and discomfort are not ease and not comfort. Ease is health; so is comfort.

You may as well be comfortable; that is healthy; as animals are. It is natural, both for you and for them.

If your ill health is caused by imperfect digestion, try Scott's emulsion of cod-liver oil. It does what it does by getting the stomach going right.

We'll send you a little to try if you like. SCOTT & BOWNE, Chemists, Toronto.

NOTICE TO ELECTORS.

QUALIFICATION OF VOTERS, AND HOW TO VOTE

In electoral districts of this Province the voting takes place by ballot. There is no registration of voters here.

Every male British subject of the age of 21 years and upwards who has for six months previous to the 9th day of October, A. D., 1900, been in the possession either as owner, tenant or occupant of a house or piece of land of the yearly value of six dollars shall be entitled to vote.

IN ADDITION TO ABOVE.

In country districts every male British subject of the age of 21 years who being liable to perform Statute Labour, has performed such Statute Labour or paid his commutation money for the year 1900 shall be entitled to vote, provided he has resided for twelve months in the electoral Division.

IN THE CITY OF CHARLOTTETOWN.

If a person cannot qualify as a tenant or owner, he may vote on his poll tax.

IF

He has resided for twelve months previous to the 9th day of October, A. D., 1900 either east or west of Great George Street, and has paid his poll tax or 75cts of it for the year 1899. This tax may be paid at any time before the election, but not on election day.

Every resident voter must vote in the polling district where he is living on election day.

We warn poll tax electors to be prepared with their poll tax receipts, before they go into the polling booths. If you do not produce them, your votes will not be taken and you cannot again enter the booth. Tenants and owners do not require receipts.

ONLY MAKE A CROSS.

Mark your Ballot as above indicated. Simply place a X in the space containing the name of William S. Stewart, the people's candidate for West Queen's. Place no other mark upon the ballot.

The cross must be made with a BLACK lead pencil. No other kind will do.

Following Irregularities Held Fatal to Votes.

- 1.—A single stroke instead of a cross.
- 2.—A mark which in itself is a means of identification, such as initials or some other mark known as used by him.
- 3.—Two single strokes not crossing.

No PERSON who has voted at the election shall in any legal proceeding be required to state for whom he voted.—See Sec. 97 of the Election Act.

The election law of the Dominion provides for perfect secrecy of the ballot, except in case of a scrutiny before two judges of the Supreme Court. Before a scrutiny can be held, the person desiring one must deposit in Court one thousand dollars as security that he will be successful. No ballot can be examined until it has been first proved that the voter has no vote, and no vote under any circumstances can be examined unless it has been marked objected to before the vote was given. No vote can be marked objected after the voter has received his ballot.

The ballots after being counted are sealed and sent to the Returning officer who without opening the packets or breaking the seals transmits them to the Clerk of the Crown in Chancery, and whilst in the custody of the Clerk of the Crown in Chancery no person is allowed to inspect them.

Besides the polling officers and the agents of the candidates, only one elector may enter the polling booth at a time; he MUST mark his ballot in secret, he MUST hand his ballot folded to the polling officer, who MUST place it in the box without opening, and there is a penalty for displaying the ballot in any way that would afford a clue as to how the elector is voting.

THE TOLL GATE.

The correspondence, in the case of the New Liberal member for Temiscouata lately published in The Montreal Star, lets a side light in on the methods of the Tarte-Laurierites which shows to what a disgraceful state they have reduced a political life. Can it be wondered at that prominent men such as Mr. H. H. Cook, were approached by the "toll-taker" when even minor employes on the Government railway are expected to pay money to the member for their county to get themselves reinstated when they have been wrongfully dismissed? The case in point is, as the Star remarks, a

particularly contemptible one. Mr. Chamberland, a station-master on the I. C. R., was about to be married, when he heard that some people were trying to trump up some charge against him to secure his dismissal that they might get his position for one of their friends. He communicated with the Liberal member for Fis county, and received the following letter from him:

(Translation.)
Private.
Ottawa, April, 1898.
My Dear Friend,
I hasten to place in your re-marriage casket the assurance that there are no complaints against you, and that even if there were they would not pass.
Yours,
CHS.

