NEWFOUNDLAND We strongly recommend a continuing subsidized service to Newfoundland and feel that along with Charlottetown; that the towns of Sauris, Georgetown, and Summerside should be ports of call on this very important trade route.

NORTH SHORE The Provincial Government should investigate fully all possibilities of enlarging this service, and allot a subsidy, if necessary, to establish a scheduled service.

ROAD PAVING The committee commends the Provincial Government for their expanded five year program, and expresses its appreciation to the Federal Government for their participation, to the extent of 50 per cent cost of paving.

RAILWAY Due to recent increase in freight rates, and with prospects of future increases. We strongly recommend that the Federal Government Institute a program of freight subsidies, which would allow our primary producers, (Farmers and Fishermen) to place their products on the markets of Central Canada; in competition to those from the U.S.A.

RUNWAYS The committee would extend their thanks to the Federal Government, on the extension of runways at the Charlottetown airport on this very important and modern means of transportation. We look forward to a greatly increased service, in regard to air transport.

REPORT COMING The report of the Atlantic Provinces Transportation and Development surveys Committee is expected to be completed this coming summer and your committee urge for an all out effort by Government officials of the Atlantic Region and other interested groups and officials to bring about a successful conclusion to our efforts for the construction of the causeway.

WOOD ISLANDS - CARIBOU The committee was amazed and gratified at the tremendous increase in traffic noted on this service, due mainly to the commissioning of the M.V. Lord Selkirk in 1958.

The following traffic figures show the increase. 958 figures and any correspondence or donations will be made to this club after next meeting when officers will be appointed.
