A Statement of Facts.

On July 9th, 1891, after the present government obtained office, the actual debt of the Province, according to a statement furnished by the Assistant Provincial Secretary, amounted to

\$53,442.21

Mr. Peters, then leader of the Government, declared that thereafter revenue and expenditure would be made to meet—but there has never been a year since he made that statement without a deficit. Here they are—

Deficit 1891.....	\$ 30,439.20
Deficit 1892.....	37,651.29
Deficit 1893.....	119,942.33
Deficit 1894.....	20,164.21
Deficit 1895.....	32,862.80
Deficit 1896.....	14,135.35
Deficit 1897.....	38,201.65
Deficit 1898.....	43,611.54
Deficit 1899.....	36,915.03

Total, \$373,923.40

The Conservatives imposed no TAXES. The present government collected the following taxes in six years:

1894—Taxes imposed.....	\$ 45,182.81
1895—.....	47,661.00
1896—.....	48,466.10
1897—.....	46,674.50
1898—.....	44,995.97
1899—.....	55,668.68

\$288,649.06

The present government claim credit for having made the following reduction in the expenditure:

In the abolition of the Legislative Council.....	\$5,000
In the administration of Justice.....	3,000
In the Public Lands Office.....	1,217
In printing, &c.....	800
In abolition of the Reporter for the House.....	400

\$10,417

The average expenditure of the Conservatives for the twelve years they had the government, was \$278,959; and the above savings having been made, the average expenditure of the present government should have been \$268,542. But, as a fact, the average expenditure of the present government for the past nine years was \$304,511, or \$35,969 per year more than they claimed it should have been.

The Conservatives obtained an additional subsidy from the Dominion Government of \$20,000 per year. The present government obtained—NOTHING.

The last year the Conservatives were in power they paid for interest \$2,697.44.

The present government paid for interest last year **\$19,075.75.**

In other words, the ADDITIONAL SUBSIDY of \$20,000, obtained by the Conservatives, is now paid away by the present government for INTEREST on the DEBT created by them.

In a statement furnished by the Government on the 22nd May, 1906, the debt of the Province was made up as follows:—

Balance due Banks.....	\$159,365.63
Debentures 1891.....	185,000.00
Debentures 1898-1899.....	35,000.00
Deposits with the Government.....	152,435.77

\$531,801.40

If you add to this,

Debentures authorized last session.....	\$48,000.00
Sinking Fund used up.....	11,030.30
Amount due Winsloe estate.....	4,538.87

You have a total debt of..... **\$595,370.57**

On the 31st Dec. next there will be due

1/2 salary of Teachers.....	\$26,000.00
1/2 year's interest.....	10,000.00

\$36,000.00

Making a total of \$631,370.57

as the debt of the Province.

The present government says it spends more for Education than the late government. Well, the Conservatives spent for the years 1879 to 1890 the average sum of \$104,181 yearly.

The present government's average expenditure on education from 1891 to 1899 was \$121,868 yearly, or \$17,687 more than the Conservatives.

But they saved \$10,417 per year which the Conservatives had to pay, and they collected on an average \$48,108 per year IN TAXES, while the Conservatives had NO TAXES.

The people may ask where the additional expenditure goes. Well, the answer may in part be found in the fact that more is spent upon the roads—BUT ONLY IN ELECTION YEARS.

In 1893 they spent on roads \$50,178.

In 1897 they spent on roads \$28,190.

In 1899, when there was NO ELECTION, they spent only \$14,913.

In 1896 and 1897 there were elections.

This year, as there are two elections, the expenditure will probably reach, if not exceed, that of 1893.

The government are spending about \$50,000 per year more than the revenue, and are now collecting \$55,000 per year in taxes.

The debt of the Province is over \$600,000, and if the present state of affairs continues the debt will soon be so great that no more money can be borrowed. Then will come TAXATION with a vengeance.

The electors have now the opportunity of stopping this reckless expenditure, by voting the present incapable and extravagant party out power on the 12th December.

MORRIS BLOCK CHARLOTTETOWN D. A. BRUCE MERCHANT TAILOR.

AN ENQUIRY.

SIR,—Referring to the agreement entered into between the Local Government and the Dominion Government in regard to the Hillsborough bridge, as I understand it the Island is bound to pay over to the Dominion Government \$9,250.00 per year, together with the cost of covering the bridge, lighting, &c., which will bring the amount up to the first amount agreed upon, \$12,000 per year, the Local Government collecting the tolls, for a bridge on which the teams and railway occupy the same track.

Can you ascertain for the information of the electors of this Province what subsidy the Province of Quebec is giving to the Dominion Government for the bridge between Quebec and Levis, which is to cost about \$5,000,000? The Government also gave the Grand Trunk Railway \$500,000 to rebuild the Victoria bridge, Montreal, and allowed them to keep the tolls, which were exorbitant, until a short time previous to the Dominion election, when they were reduced.

I am very much afraid A. G. Blair was a little too smart for our Premier. It would never do for him to be too exacting, because he would have to consider the tug boat business, you know.

ELECTOR.

A FEW QUESTIONS.

SIR,—When Sir Louis comes to the Island to take a hand in the local elections, I sincerely hope the districts in which he may speak will treat him as they did in Murray Harbor and Belfast last year. While he is here I would ask him what Mr. Angus Ross, who is an employe of his department, has been doing on the Island the past three months? Are the people of this Island paying this man a salary to travel around the country to try and corrupt the electorate with whiskey and other devices peculiar to the great Party of Purity? Mr. Ross was operating in all the Ridings previous to the Dominion election and is now operating for Mr. Farquharson.

Every Mother A Doctor

It is an anxious time for mothers when the little ones get their feet cold and wet, and come home hoarse and coughing, or awaken in the night victims of deadly croup. Then it is that mothers turn gratefully to Dr. Chase, who, through his great Recipe Book and famous family remedies, has time and again saved the little ones and older ones, too, from suffering and death.

It is truly surprising how promptly Dr. Chase's Syrup of Linseed and Turpentine brings relief when the throat is sore and irritated, when the cold is tight in the chest, and the cough painful and distressing. It allays the inflammation, heals the sore and torn membranes, soothes the nerves and clears the air passages.

People who know of the singular virtues of Dr. Chase's Syrup of Linseed and Turpentine do not think of accepting the cheap substitutes which many druggists offer in its place; 25 cents.

To secure one of the finest properties in P. E. I.

This farm contains 130 acres of excellent land, 80 acres cleared and in prime condition. There is a fine belt of hard and soft wood (which is very valuable, now that coal is so high) oyster mud—within a few rods of the shore, abundance of marsh mud, well watered, two mills near the house, good buildings, basement stable, 6 miles from town, one mile from Pownal village, school next the farm, three churches within a radius of 1 1/2 miles, cheese and butter factory in rear of farm, a large and heavy bearing orchard of best varieties of apples and plum trees, raspberries, strawberries, etc. For location and beauty of scenery this property is unsurpassed by any on the Island. It is a dairy of a place, but there is not a dairy on it. Only reason for selling—going into business in the Northwest with my sons. Sold with or without crop, stock, and implements. Terms—an application to my solicitor, A. A. McLean, Barrister, Charlottetown, or to the owner, A. A. MOORE.
