STYLE IN RED CHINA

HONG KONG, July 10 (AP)—Communist New China has ordered the old American look for women.

Reports leaking through the bamboo curtain says the Reds frown on hairdos falling below the female ear. In schools and women's units of the Red Army, the boyish bob of North America's "roaring twenties" is the style.

Famed French Bicycle Race Starts Thursday

PARIS, July 11—(Reuters)—The famed "Tour De France" 3,000-mile bicycle road race starts Thursday—and things are in a state of splendid hectic confusion at organizing headquarters here.

Riders complain they have been given such short notice that they will compete that they have had no time to make proper preparations. Newspaper men and fans are rick that no official list of competing teams has yet been issued.

The distributing committee has a giant task on its hands and faces a chaotic storeroom piled high with crates of all shapes and sizes containing various types of equipment.

There are 1,950 sweaters in three sizes in the various national and regional colors and 80 of the famous "yellow" worn by the leader in the general classification. The sweaters are changed at least every two days during the race.

All along the route the frantic fans gather to whoop on their favorites while sound-trucks patrol the roads advertising everything from brandy to cycle-wheels.

Once Fastest Big Man in Hockey Dies

VANCOUVER, July 11 (CP)—Silas Seth (Si) Griffin, once known as the "fastest big man in hockey" is dead.

The 66-year-old hockey great, recently elected to Canada's Hockey Hall of Fame at Kingston, Ont., died early today after an illness of several weeks.

He started his brilliant career in 1900, playing rover in the seven-man game and then cover point, and his dazzling speed and left-handed stickhandling took him to the top.

Born in the Kansas hamlet of Onaga, he moved to St. Catharines, Ont., at the age of 18 months, and then to Rat Portage, now Kenora, 150 miles east of Winnipeg, where he made a name as an oarsman.

Griffin played in many Stanley Cup series. He moved to Vancouver in 1906, retiring from hockey until 1911 when the Patricks opened the Pacific Coast League. When he left Kenora the citizens presented him with a purse of gold. He had been offered a handsome home if he would remain there.

Playing defence for the Vancouver Millionaires, a fabulous collection of rough and ready players, he was a 60-minute man on the ice. He then weighed 208 pounds. Si captained the Millionaires to the Stanley Cup in 1915. He retired in 1919.

At Kenora he was a member of the rowing club, winning many events at international regattas on the Lake of the Woods and the Red River by Winnipeg. He stroked Kenora's junior four to victory in 1905 in the Canadian Henley at St. Catharines.

An advertising executive, Griffin transferred his sporting instincts to bowling after his hockey retirement, and rated high in the Vancouver 10-pin league.

He is survived by his widow and a son, Robert, in Vancouver.

Golfing Prowess Of Tiny Toddler Amazes Experts

RHYL, North Wales, July 11 (CP)—Bobby Logan, who touched a golf club for the first time just nine months ago, has already startled members of the Rhyll Golf Club with his amazing feats.

Big, strong men, just taking up the game, have even threatened to toss their sticks into the ashcan after watching Bobby perform. Off the tee, Bobby invariably gets his drive straight down the middle, often beyond the 100-yard mark, pitches to the green with a backspin and explodes out of a sand trap. In fact he has scored a five on a 280-yard, well-trapped hole.

So what? Well, Bobby has something to brag about for he is very much of a wee toddler—just two years and nine months old.

Slightly under three feet tall, Bobby has learned to use his sawed-off clubs, a hickory driver and light-weight iron, with eyebrow-raising precision. He turns out every morning for practice, as present confined to two holes.

Bert Southcott, the club professional, says Bobby's hitting power is quite phenomenal. "His drives, averaging around 80 to 90 yards, are all carry and follow a correct trajectory. I think the secret lies in his wrists which are exceptionally strong for an infant."
