MacLean Defends Deficit Financing At Kinkora Meet

"In the next five years the Maritimes will receive \$175,000,000 from the federal government," declared Hon. Angus MacLean, minister of fisheries speaking at a Progressive Conservative meeting in Kinkora last night.

"Over the last five years the Liberals continually harp about deficit financing. Apparently," he observed, "they would sooner see a deficit in Charlottetown than surpluses in Ottawa."

The fisheries minister who is one of two Progressive Conservative candidates in Queens County commented "this has always been a basic tenet of Liberalism."

He also touched on the shipment of Maritime potatoes to Europe and to the favorable trade balance this country now enjoys. He also spoke on his own portfolio of fisheries.

Other speakers were Heath Macquarrie, Mr. MacLean's running mate in Queens, and Dr. Orville Phillips, PC candidate in Prince.

John R. McCabe presided at the meeting and entertainment was provided by Reg. Pendergast, Shirley Barry, Arthur Gauthier, Russell Howatt and Joseph Connick.

New Credit Union Organized At Summerside RCAF Station

SUMMERSIDE — The first armed services credit union in this province and the second in the Maritimes has been organized at RCAF Station, Summerside.

The president is FILLI R.V. O'Malley and other officers are R.J. Adam, vice-president; G.E. Cordick, secretary and S.A. Best, treasurer.

The procedure of adopting by-laws, insurance coverage on shares and loans and bonding was affected at this meeting. The new credit union hopes to be available for operation immediately.

S'side Red Cross Clinic Has 252 Donors

Legion Home in Summerside, in the picture the mayor is having his blood tested by one of the mobile team members.

SUMMERSIDE — The Summerside and district Red Cross blood donor clinic got underway yesterday with an afternoon and evening session held at the Royal Canadian Legion Home on Notre Dame Street.

A count last night indicated that 252 donors had given blood throughout the day.

Yesterday's objective had been set at 300. Creelmann MacArthur, chairman of blood donor clinics said last night that he believed the lapse was caused by the fine weather that kept many regular people away due to spring work.

"But the second day of blood donor clinics, for some reason or other, always seems to be the best," he said.

He stated that the Red Cross had set an objective for the two-day clinic of 500. "We hope to extend this," Mr. MacArthur said, "because then we become eligible for the Manning Trophy," which is awarded to the group exceeding its objective by the largest number of donors.

Charlottetown won this award last year.

The Jaycees were leading the interservice club competition last night with 50 per cent having attended. Other classes were:

bankers, with bank of Commerce having 35 per cent; business firms, with Innan Plumbing and Heating having 10 per cent; inter-parish, with Miscouche leading with eight per cent; armed services, with Canadian Legion having 7 per cent; church groups with the YCW having 25 per cent; and servants, with the Civil servants having 12 1/2 per cent.

Mr. MacArthur expressed hope that today will see an increased number of donors with sessions from 2 to 4 in the afternoon, and 7 to 9 in the evening, at the Legion home.

S'side Carnival To Emphasize Fish Industry's Importance

SUMMERSIDE — In a move to focus more attention on the fisheries industry of P.E.I., the Summerside Lobster Carnival last evening agreed to contact the provincial department of fisheries for advice on how this can best be done, and to give prominence in the parade and at the official opening of the carnival to outstanding fishermen from various communities on the Island.

Charles Hogan, manager of the carnival, announced that this year's show will include two top acts that will be brought into the province as feature entertainment attractions that will be included with others already announced.

Details of service club participation are proceeding satisfactorily according to reports received from the various club representatives at the meeting.

Fifteen firms have already confirmed that they will enter floats in the big carnival parade, and some 25 other organizations are still considering the possibility of having floats in the parade, with many of these expected to participate.

It was agreed that the Kinmen would operate the canteen at the race track on all race programs during carnival week and that the other clubs would divide the work of providing staff for the canteen that will be located in the stadium.

The wild life display that proved so popular last year is expected to be twice as large for this year's carnival.

The five day carnival, Summerside's biggest summer attraction, is slated for July 17 to 21 inclusive.

Those attending the meeting last night included the president, Archie Johnson, Mr. Hogan, secretary, Lowell Anderson, and club representatives Ward Gilliland, Bruce MacDonald, Richard Wexler, Alvin Fishley, Ralph Ozon, Robert Iman and Gordon MacFarlane.

The next meeting of the committee will be held on Tuesday, June 19.

WEATHER

TORONTO (CP) — Temperatures:

How other major car manufacturers help us sell more Ramblers

Soon after Rambler introduced its first sensibly-sized car our competitors saw the trend we had started and went into compact car production. Despite the increased competition, they actually gave us a boost by making you more compact conscious.

Remarkable proof of this has been our success. In 1961, for instance, our sales increased by 50% over the previous year. And almost 100 new dealers joined us during the same period. This year sales are up 60% over last year.

With years of experience behind us, we are able to produce a vastly superior compact. For example: we pioneered Single-Unit construction; developed Deep-Dip rustproofing, specially for Canadian conditions and introduced the Ceramic

Armoured muffler, guaranteed for as long as you own the car. This year we added such new features as self-adjusting Double-Safety brakes; and a battery and coolant, both with a two year guarantee.

Rambler stands alone as the one automotive manufacturer really interested in providing what we call "maximum usefulness to the user". This, we feel, is the main reason for our success.

To prove this to yourself, take a look at the so-called compacts first. Then visit your Rambler dealer. You'll have no doubt that Rambler is Canada's best all round car value.

ALLISON MacLEOD LTD. 126 Cumberland Street 4-7964

PROCLAMATION

TOWN OF SUMMERSIDE BLOOD DONOR CLINIC JUNE 4th & 5th, 1962

As Mayor of the Town of Summerside, I hereby declare Monday, June 4th, and Tuesday, June 5th, 1962, next, as "Blood Donor Clinic Days" in the Town of Summerside.

The citizens of Summerside have always been known for their charity to their fellow man. The giving of blood is a corporal work of mercy, and a work in which all healthy people can help their brother in need.

Blood giving is one of the finest ways that which we, as lay people, can help to save lives. It might be the life of a very dear friend or relative, or even our own.

I sincerely hope that every citizen of the Town who feels that his or her health will warrant it, will make a special effort to patronize the Blood Donor Clinic either June 4th or June 5th.

The employees of the Town are in competition with the civil servants for the Public Servants Trophy.

Let us, therefore, each and every one, resolve to try to save lives by being a blood donor.

J. E. MORRISON, Mayor.

An Invitation
