Even in choice!
METEOR
makes it big for '64

a big fun-loving convertible!

People who like convertibles often drive a hundred miles just for the sheer fun of it. If you're this kind of person—the big Meteor Custom Convertible is for you. Its leather-grained vinyl upholstery even *smells* of performance. Choose the big 390 cubic-inch V-8—pair it off with a slick "four on the floor" transmission. Put the roof down and just nudge the accelerator and you're as fancy free as a summer breeze. And here's a surprise, this fun-loving convertible is priced with the lowest in its class.

a big luxurious hardtop!

That optional Breezeway Rear Window goes down as well as the side windows so just about the only glass around you is the windshield. This open air feeling of bigness is matched by Meteor's extra length and width to give you lots of room inside. Supple vinyls and fashion-plate fabrics cover deep foam-padded seats front *and* rear. Thoughtful conveniences include padded arm-rest and visors, pile carpeting, crank-operated side vent windows and a specially cowled instrument panel that prevents glare. In luxury, and all the other things that mean extra value in a low-priced car, this Meteor Custom hardtop makes it big for '64.

big beautiful sedans!

Whatever your taste or budget—there's a big beautiful Meteor Sedan just right for you. If you want to make it big in luxury, choose the 2-door or 4-door Custom models. If you want to make it big in *extra* value you'll like the 2-door or 4-door Meteor models. All give you Meteor's beautifully distinctive big-car styling along with the optional rear window that goes up and down.

big value-packed wagons!

Here is all the style of an expensive sedan plus interior luxury that is quite new in station wagon design. But when you want to be practical, Meteor's extra length and width really pay off. A quick one handed operation folds the rear seat into the floor and you have an enormous 99.3 cubic feet of cargo space behind you. Fill it to the brim with whatever you like. Meteor's strengthened frame and rubber mounted body are designed to take the heaviest load with ease. Choose from the Custom Wagon or the Meteor Wagon in either 6 or 9 passenger models.

Certain features shown or mentioned are optional at extra cost.

Models illustrated from top, Meteor Custom Sedan, Wagon, Convertible and Hardtop—four of the Ford Family of Fine Cars made in Canada
