THE Convent of Notre Dame opens on Monday next, the 3rd of September. So well known is this institution, that it needs no recommendation from us. Its reputation as a first class boarding school has been maintained from the beginning. But year after year it seems to improve, and it now offers inducements to pupils which they cannot readily obtain in the Provinces. The course of instruction in all branches, English, French, Music, Drawing, etc., is excellent, and the accommodation for the pupils as regards boarding, lodgings and recreation, cannot be surpassed. Those who intend sending their daughters to a well conducted boarding or day school should, before going elsewhere, become acquainted with the special inducements offered in the Convent of the Congregation of Notre Dame.

THE men who left the Island to work on the G. A. & E. Short Line Railway had rather a rough experience after work on that road had been suspended. The St. John Telegraph says the laboring men, on the road, had not received their monthly pay for some time, and when thrown out of employment were, in many instances, without a single dollar to take them where work could be obtained. One instance of this kind was the case of eighteen P. E. Island men. As \$30 was the sum total of their combined wealth, they were compelled to walk to the nearest port. There they hired a small schooner to convey them to the Island, after which they had sufficient money left to buy two biscuits each. This was their stock of provision, not only for the voyage but for two days on which the schooner was becalmed before starting.

MEETING OF THE DOMINION ALLIANCE AT SOURIS.—A large and influential meeting of the King's County Branch of the Dominion Alliance took place in Souris Court House on Tuesday the 28th inst. Representatives from different parts of the County were present and a large amount of important business in connection with the cause of temperance was transacted. It was decided to hold the next meeting in Georgetown. In the evening a public temperance meeting was held which was addressed by Revs. Charles McDonald, E. Bell, Gillis, Wass, Gregory McDonald, Stevenson, Pichan and others. The Rev. Charles McDonald occupied the chair. The speeches were far above the ordinary kind delivered on such occasions. The resident clergymen were also present and assisted at the close of the meeting in forming a branch of the Alliance at Souris. From the tone of the meeting and from the determined stand taken by clergymen of all denominations in behalf of temperance it looks as though the Scott Act was going to be enforced in good earnest in King's County from this time forward.—COM.

WE publish elsewhere a long interesting and well written account of the late disaster at Ichia, from the pen of the Napoleonic correspondent of the London Standard. Some time will elapse ere Italy recovers from this terrible shock, by which 5,000 people were, without warning, hurled into the hereafter. Not only the loss of life but the thousands of wounded left, requiring careful nursing and kind attention, and the abject poverty to which those who remain have been suddenly reduced, call for aid and sympathy all the world over. The Mr. Edward Newbery whose activity courage and self-devotion, and whose unflinching energy in the relief of the poor and distressed, has called forth such eulogiums from the Standard's correspondent, is a native of this Island, and a brother of Fenton T. Newbery, Esq., of Latta city. For some time past Mr. Newbery has been residing at Naples, but on being informed of the misery and wretchedness of those who survived the fatal shock, he resolved to go to Ichia, devoting himself to the work of rescue. Since the shock he has been untrusting in his efforts to assist in every possible way the panic stricken inhabitants, whose every voice is loud with enthusiastic praises.

THE Admiration OF THE WORLD.

Mrs. S. A. Allen's

WORLD'S

Hair Restorer

IS PERFECTION!

Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequalled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxuriant quantity as in youth.

COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER.

"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.
