This will afford parties who have business in King's County an opportunity of going and returning on that day, and will be positively convenient to persons interested in the sale of the Imported Shire Horse "Stockman," to be held at Georgetown at noon on Monday. The train will leave at 7.45 a. m., and returning, leave Georgetown at 1.35 p. m. Standard time.

THE Myrtle Navy tobacco is not burdened with the usual costs which swell the price of most articles to the consumer; the firm employ no travellers whatever, the firm orders them instead of being sought by them. The merchant does not require to keep a large stock on hand swelling its price with interest, for the factory is an immediate source of supply to him, at the cost of a postal card, or at most a telegram. He loses nothing, therefore, from being overstocked. The article is a demand one, for which there is as constant a staple as for wheat or flour, and the merchant can therefore, sell it at a minimum rate of profit.

THE annual report of the Halifax Institution for the Deaf and Dumb for 1885, is to hand. From it we learn that the total

number of the pupils for the year were 75, 40 of whom were males and 35 females. Of these New Brunswick furnished 18, Nova Scotia, 45, Newfoundland 6 and Prince Edward Island, 6, viz., Maggie C. Russell, Charlottetown; Mary McNeill, Crapaud; J. S. Fanning, Summerside; Ephraim McNeill, Alberton; Eddie McVane, Bothwell; Norman J. McLeod, Dundas. The attendance increases each year, and the directors are of the opinion that the rate is not far distant when every deaf mute in the Province, capable of receiving instruction, will be properly cared for. The general health of the pupils has been excellent, and upwards of \$1,500 were spent in securing additional accommodation, which it is hoped will add to the health and comfort of those in attendance. The income of the institution is hardly sufficient to meet the current expenditure, and as several improvements are to be effected this year the friends of the Institution will likely be called upon to contribute to the funds. From a carefully compiled abstract of the census returns of 1881, accompanying the report, we learn that there are 5,368 deaf and dumb persons in Canada—2,919 male and 2,449 female—of which number P. E. Island furnishes 122—65 males and 57 females.

MR. WALTER LOWE, carpenter, was attacked by some four or five young men, near Mark Wright & Co's. corner, about 10 o'clock last night. It appears that about 9 o'clock, Walter, according to custom, had returned to the Salvation Army Barracks. He was on the porch for a short time, leaning on his cane. There were several young men standing round one of whom kicked the cane, causing Mr. Lowe to stumble and almost fall to the floor. He looked about for the offender, but he could not be found. He resumed his position, only to have his cane again kicked. Walter by this time had begun to get vexed at the repeated kickings, and he determined to find out the offender and chastise him. He accordingly kept his eye on the floor, watching for the foot of his assailant. It came, the cane was kicked, but before the man had regained his position, he received a "back-hander," which knocked all the nonsense out of him for the time being. Mr. Lowe then passed into the Barracks, carrying a young man outside vowing vengeance. About 10 o'clock he left the Barracks for home. He was met at the door by two friends who told him that the young men had threatened to beat him, and advised him to be on the look-out for them. He did not take much interest in the matter, but deeming it prudent to exercise a little caution, he asked the men to walk down the other side of the street, where they would be on hand in case of emergency. This plan was acted upon, the two friends going down one side of Hillsborough Street, and Mr. Lowe on the other. On the side taken by Mr. Lowe were the young men in a group. After he passed one of them, armed with a loaded whip, left the group and walked on after him. This man followed as far as Wright's corner where the attack took place, Mr. Lowe being struck on the head with a whip which almost knocked him senseless, and receiving a blow from the fist in the eye discolored the optic. Mr. Lowe called for assistance and his two friends came, as also did the companions of the assailant. The fight was stopped, but will likely be legally contested at the Sibiendary Magistrate's Court on Monday.
