THE first copy of the first paper published in Gothic, Colorado, is at hand, and is to be congratulated on having for its associate editor J. H. Fletcher, Esq. CONSPICUOUS among the influential men of the Dominion is Mr. J. H. Metcalf, member of Parliament from the city of Kingston, Canada. Coming to a personal matter we would mention that Mr. Metcalf was formerly subject to extreme soreness of the chest, for which, as he himself says, "I could find no remedy but St. Jacobs Oil, the Great German Remedy. I would not be without it for ten times its selling price."

NEWS from Iceland states that the Spitzbergen ice surrounds the north and east coast, entirely preventing navigation. Owing to the presence of these immense ice fields, vegetation has made no progress, causing a great loss of horses and sheep through starvation. Epidemics of measles and small-pox have been introduced into the island from Europe, and are making extensive ravages among the population; the former is especially prevalent in Reikiavik.

THE American yacht "Una," having on board Messrs. Frederick F. Eckstein, jr., Charles J. Evans, Harry Fowler Wood, and Frank W. Buchanan, all of Cincinnati, O., arrived here this morning, from Boston, via Cape Breton. The "Una" is a handsome, well built vessel, and is admirably fitted for her cruise. She will remain until to-morrow morning, and then return via the Isles of Shoals. Mr. Eckstein and friends have already excellent impressions of the "Garden of the Gulf."

WE are pleased to learn that Mr. Vinnicombe has come into the possession of an old heirloom. His mother has forwarded to him a violin of great age and richness. It is a very valuable orchestral instrument, of much power and brilliancy of tone. Like all such instruments, it is impossible to place a monetary value upon it, but we have no doubt that the instrument would readily command \$500 if placed in the market. We congratulate Mr. Vinnicombe upon his good fortune, and look forward to the pleasure of hearing him perform on the instrument at the promenade concert.

THE St. Peter's Bazaar and Promenade Concert gives promise of being a great success. Extensive preparations are in operation, and in addition to the first-class music of the Orchestral Club, there will be some first-rate chorus by the Glee Club. A Promenade Concert will be a novel feature amongst us, and considering the high reputation of the performers, it will be a great centre of attraction. The selections will be played, or sung, at intervals of about twelve minutes. It is, of course, customary to listen to the performers with quiet attention, the promenading and convivialities taking place during the interval. This is the custom where those concerts are most popular, and the same will be followed here. We hope that the Bazaar will be well patronized.

THE art of training is an ancient one, and in early days among the Greeks was quite simple. The regimen consisted chiefly of exercise and diet, and the body was hardened by exposure to all sorts of weather and by frequent plunges into cold water, while oil was daily rubbed over the joints to make them supple. The decadence of sports began with the Greeks when the Greeks began training, the chances of competition could not be taken by the people at large, and athletic rivalry became purely professional. Athletic sports lost their chief value where skill in them is expected only from those who are paid for exhibiting it, while all others are made either idle lookers-on or foolish betters on the result.

THE circular of Messrs. Dunn, Wiman & Co., for the quarter ending June 30th, gives the business failures of the quarter to be:
United States, 1,470 Liabilities, \$17,242,649
Canada, 165 1,462,745
This shows for the United States an increase of 365 failures, with an increase in liabilities of \$743,200 over the same quarter of last year, and in Canada a decrease of 18 failures with a decrease in liabilities of \$413,557, as compared with the same period of last year.

MR. S. G. W. BENJAMIN, author of "Contemporary Art in Europe," "The Atlantic Islands as a Resort of Health and Pleasure," and an extensive contributor to the celebrated "Century Magazine," has fitted up the schooner "Alice May," owned by Archibald Kennedy, Esq., for a trip to the various interesting points in the Gulf of St. Lawrence and on the Newfoundland Coast. Mr. Benjamin intends to contribute an article on the result of his voyage to the "Century." It will be profusely illustrated and P. E. Island will, no doubt, receive due prominence. Accompanying Mr. Benjamin, on his trip, are Mr. Burns, Artist, of New York, Mr. Parsons, of New York, and Mr. Cyrus W. Hyndman, son of Charles W. Hyndman, Esq., of this city. They leave this evening and will return the latter part of August. On their return they will spend a few weeks in this Province. We wish them a pleasant voyage.
