Heathman Committed To Mental Hospital

VANCOUVER (CP)—Charles Heathman, who told a Vancouver newspaper April 21 he killed a ten-year- old boy, has been committed to a mental institution for an indefinate term.

Magistrate James Bartman said he hoped Heathman, 39, would receive treatment that would restore him to a normal life.

Magistrate Bartman said Heathman's case will be reviewed from time to time before any decision is made on his release.

The magistrate said he had "lain awake at night searching his soul" in considering his verdict, but on the evidence before him he could make no other choice.

"We ought to show restraint and forebearance," the magistrate said. "Only God knows what's in this man's heart. Let us be dignified and charitable to him and all concerned."

Heathman was twice sentenced to be hanged for the suffocation murder of 10-year-old Donald Ottley in Vernon, B.C., Labor Day, 1960. He was later freed by the B.C. Court of Appeal.

CAN'T BE TRIED AGAIN

Under the law of double jeopardy a man finally acquitted of a charge after due process of law cannot be tried again on the same charge.

Next Week Is Busy One For PC Chief

OTTAWA (CP) — It will be almost a province-a-day for Prime Minister Diefenbaker during next week's rounds on the hustings.

The Progressive Conservative leader's itinerary, released here calls for a visit to Quebec, New Brunswick, Nova Scotia, Prince Edward Island and Ontario.

On Monday, May 14 he is to travel by train for receptions and meetings at Nicolet, Sorel and St. Hyacinthe in Quebec.

Tuesday's program schedules a flight from St. Hubert, Que., to Fredericton. In the afternoon the prime minister and his party will whistle-stop by car through St. Stephen, St. Andrews Junction, St. George and the Lancaster Veterans Hospital prior to an evening public meeting in the Saint John High School.

Wednesday will see the prime minister fly to New Glasgow, N.S., then to Halifax for an evening meeting.

Thursday will be spent in Prince Edward Island with visits to Summerside, Montague and Charlottetown.

On Friday Mr. Diefenbaker flies to Windsor, Ont., for a reception followed by a meeting in Chatham.

Continuing in Ontario, on Saturday morning he and his party will go by train to Guelph then drive through Fergus, Arthur, Mount Forest, Durham, Hanover and Chesley. He returns to Ottawa by air from Wiarton Saturday night.

MEXICAN MINES

The mining region of Durango in northern Mexico yields gold, silver, lead, sulphur and coal.

Mental Illness Can Affect Pets

TORONTO (CP)—Mental illness usually engulfs the whole family and can even spread to pets, says Dr. J. B. Howells, head of the department of child and family psychiatry at Ipswich Hospital, England.

"What we need is a psychiatrist at every doorstep," he told the Metro Mental Health Association.

Dr. Howells described mental illness as a vicious cycle. It can begin with an emotionally upset father who makes his wife neurotic. They in turn raise neurotic children who marry and repeat the cycle.

A family neurosis can even be passed on to pets and domestic animals.

He cited the case of a farmer who produced neurotic sows.

Dr. Howells said the farmer "took it out on the sows" when he quarrelled with his wife.

"The neurotic pigs smothered their piglets," he said. "Now the farmer raises chickens."

He urged the family doctor to take on the role of family psychiatrist.

QUIZ

You are South, both sides vulnerable. The bidding has been:

South	West	North	East
1 ♥	Pass	2 ♣	Pass
2 ♥	Pass	2 ♠	Pass
?			

What would you now bid with each of the following four hands?

1. ♠KJ64 ♥QJ9852 ♦AK ♣3
2. ♠832 ♥AKJ964 ♦K5 ♣J8
3. ♠95 ♥AQ8753 ♦AQ ♣QJ2
4. ♠AJ ♥KJ7542 ♦93 ♣K86

1. Four spades. The value of a hand goes up and down the scale as the bidding progresses. For example, take this one. At the point we open the bidding, the hand is considerably better than a minimum opening bid. There are only 14 high - card points, it is true, but the 4-6-2-1 distribution increases the value of the hand to about 18 points. The 4 added points are provisional, however, since they are based on the probability that partner will be able to support either hearts or spades as trump.

When North responds two clubs, the hand shrinks greatly in value. After all, partner might have had a hand with which he could bid a spade or raise hearts immediately, but he did neither of these things. Instead, he bid two clubs, which didn't help our hand one bit, and in fact, hurt it. The hand is therefore now assessed at only its face value of 14 points.

But when North then bids spades, the situation changes drastically again. The tentative 18-point evaluation is restored and we show that this was not a minimum opening bid by jumping to four spades. We blow cold when partner bids clubs, but we blow hot when the spade fit is discovered.

2. Three hearts. Here we just stick to our story that we opened with minimum values and that neither of partner's responses helped us at all. Having bid one, two, and three hearts, we indicate our hand is of the minimum class and based largely on a long heart suit. Partner may go on, depending upon his hand, but we have done our share by hoisting a red flag.

3. Three notrump. The two heart bid on the preceding round was a bit of an underbid and we now take up the slack by jumping to three notrump. A two notrump bid at this point would make it appear that we started with a bedrock minimum, which is something that is simply not the case.

4. Three clubs. All we can do here is give partner a preference for his first suit. We started with a relatively weak hand and we have to bid weakly in order to try to slow partner down. If partner proceeds in the face of two signoffs, he does so at his peril.

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.
