In his illustrated lecture on South Africa to be given in the Opera House Monday evening, by Mr. Robert P. Bell, the American lawyer journalist, the lecturer, with the aid of nearly 100 original pictures, will interest and entertain his audience for over an hour and a-half during which he will give a plain and comprehensive description of that portion of the African continent, which for some months past has been the cynosure of all eyes.

The lecture will afford an opportunity to learn much of the great gold and diamond mining industries of the Transvaal and Cape Colony, and the pastoral pursuits of the Orange Free Staters.

Pictures of places recently the scenes of battles, including Ladysmith and environs, Majuba Hill and Laing's Nek, the gateway from Natal to the Transvaal through the Drakensberg mountain will be shown.

The audience will accompany the lecturer on a trip through Rhodesia, that great expanse of territory north of the Transvaal, lately added to Great Britain's domain through the effort of Cecil Rhodes; Natal, the garden spot of South Africa, and the east coast Portuguese possessions.

The causes and conditions leading up to the war will be clearly defined, and the history of the relations of the English and Dutch, from the early days of the first settlement at the Cape of Good Hope to the present time, will be entertainingly told and pictured.

The third annual convention of the Christian Endeavor Union of P. E. Island opened in the Methodist Church at Bedeque on Wednesday afternoon, and continued until Thursday evening. There was quite a large attendance of delegates present, notwithstanding the rain, but ample arrangements were made by the good people of Bedeque for as many more had they faced the weather. The convention was opened at 2.30 p. m., with a spirited song service led by Rev. R. F. Whiston. The President then took the chair, and after appointing the usual committees, called upon the General Superintendent, Rev. J. M. Fisher, who gave a very brief and concise report of the present state of the societies on the island.

The welcome meeting Wednesday night was a grand success. The addresses were fully up to the average of previous conventions. The new officers were duly elected Thursday morning as follows:— President—Rev. R. F. Whiston, Charlottetown. Vice President—King's—Rev. W. H. Spencer, Montague; Queen's—Rev. G. M. Young, Ch'town; Prince—Rev. R. S. Whidden, Bedeque.

Secretary—George B. McNutt, Darnley. Treasurer—J. J. Chappell, Ch'town. Corresponding Secretary—Rev. F. A. Wightman, Bedeque.

County Supts.—King's—Robert Dochter, Cardigan; Queen's—W. C. Turner, Ch'town; Prince—A. S. McKay, Summerside. General Supt.—Rev. J. M. Fisher, Prince-town. Junior Supt.—Miss Ethel B. Connors, Summerside.

Papers were read by Mrs. J. Layton on the "Missionary Committee," by Miss Annie Baker on the "Importance of a Literary Committee," by W. C. Turner on "Prayer Meeting Committee," and by Miss Ethel Connors, on "Junior Work." Rev. D. B. MacLeod gave an address on the "Quiet Hour and the Secret of Church Work."

The report of the Provincial General Superintendent, Rev. J. M. Fisher, showed that out of the seventy-two societies that presumably exist twenty-five had reported. These twenty-five societies had an active membership of 543. Most of the societies have more female members than male, the exceptions being Cardigan, Central Bedeque and Milburn. About 90 per cent. of the active members are in full communion.

with the church. In regard to finance 64 per cent. of the societies contribute to foreign missions. Of the twenty-five societies reporting, 18 are Presbyterian, 4 Methodist, 2 Interdenominational and one Episcopal. The largest society is Zion, Charlottetown, with 59 active and 33 associate members, and the oldest is Alberton E. L. of C. E., organized in 1886.

FOR TIRED FEELING. Exhaustion is Waste—Over-work means Shorter Life—Dodd's Kidney Pills means Rest for the Kidneys. Overwork is what you do after common sense asks you to quit. Overwork of any kind does more than tire, it exhausts you. Just a little more after you ought to quit is the "too much" that uses you up. The blood goes out to all parts of the body faster than usual when you overwork. If the kidneys are not in proper filtering order, more poison is injected through them to all parts of the body than usual, and then work, to say nothing of overwork, is harmful. As soon as your kidneys commence doing good work there is less and less poison in the blood every minute. This explains why Dodd's Kidney Pills cure so promptly and permanently.
