

Ayer's Hair Vigor

Falling Hair
Ayer's Hair Vigor promptly destroys the germs that cause falling hair. It nourishes the hair-balls, restores them to health. The hair stops falling out, grows more rapidly.

Dandruff
Ayer's Hair Vigor just as promptly destroys the germs that cause dandruff. It removes every trace of dandruff itself, and keeps the scalp clean and in a healthy condition.

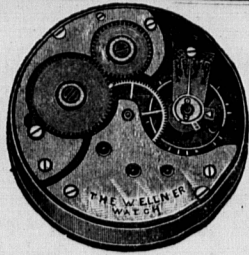

We wish you to positively and distinctly understand that Ayer's Hair Vigor does not affect the color of the hair, even to the slightest degree.

There was an exceedingly fine change of program at the Opera House last night and large crowds were present throughout the performance. Staseno and Louisa Bertini are both gifted with charming voices and marked stage appearance, which make them immediate favorites. The entertainment at New Wonderland last night was greatly enjoyed by the large audience present. Mr. Coffman made a decided hit in his southern dance and song, while his comedy simply kept the audience going as far as fun was concerned. Miss Carroll's beautiful voice was a musical treat. Her rendition of Carrissams should appeal to all lovers of good music, for she is an artiste worth going to hear. Her very appearance on the stage, apart from her magnificent voice, renders the act far beyond even the very good. Geo. Donaldson went bigger than ever, and he is a comedian who knows how to give good, clean comedy, without the faintest shadow of offence. The prize winners in the problem contest of last week are as follows:—Arthur Doull, first prize, Ira Brown, second; Harry Cantwell, third, and Miss Grace Cumming fourth. A great deal of interest is being manifested in these problems and many answers are coming in, all good ones, even if different to the right answer. There are many clever people in this town, as is manifested by the interest taken in the problems, which are, some of them decidedly difficult.

The Guardian has received an account of a farmers' meeting held at New Haven, April 7, to consider the oyster and mud question. At this meeting complaint was made against Pishery Guardian Frederick Stretcher, by certain persons on grounds reserved for mud digging, while it was alleged that he and his friends had placed their diggers on valuable oyster beds reserved under McEachern's and previous leases to the great injury of the oyster fishery in that section. There appears to be some points in dispute. The report received states that Alex. C. Shaw, John Devereaux, Charles Colville, Angus McPhoe, D. McPhee and Edward Murphy were appointed a committee to present the grievances complained of to the Minister of Marine and Fisheries, through Messrs Warburton and Prowse.
