

No Park Gets Award For Mural

The November meeting of the Spring Park Home and School Association was held on Monday in the school auditorium with one of the highlights being the presentation of a special plaque to Mrs. Marjorie Dower for a mural designed by grade 6 pupils of Spring Park School.

The presentation was made by Mrs. Frank Ross, chairman of the children's division of the P.E.I. Centennial Committee.

The second highlight was an address by Dr. Kenneth Parker, superintendent of city schools. Dr. Parker spoke on a variety of important topics such as adult education, the ungraded curriculum, and the importance of the emotional, personal and social attitudes of the child.

With respect to adult education Dr. Parker quoted the well-known Dr. Samuel Laycock, honorary president of the Canadian Home and School Association who says, "The greatest need at the present time and for the coming decade is parent education." Dr. Parker felt that our many auditoriums in the city should be used for this purpose.
