

MRS. MARK MacGUGAN

Busy Wife Studying For Ph.D., Favors Husband's Candidacy

Part-time teaching at the University of Toronto coupled with the writing of a thesis for her Ph.D. is presently occupying the attention of Maryellen MacGuigan, whose husband Mark is a Liberal candidate for Queen's County in next week's election.

An American by birth, a Canadian now, since her marriage in June, 1961, Mrs. MacGuigan says she is "looking forward to being closely involved, through my husband, in Island life".

Daughter of James H. Symons, a university professor who is now an economist with the U.S. government, Mrs. MacGuigan spent most of her childhood in New Jersey. She and Dr. MacGuigan met at Columbia University where he was doing graduate work in law and she majoring in English at the University's Barnard College.

They now have a daughter, Ellen who is three years old, a son Mark, 16 months and are expecting their third child in March.

Mrs. MacGuigan is a member of the board of directors of York Montessori Nursery School, which she helped found, and their daughter attends this school.

Her family she declares to be "the most important part of my life." She enjoys cooking and experimenting with new recipes. She has "become very fond of the Island" where they have been spending summers, and since politics interest her very much, she is completely in favor of her husband's seeking the

Talk On Sewing Heard By Guild

The Kensington Presbyterian Young Women's Guild met at the home of Mrs. James Heffell, Travellers Rest on Tuesday evening, October 26. The president, Mrs. Keith Thompson, opened the meeting and roll call was responded to by 18 members. Devotions were led by Mrs. George Tannahill who also introduced the new study book "Congregation—Summoned—Sent", to the members.

The president reported that she and Mrs. Heffell had purchased new runners for the church vestibule. It was decided to contribute the sum of \$28 toward the expenses of sending some young people to a Youth Conference being held at Moncton during the last week in December. The treasurer, Mrs. Alan Champion, reported proceeds from a recent "message sale" amounted to \$64.18.

Refreshment committee for next meeting will be Mrs. Harold Stewart and Mrs. Ron Kennedy.

At the close of the meeting, the hostess, Mrs. Heffell, then introduced Irene Mountain,

Home Economics teacher at the Kensington Regional High School who gave a most interesting talk on sewing, and the use of suitable fabrics and patterns for the individual figure. Refreshments were then served by the hostess.

Couple Celebrate 25th Anniversary

Relatives gathered at the home of Mr. and Mrs. Malcolm Irving, Cherry Valley, to honor them on their silver wedding anniversary recently. Also in attendance was Ivan Docherty, the groomsmen of 25 years ago. Mr. and Mrs. Irving were escorted to the living room by Mr. and Mrs. Ivan Docherty, and Mrs. Blair MacDonald read a humorous address, after which they were presented with a useful gift from their three children Norma, Verna and Ralph. Numerous other gifts were presented by Mrs. Ivan Docherty and Mrs. Alan MacRae on behalf of those present.

Refreshments, which included a three-tiered anniversary cake, made and decorated by Mrs. George Irving, were served by several of the guests.

PLAN DRIVING COURSE
EDMONTON (CP)—The Alberta Safety Council has announced a defensive driving program for Edmonton. Defensive driving is the art of avoiding automobile accidents by compensating for another driver's mistake. A similar course offered to Calgary civic employees cut car accidents within the group by 60 per cent.
