

FISHERY RESERVES.—Several official documents on this important subject, recently laid before both Houses of the Legislature, will be found in our first page to-day.

PUBLIC MEETING AT NEW LONDON. In conformity with public notice, a Meeting of the Inhabitants of New London and adjacent Settlements was held at the entrance to Fyffe's Road, on Monday the 12th instant.

Moved by Mr. John McNeill, Jun.—Seconded by Mr. John McKenzie. 1. Resolved, That the establishment of a Court of Escheat on this Island, having been so long deferred, it is extremely doubtful if that boon will ever be conceded by the British Government.

Moved by Mr. James Pickering.—Seconded by Mr. Patrick Pendergrass. 2. Resolved, That were an escheat inquisition legally established, this Meeting believes there is selfishness, corruption, and artifice enough in Charlottetown to pervert that institution into an engine for confirming proprietary claims, instead of confiscating the forfeited lands to the Crown.

Moved by Mr. Moses Graham.—Seconded by Mr. John Graham. 3. Resolved, That as the Crown has long since ceased to grant lands anywhere, either in large or small quantities, it is extremely probable that were all the Townships in this Island escheated to-morrow, the Tenantry would still have to pay some price for the fee Simple of the lands they occupy.

Moved by Mr. Alexander McIntosh.—Seconded by Mr. William McKay. 4. Resolved, That if the plan recently promulgated by Mr. Buller in the House of Commons, were carried into execution, it would probably place settlers immediately on the same footing as they would be after an escheat, and decidedly better than they would be if the Court of escheat refused to revert the Lands in the Crown.

Moved by Mr. Adam McKay.—Seconded by Mr. Alexr. McIntosh. 5. Resolved, That this Meeting deems it no more than right, that the inhabitants of this Colony should pay for a freehold title, a price at least equal to what obtains in the adjacent Provinces.

Moved by Mr. Adam Johnston.—Seconded by Mr. John Donnelly. 6. Resolved, That where exceptions to the preceding resolution should be taken, that they be in favour of tenants who may have already advanced large sums, under the name of rent, for wilderness land.

Moved by Mr. John McLeod.—Seconded by Mr. John McKenzie. 7. Resolved, That this Meeting believes were seven shillings per Acre the price of converting the Leasehold into freehold tenure, such a stimulus would be given to industry, that the whole would be paid up in ten years.

Moved by Mr. George McKenzie.—Seconded by Mr. Henry Robertson. 8. Resolved, That a petition to the House of Assembly be immediately signed, praying that body to investigate and determine the best and speediest method of applying Mr. Buller's plan to the wants of this Colony.

Moved by Mr. Benjn. McEwen.—Seconded by Mr. Thos. Pickering. 9. Resolved, That this Meeting perceives with deep regret, that Mr. Hope, the under secretary of state for the Colonies, replied to Mr. Buller, that the discontent of the agriculturists of this Colony proceeds from a misunderstanding of the duties of tenants to their Landlords.

Moved by M. Thos. Pickering.—Seconded by Mr. McEwen. 10. Resolved, That for the especial edification of Mr. Hope this Meeting will explain the difference between the equitable duties of a Tenant in England, and on wilderness land in North America. The former obtains land in a high state of cultivation, which is equal to a loan of capital, of which the interest is represented with the rent. In P. E. Island, settlers have not only to accumulate a landed capital, interest on that capital, of their own forming, is forced from them under the denomination of rent.

Moved by Mr. William Cousins.—Seconded by Mr. John McKenzie. 11. Resolved, That Mr. Hope cannot produce a single instance in the colonial History of North America, where a similar tenure has operated favourably to the power and prosperity of the community in which it existed, that this Colony is not, and will not be, an exception to the general rule, and thus Mr. Hope, from whom better information was expected, has shown himself, by his remark, to be grossly ignorant of the first duties of a settler on Wilderness land.

Moved by Mr. Duncan McIntyre.—Seconded by Mr. Hugh McKay. 12. Resolved, That a Committee of four be appointed to draw up a Petition to the Hon. the House of Assembly, embracing the foregoing Resolutions.

Moved by Mr. James Pickering.—Seconded by Mr. John McKenzie. 13. Resolved, That it is the sense of this meeting that our Legislative Representatives, Messrs. McLean and Coles, do in their Legislative capacity, reject from the public accounts, any sum or sums of money therein set down, as disbursements made on account of an invasion of Townships Number Forty Four, by a civil and military force last winter; as also such amounts as may be placed to the public debt for the uncalculated prosecution of Duncan McLean, Esq.

Moved by Mr. T. Pickering.—Seconded by Mr. J. McLean Robinson. 14. Resolved, That the patriotic conduct evinced by Duncan McLean, Esq. our legislative Representative, whilst labouring under the harassing embarrassments inseparably connected with the late rigorous Crown prosecution, which he recently defended, and which originated from a desire faithfully to discharge his duty to his constituents, calls forth our grateful acknowledgments, and stimulates us to place unlimited confidence in his Parliamentary exertions, to obtain for the oppressed of the Colony that justice they are entitled to expect from the British Government.

Moved by Mr. J. Adams.—Seconded by Mr. J. Clarke. 15. Resolved, That this Meeting considers that the place of holding the Poll should be removed from John McEwen's, in Campbelltown, to the Cross Road, at Mr. Donald Sutherland's, and that a Committee be immediately appointed to draw up a Petition to the Legislature, praying for the same.

Committee of three appointed accordingly—John Adams, Daniel McIntyre, Archibald McKinnon.

