broadway, N. Y. Trial size 25 cents.

Remedy for Hard Times.

Stop spending so much on fine clothes, rich food and style. Buy good, healthy food, cheaper and better clothing; get more real and substantial things of life every way, and especially stop the foolish habit of running after expensive and quack doctors or using so much of the vile humbug medicine that does you only harm, and makes the proprietors rich, but put your trust in the greatest of all simple pure remedies, Hop Bitters that cures always at a trifling cost, and you will see better times and good health. Try it once. Read of it in another column.
