BYE-ELECTIONS TO-DAY

Speculation on the Result.

TORONTO, Jan. 28.

A great deal of interest is felt in the result of the elections to-day in Halton, Kingston and Lincoln. The Government supporters appear to be quite confident of carrying Lincoln, which will be a gain, Gibson, Grit, having been returned at the general election by a majority of forty. In Halton matters are a little complicated, owing to the uncertainty of the strength of the Patrons of Industry, whose candidate has been endorsed by the Grits. However, Henderson, the unseated Conservative candidate, appears to be rallying the full party vote, and should pull through all right.

Private despatches from Kingston indicate Metcalf's probable return.

Stocks in the States.

During the past week, there has been, says Henry Clews, what may be considered a healthy break in the stock market. A combination of influences has favored the disposition of the "bears" to make a demonstration in force against the "bull" side. The situation of our relations with Chili has been made lurid with war paint, and the pens of rumor-mongers have been dipped in ensanguined ink, as accompaniments of sensational assaults on the "bull" position. Simultaneously, the disagreement between Mr. Gould and the Western Traffic Association was distorted and exaggerated into shapes calculated to excite apprehensions of a wide-spread freight war; and what seemed to give color to these distortions was the fact that Mr. Gould himself had nothing to say calculated to allay such fears. The still unsettled differences as to apportionment of productions between the anthracite corporations was also made to play an influential part in the tactics of attack. The fact, also, that Europe has recently sold a considerable amount of stocks on this market, with the effect of stiffening foreign exchange and postponing the expected resumption of imports of gold, has been made to perform service in the "bear" assault. There was enough material in this combination of circumstances to back a reasonable extent of selling, and it was skillfully used by the "bear" leaders followed by the rank and file. A vigorous demonstration made on Tuesday resulted in a decline of 1½ to 3 points throughout the list. This success, however, developed an excess of "short" sales and the discovery of the dangerously oversold condition of the market caused, on the following day, a rally to about the range of prices from which the decline started. This movement has served a useful purpose. As a trial of force between the two sides, it has demonstrated that the "bulls" have not yet lost all their advantage. As a test of confidence, it shows that there are buyers ready to take whatever stock the "bear" traders may throw at them at tempting prices. As a symptom of the general spirit of the market, it shows the permanency of the "bull" element, a disposition to continue to hold rather than weariness of holding, and a preponderant expectation of a boom later on.

SEE CHEAP JACK before you buy your Boots and Shoes, and don't forget those Overshoes. —Cheap Jack, sign of the Silver Oar, opposite the railway station.

ELECTIONS.—To day is a gala day for bye-elections in Ontario. Contests are going on in Lincoln, Kingston, East Simcoe, Peel and Halton. Even the Toronto Globe concedes Kingston to the Conservatives, a constituency the Grits always maintained could not be held by any Tory other than the late member, Sir John A. Macdonald.

THERE is a curious diversity of taste among smokers as to the kind of pipe they prefer. Some like the clay pipe best, others prefer the briar root, others again the meerschaum, some must have their pipe well seasoned before they can enjoy it, others again must have a new pipe and throw it away whenever it becomes a little old. But though this diversity of taste among them is curious, it is not at all curious that there is substantial unanimity among them about the kind of tobacco to be used. Experience has proved to them that the "Myrtle Navy" brand of Messrs. Tuckett & Son is the genuine article.

Lessive Phenix requires only to be tried once to be gratefully appreciated. A marvellous washing and cleansing solutive. Just fancy an article that will make all your clothes as good as new, and that will clean everything in the house from the silver that you cherish to the common earthenware which you thought of throwing out, making it just like new, That is what Lessive Phenix will do, and a score of other things. For it will clean everything, and it will not harden your hands.
