Dated this 25th day of October A. D. 1966. N. W. Lowther Proctor.

OUTDOORS Hunter Has To Work Harder in November hunter's month. It's the month when the autumn departs and the leaves lose their colour and turn brown and sodden underfoot. It's the month when nor'easters come shrieking in off the Gulf making life miserable for the ducks and geese congregating for their long journey south. It's the month when the Red Fox begins to show some of his winter coat and the bay of hounds begins to be heard across the dun brown fields. November is really a time between winter sets in and snow puts its white mantle on the death of summer. The hunter works harder for his game in November. The duck or goose blind can get to be a pretty cold and shivery place, and a walk through the woods for Ruffed Grouse hasn't got the same colourful appeal it had in October.

Vital Statistics BIRTHS COE - Mr. and Mrs. David Coe are happy to announce the arrival of their daughter, on November 2nd, 1966, at the Prince Edward Island Hospital. Weight 3 lbs. 11 oz.

ENGAGEMENTS MacDOUGALL - AKWORTHY Mr. and Mrs. Charles MacDougall, New River, announce the engagement of their only daughter, Charlotte Marie to Orville Ormer, son of Mr. and Mrs. Ernest Akworthy, North Milton, Maritima in late place November 19.

IN MEMORIAM BERNARD - In loving memory of Harry Bernard Hunter River who passed away Nov. 5th, 1966. He was a true friend and a true patriot. He will be missed by all who loved him. Lovingly remembered by his daughter Alice.

OBITUARY DOMITEN H. GALLANT A shadow of gloom was cast over Miscouche and the surrounding districts on Sunday, October 9, 1966 when it was learned that Domitien H. Gallant passed away at the Prince County Hospital after a brief illness.

NEEDS TRAINING It's one species of game that could use a little thinning out in the province. It seems that every bush harbours a den or two and there's not much doubt but what they get more than a few meals from rabbits, ducklings and grouse that the hunter would prefer to digest himself. I suppose the same thing applies to skunks as well, and the matter of predator control is one of the thorniest problems that can beset any Fish and Wildlife Service.

CLERK TYPIST (Continued) We require a capable young lady to perform certain clerical duties in addition to those of a typist. Experience helpful but not necessary. We offer a good starting salary with the usual employee benefits. Apply in person to The Manager, Bank of Nova Scotia Morell.

CLERK TYPIST (Continued) We require a capable young lady to perform certain clerical duties in addition to those of a typist. Experience helpful but not necessary. We offer a good starting salary with the usual employee benefits. Apply in person to The Manager, Bank of Nova Scotia Morell.

CARD OF THANKS A sincere thanks to Dr. Ellis Peck-Hospital, also all who visited and sent flowers cards, treats and helped in any way, while I was in hospital. Mrs. Watson Larier.

CARD OF THANKS The family of the late Mrs. M. E. Gallant would like to thank all relatives, friends and neighbors who sent flowers, Mass cards and messages of sympathy and helped in many ways during their recent sad bereavement. A special thank you to Father J.D. Kelly, Compton Funeral Home and the doctors and staff of Prince County Hospital.

SHARE FOOD What actually seems to take place is that the number of predators there are simply share in the available food supply. If you do get fewer predators they simply live higher on the hog because they don't have to share their dinner with anybody else. It's about the same as taking a pie and cutting it four ways or six ways. The size of the pie doesn't change but the size of the portions you get is reduced.