Moved by Mr. James Clarke.—Seconded by Mr. Hugh McLeod. 16. Resolved, That the Resolutions and Petitions, together with the proceedings of this meeting, be immediately forwarded to Duncan McLean and George Coles, Esqrs. Members for the district, respectfully requesting them to use their best endeavours to have the prayer of the petition attended to, before the Hon. the House of Assembly.

TO THE EDITOR OF THE COLONIAL HERALD.

Sir; My attention has been directed to a series of Letters relative to the interests of the Established Church in this Town, which have appeared lately in your independent Journal, the nature of which I do not further intend to refer to than to deplore that the rightful protectors of the Church evince such indifference in vindicating her claims. You will allow me, at present, to advert to circumstances, though not in a secular point of view, equally affecting the welfare of our Zion, inasmuch as they relate to the spiritual improvement of the rising generation. I would premise any observation upon this subject, by assuring you, that I have but one object in view, in thus trespassing upon the public, which is to rouse us all, as Christians, to a warmer zeal for the glory of God. To remain silent on the subject of that most improper and unconstitutional monopoly which our Church here exercises, in excluding the poor from participating in her privileges, through a system of proprietaryship, constitutes, in my opinion, a participation of the crime. I do earnestly protest against it; and without wishing to reflect upon the originators of this unlawful and unchristian peculiarity, call upon the Church authorities to exert their influence for its suppression, the more fearlessly, as it would, doubtless, meet our diocesan's approbation.

At a late Public Meeting of the Diocesan Society, held in this town, His Excellency the Lieut. Governor in the chair, supported by our venerable Prelate, among other matters of considerable interest mooted on that occasion, was the all-absorbing one of the enlargement of our Church, the necessity of which was so evident, that a subscription was immediately entered into for the furtherance of the same. I call to mind one individual, in particular, who appeared much affected while adverting to the want of accommodation for the poor, and most justly charged our community with great lukewarmness in not supplying funds for this purpose.

These Public Meetings are for the most part composed of the Aristocracy of the place, seemingly much interested in the welfare of our church; but in vain have I looked round the gallery to see the heads of some of our poorer brethren witnessing our laudable exertions for their benefit. Is the Church of England here become so fashionably exclusive as to shut her doors upon her needy communicants? Let any stranger enter the Church upon a Sabbath afternoon, and take notice of the empty and half occupied pews on either side of the aisles, and he could but conclude such to be the case. And why is this? Not because the Gospel is not faithfully preached; not because our worthy Rector shuns to declare the whole truth; but because the pews are private property. Is it not disgraceful that such glaring inconsistencies should be allowed to exist? Oh! that all would unite in the common cause of Christianity, and expose this flagrant evil till the very stones cry out against our monopolists, and witness against them what is due to their poorer brethren.

Charlottetown is becoming an extensive Parish. Other denominations of Christians are wondering at and commiserating our supineness. Awake, then, fellow-sinners, from your slumbers, and be alive to your spiritual exigencies, "for in such an hour as ye think not the son of man cometh."

SEAL FISHERY.—We learn that already preparations are making at St. John's, Newfoundland, for the Seal Fishery, and the success of former years has given a fresh impetus to the business. What are our Novascotians about? They must be convinced by this time that the Seal Fishery is a principal part of the trade of St. John's, and why do we not collectively, if not individually, embark some capital in it, for the sake of giving employment to a number of those who are to be seen congregated about the corners of the city, to obtain work, as it is an undeniable fact that from labour all capital is acquired. Novascotians are proverbially slow to enterprise, (although in many instances prudently so) and needs be pushed on. The Seal Fishery, although in a limited way, seems to have paid those who embark in it from Cape Breton, for we understand that over thirty sail will go to the ice this year from that quarter, anticipating that the Gulf of St. Lawrence holds out as good inducement for sealing as the North of Newfoundland. Why then will our merchants be discouraged by the precedents of partial failures?—Halifax Recorder.

MUTUAL PROTECTION FIRE INSURANCE COMPANY.—Persons friendly to the formation of an Institution of this description, we understand, intend to meet at the Court House in this Town on Friday next, at the hour of 12 o'clock, when the subject will, no doubt, undergo a thorough investigation. We should rejoice to see a valuable Institution of this description in active operation among us, as it would, no doubt, effect a great saving to the Colony annually. We trust the meeting will be well attended.

TEMPERANCE.—The first annual Meeting of the Vernon River Branch of the P. E. Island Auxiliary Temperance Society was held at Vernon River, on the evening of the 5th inst. After the reading of the Report—which we are precluded from publishing from a want of sufficient space to devote to that object—the Officers-bearers for the ensuing year were chosen as follows:—Mr. John Fletcher, President (re-elected); Mr. Lewis Gay, Vice President (do.); Mr. Areld. McNeill, Secretary & Treasurer (do.); Messrs. Francis Metherell, Charles Laird, Kenneth Martin, William Shepherd, Donald Vanidestine, John Vanidestine and Alexander Hayden, Committee. Ten persons enrolled their names as Members of the Society on this occasion—the whole number on the Society's books at the present time, being Ninety-nine.

ST. JAMES'S CHURCH.—On Sunday, the 11th inst., the Rev. Angus McIntyre preached, to a crowded audience, an eloquent and impressive sermon, on the Observance of the Sabbath, in which the various duties appertaining to the Lord's Day were lucidly set forth, and powerfully recommended and enforced. At the conclusion of the service, a liberal collection was made for the purpose of effecting repairs on the Church.—Islander.
