RESOLUTION OF CONDOLENCE.

The following resolution was unanimously adopted by the Grand Division, S. of T., of P. E. Island at its annual session at Springfield on the 26th October 1896:

Whereas it has pleased the Great Patriarch above to call away from our society on earth our beloved brother, William J. Simpson, of Cavendish, an honored member of this Grand Division and of Centennial Division, No. 2155.

Resolved, that this Grand Division place on record their high appreciation of Bro. Simpson both as a man and as a Son of Temperance.

And to his sorrowing widow and children we tender our sincere sympathy and commend them to the God of all comfort who alone is able to sustain them in this hour of their severe trial.

Brother Simpson was a true and faithful temperance worker always courteous in discussion; wise in counsel and energetic in action. He endeared himself to his associates in labor and leaves behind him a memory fragrant with good deeds.

Bro. Simpson was first initiated into our order as a charter member of Cavendish Division No. 64, on the 16th of October, 1863, and continued a member until that Division surrendered its charter. He was again initiated a charter member of Centennial Division No. 115 on the 26th of December 1890, since when he has been a useful and honored member of our order.

Called from earth to go up higher we will miss him, but we believe our loss will be his eternal gain.

A REGRET.

SIR,—It was with sorrow and surprise that we heard that our old friend, Mr. Irving, had consented to be the 'man of straw' for the grite in the coming by-election in Belfast. Dear old friend David—his memory must be failing! He must have forgotten at that convention that the sins of the grit party for eight long years, is too heavy a load for a 'man of straw' to carry, even though there be some 'golden grains' in the composition. Well we can only hope that the 'thrashing process' may not absorb all the 'golden grains'; but that there may be enough left to purchase our fallen friend a suit of sackcloth—the ashes will be free.

School Girls' Nerves

Many a pale, weak school girl, suffering from the evil effects of an exhausted nervous system, and thin, watery blood, has been fully restored to the vigor and buoyancy of robust health, by using A. W. Chase's Nerve Food. The healthful glow on the cheek and the brightness in the eye tell of the building up process which is taken place in the body.

Owing to the very bad photographic weather it will still be some time before it is possible to fill all the orders for photographs of the P. E. Island Transvaal contingent. If you haven't ordered one yet you had better do so at once.
