CHARTERED ACCOUNTANTS MEET

A special buffet dinner will be held at the Charlottetown Hotel tonight in honor of John L. Helliwell, F.C.A., (left) President of the Canadian Institute of Chartered Accountants. Mr. Helliwell is accompanied by E. Michael Howarth, Executive Secretary of The Canadian Institute. A native of British Columbia, Mr. Helliwell obtained his C.A. in 1928 and is now Senior Partner of Helliwell, MacLachlan and Co., Chartered Accountants, Vancouver, B. C.

Master Of Visiting Ship Is Escapee From Communism

Another of the thousands of eastern Europeans who abandoned their native land rather than live under the arbitrary demands of international Communism, is Vasil Pangratis, master of the 5,000 ton freighter, Iri, which arrived in port in Charlottetown Monday with a cargo of super phosphate consigned to the Island Fertilizers Limited.

VASIL PANGRATIS

Captain Pangratis was born in Romania, and as a young man served as an officer in the Royal Romanian Navy under Kings Carol and Michael. When the Russian-sponsored Communist element took over his country following the close of World War Two, he like thousands of his countrymen decided that it was impossible to live under such a regime.

Accordingly, one night he and six comrades crept aboard a small boat and set out for Istanbul and freedom. The escapees rowed across the Black Sea to safety—a distance of 160 miles. SAILED SEVEN SEAS

Since that time the master mariner has sailed the Seven Seas under many flags. "We must begin life all over again and forget about the past," he observed.

The only member of his family still living is a brother who, the Red Cross says, is still a prisoner of the Russians.

Now engaged in the coastal trade along the eastern seaboard of North America, Captain Pangratis formerly commanded ships plying between the U.S. and Britain, and, for several years was

in charge of grain carriers on the Canadian Great Lakes. Communism always seems able to fool the leaders of nations, the Captain remarked. "Why, even as children we knew such a system was no good," he said.

Captain Pangratis does not expect to be ready to leave this port before next Tuesday. From here he may go to Summerside to load a cargo of potatoes, he added.

The freighter registered in Liberia, carries a crew of 27, hailing from such places as Venezuela, Cuba, and the United States.

MT. HERBERT PACK The last Mount Herbert Brownie Pack held their first anniversary banquet on Saturday evening, October 18th at the home of Mr. and Mrs. David Mutch. This Pack consists of girls from Mount Herbert and Mermaid. Mrs. H.W. Cudmore and Mrs. W.W. Reid on arrival were taken to the living room and Brown Owl introduced them to each Brownie and their mothers and fathers were then introduced and very soon Mother and Brownies were all seated in the dining room.

Mrs. Russel Driscoll President of the Group Committee welcomed the guests with a few well chosen words. The Brownie Prayer was read by Mrs. Alex Morrison, Brown Owl, this was followed by the toast to the Queen proposed by Mrs. Russel Driscoll. The Brownie fathers very capably served a most delicious supper. Mrs. Cudmore told the Brownies they were very fortunate and lucky to have not only their mothers but also their fathers at the banquet. She also told about a very large Brownie Rally held in Toronto where the Brownies demonstrated the tests which they are required to pass for each badge they wear.

Mrs. W.W. Reid told the Brownie about a Doll Show her Brownies had put on at one meeting where each doll was dressed to represent a different country. She also praised the foodstool and Owl—this foodstool was made of paper mache by the Group Committee, and an artist in the Community Mrs. Earl Ings made a beautiful job of painting the different emblems.

Mr. Ralph Raynor donated the Owl, which was a play toy of his early years. The foodstool was knitted by the Brownies—the squares are red and white and joined together with navy blue yarn. Mrs. Russel Driscoll thanked the Commissioners and Mrs. Alex Morrison Brown Owl accepted a hearty round of applause and said a few words for the co-operation given her and Tawney Owl, Mrs. Kenneth Jenkins during the year.

The fathers were also given a round of applause for their splendid work in making this banquet a success. Mrs. Winston Wood expressed thanks for donations to the banquet. Mrs. E. Woodriff also expressed thanks to those who had given their time, effort and homes. "The Queen" was sung and the Brownie and Commissioners went into the living room where a lively "sing-song" was conducted.

After the fathers had eaten supper, Mrs. Cudmore presented eleven stars to the following Brownies; Margaret Mutch, Ma-

Sees Montreal Ideal Spot For Steel Industry

MONTREAL (CP) — A French authority on geography Tuesday told the Montreal Chambre de Commerce that this city will be ideally suited for development of a steel production industry when the St. Lawrence Seaway opens next year.

Professor Michel Philipponneau of the University of Rennes, guest

professor at the University of Montreal's institute of geography, was addressing the institute's weekly meeting.

He said a steel production industry here could draw iron ore from Sept-les, Que., and coal could be brought in by United States ships en route from the Great Lakes to pick up iron ore at Sept-les.

Sept-les, 500 miles northeast of Montreal, is a St. Lawrence River port and terminal for a railway

line carrying ore from the mines of northeastern Quebec. "Savings realized in the transport of steel would encourage the rise of diversified metallurgical industries in all Quebec," Professor Philipponneau said.