Mr. Chamberland went his way rejoicing, and was married, but a little later he got his dismissal. He again approached the local custodian of the destinies of Government servants, and the M. P. said he was sorry the thing had happened, but it must have gone through without his knowledge. He proposed that he should work to secure the reinstatement of the dismissed man, and placed the sum of \$100, as the amount Chamberland would be expected to pay for the services. The dismissed employe was not very "flush" just then, and only managed to raise \$25, which the poor man accordingly sent to the precious member

of Parliament, who received it, as the following letter shows:

(Translation.)
My Dear Friend,
You understand that \$25 is very little with all the expenses I have had to incur. I do not renounce the hope of giving you a cheque later. Yesterday, again, I saw Blair and Pottinger at Levis. I fought like a lion.
Yours truly,
CHS. A. G.

Mr. Chamberland discovered who had made the charges against him and brought an action, which resulted in his being awarded \$400 damages. In the course of the trial it came out that the M. P. had received the charge against the station-master himself, and had written a letter acknowledging the receipt of them and promising to have them pushed through. On the witness stand under examination this guardian angel of the country, this protector of the rights of a fee people, had to admit that he had written the letters of which the above are copies.

MR. COOK REPRESENTS MANY LIBERALS.

The Toronto World points out that Mr. H. H. Cook, whose letter arraigning the Liberal Administration has caused a sensation throughout the country, belongs to a family that have always been staunch Liberals. "For eighty years," says the World. "Mr. Cook's family has been in politics, and always on the same side. Eighty years ago an uncle of Mr. Cook was a member of Parliament on the Liberal side, and since then himself and two brothers, as well as other relatives, have represented constituencies in Parliament. If ever there was a family of Liberals in the country, that family was the one of which Mr. H. H. Cook is a member. Mr. Cook's repudiation of the Laurier Government is couched in strong language, but we believe he does not go too far in voicing the feelings of the old-time Liberals against the venal crowd that now control its destinies."

The Montreal Star remarks that Mr. Cook undoubtedly represents a very large section of the Liberal party who feel that the Laurier Government are Liberal only in name. These dissatisfied Liberals particularly disapprove of Messrs. Sifton, Blair and Tarte, and while many of them still have a friendly feeling for Sir Wilfrid Laurier, they feel that he is weak and inconsistent, and dominated by the worst elements in the Cabinet.

The Liberals enter this election campaign more divided than the Conservatives were in 1896.

A divided party has never yet been successful in an election in Canada. The Conservatives have always been more numerous than the Liberals since Confederation, and they have always won when united, but on two occasions when the Conservatives were divided—1874 and 1896—they were beaten. Numerically weaker than the Conservatives, the Liberals are even less able to succeed when divided, and their defeat in the coming election seems to be certain.

LOVE

Lives only in the present. Nature throws a glamor around youth and maiden, so that although they saw misery and marriage walking hand in hand in every home in the world they would fondly believe that they could marry and defy misery.

Young women should be taught to prepare for marriage. They should understand how to preserve their womanly health through the functional changes of maternity. Doctor Pierce's Favorite Prescription is the most effective medicine for the preservation of womanly health and the cure of womanly diseases. It regulates the periods, dries enfeebling drains, heals inflammation and ulceration, and cures female weakness. It prepares the womanly organism for maternity and makes the birth hour practically painless. "Favorite Prescription" contains no alcohol, neither opium, cocaine, nor other narcotic. "My wife was afflicted with uterine trouble for several years," writes Mr. J. C. Day, of Little Britain, Lancaster Co., Pa., "and in November, 1898, the doctor said she had a miscarriage. He treated her for about two months or so, but there was but little improvement. I wrote you after she had commenced to take 'Favorite Prescription' and you told us to get 'Golden Medical Discovery' also. She took six or seven bottles of 'Favorite Prescription' and two of 'Golden Medical Discovery' and got out of bed and was able to attend to her household work." Dr. Pierce's Pleasant Pellets cure biliousness.
