
REFUGE IN SNOW STORM

Mrs. Shirley Gale, her 18-month-old son John and her aunt, Mrs. Maud Fisher, 60, spent Monday night in this cabin after being stranded in a snow storm that swept the Maritimes. They stayed in their car Sunday night. Their pleas for help were made in the snow with ashes. They were found at the cabin Tuesday by an area resident who had seen their foot prints in the snow.

NEW YORK

NEW YORK (AP)—A report that the U.S. Securities and Exchange Commission will not be as tough as some had feared in forthcoming legislative proposals inspired brisk buying late Wednesday and the stock market made its biggest gain in more than two weeks.

SEC commissioner Manuel Cohen was quoted as saying that jitters about the SEC report, due April 3, are unfounded and that it will not present a picture of widespread fraudulent activity.

Cohen's statements were read by Wall Streeters in the final hour of another lazy session in which the market had moved ahead slightly because of largely technical reasons. A rush of buying ensued and the ticker tap ran five minutes late.

Buying spread through most major sections of the list, bringing gains ranging from fractions to 1 or 2 points among key stocks. Some of the more widely moving issues were up 4 or 5.

The Dow Jones industrial average spurted 5.06 to 677.12.

Heavy as the late trading was, volume for the day improved only slightly, to 3,390,000 shares from 3,200,000 the day before.

The late buying brought gains to motors, steels, oils, chemicals, airlines, electronics, and other major groups.

The Associated Press average of 60 stocks rose 2.0 to 257.1. It was the largest gain in the average since March 4 when it gained 3.1.

U.S. Smelting was up 5 at 81½ on 63,900 shares. On the Canadian section International Nickel moved up ⅝ while Canadian Pacific, Hudson Bay Mining and Distillers Seagrams added ¼ each. Walker Gooderham was down ⅝ and Dome Mines and Granby Mining lost ⅜ apiece.

American Exchange prices were generally higher. Scurry Rainbow Oil was off ⅜ and Preston and Brazilian Traction ⅛ each.

800 Key Buyers Gather For Trade Dept. Event

By KEN KELLY

OTTAWA (CP)—Canada becomes a gigantic shop window this weekend as the first of 800 key buyers from nearly every country in the world arrive to participate in Operation World Markets.

OWM is the trade department's four-phase export promotion drive which involves airlifting buyers to this country and giving them a behind-the-scenes look at Canadians' producing capacity and workmanship. It starts Sunday and extends until May 3.

In groups of six to 10 men, 178 machinery and equipment buyers from Britain, Europe, Asia, Africa, the Middle East and Latin America begin week-long coast-to-coast tours of Canadian machinery and equipment manufacturing plants Sunday.

This is phase I and each group, after seeing first-hand 10 to 15 Canadian factories, will get together in Toronto for a dinner to be attended by Canadian manufacturers and addressed by Trade Minister McCutcheon.

Next comes the National Canadian Samples Show in which 600 buyers from the United States, The West Indies, Britain and Europe will be flown to Toronto to inspect more than 400 displays of consumer goods at the Canadian Natinal Exhibition grounds.

BASED ON SAMPLE SHOWS

The national show is based on four regional sample shows held in Toronto, Montreal, Winnipeg and Vancuver last year to which buyers also were flown and which produced export business totalling millions of dollars, the department said.

MONTE CARLO RALLY

Why do men and boys roar around a tortuous 2,500 mile course at speeds calculated to scare ordinary folk to death, and like it? It's the old question "Why do men climb mountains?" and the answer is just the same. The Canadian team of Grant McLean and Sam Nordell took part in this most celebrated rally and Weekend Magazine carries the breath-taking story, hazard by hazard, turn by turn.

MY CUBAN ADVENTURE
In the second part of this story of his Cuban adventure, Canadian turkey expert Doug Buchanan tells how he was arrested as a spy and confined to a Cuban prison.
