Physician Heal Thyself.

TORONTO, June 5th.—A physician of the County of Leeds has written to a friend in this city about his complete cure of an aggravated form of diabetes by Dodd's kidney pills. The doctor in question would not for the world have his learned brothers of the Ontario Medical Council know that he had given countenance to a patent medicine. He humorously admits that some of them would deem it unprofessional conduct for him to take the pills; and to be cured by them—why that is the grossest breach of professional etiquette. But cured he has been, and he is now prescribing them to his patients. Modern physicians admit that diseases such as dropsy, diabetes, bright's disease, neuralgia, rheumatism, female weaknesses, and kindred blood troubles are caused by the deranged action of the kidneys, and that these diseases are only to be cured by an agent that acts directly on the seat of disorder. This is why Dodd's kidney pills have proved a certain cure to all who have tried them. ....

A Hard Profession.

Old Dr. Johnson once said, addressing a class of medical students, that the study of medicine was a most arduous undertaking; that the most comprehensive mind and the most industrious student could scarcely do more than explore the portals to medical knowledge during the brief time allotted to study before commencing practice, but that throughout his whole life the responsibilities of his profession should rest upon him like a nightmare.

He should explore every avenue of natural knowledge, must become familiar with chemistry, natural philosophy and natural history, but, above all, he must learn the construction of his own frame, the means by which he lives, moves and has his being. He must understand the nature of all these influences by which health is broken down and restored, and by what means disease, suffering and death may be averted. Dr. Johnson further says that nothing contributes so much to the support of quackery as the present insufficiency of medical knowledge. Men do not, he says, easily abandon hope but as readily put faith in ignorant pretenders as drowning men catch at straws.

"The good that man do in this life lives after them." During the life time of old Dr Johnson he invented what is known as Johnson's Anodyne Liniment, a standard family remedy of surpassing merit. This liniment is both for internal and external use and it is safe to say that no single remedy ever discovered has done so much good as has this one. It is inexpensive, ready at a moments notice night or day and may be used with absolute confidence in the thousand and one ailments that afflict humanity. In the cure of severe cramps or pains in the stomach or bowels, dysentry, diarrhœa it is certainly worth its weight in gold. It has been known to cure cases from ten to fifteen years standing after the sufferers had been given up.

SAVED FROM INSANITY.—The circumstances connected with the case of Mrs. Legault, of 775 St. Andrew Street, Montreal, are interesting to all who have friends or relatives who show a tendency to that dreaded disease—insanity. This terrible trouble is not always hereditary; thousands are brought to insane institutions owing to negligence of their friends, and a lack of proper treatment when suffering from certain ailments. Insomnia, continual headaches, and a diseased nervous system soon bring on irritability, anxious mind, uncontrollable thoughts, loss of memory, and then—insanity. There is no use poisoning the system with drugs; and, as in Mrs. Legault's case, physicians cannot afford much relief. Help must come from another quarter; the sufferer must have a nerve and brain food that will give strength to the nervous system as well as the body. Mrs. Legault's life was saved by the use of this nerve and brain food, now known as Paine's Celery Compound. She admits that it saved her life, and now wishes to make known to other sufferers its great value. Mrs. Legault, under date of May 20th, 1893, writes as follows :—

"I cannot help telling my fellow-sufferers what Paine's Celery Compound has done for me. I was suffering from insomnia, nervous prostration, loss of memory and headache, and I was in such a state that I felt for some time as if it would end in insanity; and had matters continued as they were I would have been a lost woman. I went to many doctors; they treated me with all their skill, but my nerves got no better. I am the mother of seven children, and spent all the money I could get for medicines, but without any good results, and I became disheartened. My friends told me to try Paine's Celery Compound; I did so. The first bottle did not bring much relief, but the second began to work on my nerves most miraculously, and I continued using it until to day, and now, after using seven bottles, I can positively say I am cured."

As Old as Antiquity.

Either by acquired talent or heredity, those old foes, Scrofula and Consumption, must be faced generation after generation; but you may meet them with the odds in your favor by the help of Scott's Emulsion. ....

AWFUL HEADACHES.

2 YEARS OF SUFFERING.

LIFE A TORTURE.

Kendrick Outhouse, of Tignish, N. S., says: For several years I suffered from severe attacks of biliousness, which came on periodically, about every ten days. I had *awful headaches* and the smell of anything cooking turned me sick. I became *weak and nervous*, and had no ambition or strength to work. I passed *many sleepless nights*, and for days could not retain food on my stomach. I suffered intensely with piles and hives, and my life was a *constant torture* to me. I became so weak that my friends *gave up all hopes* of my recovery. My brother brought me a bottle of

HAWKER'S NERVE AND STOMACH TONIC,
and a box of
HAWKER'S LIVER PILLS.

I had not taken them long before I commenced to improve and in a short time I was *completely cured*. I grew *strong* and *vigorous*, my appetite returned, I *slept well* and in a few months had *gained 30 pounds* in weight. I have not suffered from piles or biliousness since, now 2 years, and am as *strong* and *hearty* as any man could wish to be. I firmly believe that

1st. Speak with the mouth about four inches from the transmitter.

3rd. Place the telephone so as to cover the ear just as if you wished to shut out all other sounds Do not press too hard on the ear.

If is possible to talk and be heard when standing back two or three feet from the transmitter, if you shout loud enough, but it is not a pleasant mode of conversation, is entirely unnecessary, and is a useless waste of wind and lungs, besides being very annoying to all within range of your voice.

Neuralgia of the Heart, Chronic Dyspepsia Awful Constipation, and Rheumatism cured by Groder's Syrup.

ST. JOHN, N. B., October 11, 1892.

GENTLEMEN:

For twenty-three years I have never been free from suffering until now. Since I began to take Groder's Syrup, chronic neuralgia of the heart of twenty years standing has entirely disappeared. My distress from severe constipation has been an unending torture, but your remedy has restored healthy action of the stomach and bowels. Rheumatism of long standing has ceased to trouble me, I am no longer a gloomy, melancholy dyspeptic. There is no ache or pain in any part of my body. My food digests readily, and causes me no distress whatever.

GRODER'S SYRUP,

Your remedy, is the first of the hundreds I have tried that has ever given me any relief, say nothing of a cure, such as I have experienced. I am ready to answer any inquiry concerning this statement, for I firmly believe in Groder's Syrup, and desire others to obtain help as I have. I make this solemn declaration believing the same to be true.
