LETTERS TO THE EDITOR.

The Regatta.

Sir,—As an evidence that "What the People say" is not always correct, I am prepared to say that the "Regatta agitation" has not collapsed, but is likely to be a reality in the near future. The people of Charlottetown, however, do not appear to appreciate a regatta. It will therefore, likely take place on some of the adjacent harbors—perhaps in the form of challenge matches—furthered nevertheless, by the same parties who took the initial step. I might here mention a class of young men who have formed themselves into the only boating club in our city. Their means are very limited, and when the press announces their monthly meetings, the notice is passed over with as little concern as would a bachelor young man pass an auction sale of household furniture. This is not as it should be. The conduct of those young men in securing a place for exercise and amusement should be commended, so long as it is conducted as is the South End Boating Club.

If the chapter of accidents had placed those who constitute the membership of this club in another sphere, they might be found answering to the roll call of a football club or something of a like nature. It is no credit to us that such break-neck pastimes should be upheld to the almost total exclusion of boating. If our people would encourage this beneficial sport, a source of pleasure would soon be established, which would be self-sustaining; and before long prove of considerable advantage to our hotels and business-houses.

The Fish Puzzle.

Sir,—Your decipherer "Jim" did well to correct "Dick's" addition, for obviously 8x9=72 and not 63; but further "to point the moral and adorn The Tale," it may be well to show that the "puzzle" is no puzzle at all, but a common fact with all figures that bear the same fishy proportions of

Head	Body	Tail
3	4	1

To illustrate this, let Tom (or Jim) be 150 lbs. avoirdupois, Dick 200 lbs., and Harry 50 lbs. Tom would weigh as much as Harry with half of Dick's weight added, while Dick would equal Tom and Harry.

Matrimony Suited Him.

A SEPTUAGENARIAN BURIES HIS WIFE AND MARRIES AGAIN IN ONE DAY.

Rev. F. A. Andrews, of Jeffersonville, Ind., is relating to friends the most novel instance of his experience as a tier of matrimonial knots. Mr. Andrews was called last Sunday to officiate at the funeral services of Mrs. J. B. Wascom, of Scott county, Ind. After the burial Mr. Andrews prepared to start on his long drive back to Jeffersonville. The bereaved husband, with much show of feeling, asked him to remain over night, however, and thinking he might be needed the good man consented.

After supper, much to his surprise, he was told that there was about to be a wedding in the house, and it was desired that he should officiate. The newly made widower had made all preparations for again embarking in matrimony for the third time, and in a few minutes the knot had been tied. Mrs. Wascom No. 3 is a blushing bride of seventy-three summers, while her husband is seventy-one years old. Besides Elder Andrews, the only person who witnessed the marriage was a great grandchild of the groom. All three of Mr. Wascom's wives were sisters. The second was married only a few days after the death of the first.

Inter-Provincial Shooting.

SOME INTERESTING INFORMATION ABOUT PAST MATCHES.

We clip the following interesting information relative to inter-provincial rifle shooting from the Halifax Mail of Friday:

"The first of these inter-provincial matches was fired at Moncton in 1886. Nova Scotia and New Brunswick were the only contestants, P. E. Island being unable to send a team. In that match the New Brunswickers were the victors, scoring 701 to Nova Scotia's 638, a difference of only eight points. As in yesterday's match, the Nova Scotians led at 200 yards, their score being exactly the same as yesterday, 230 points. The New Brunswickers improved their score at that range one point, having made 234 in 1886 and 235 yesterday. At 500 yards the New Brunswickers in 1886 scored 243 to Nova Scotia's 224 and thus secured a lead of 14 points. They did the same thing yesterday, scoring 223 to Nova Scotia's 209 and securing a lead of 13 points. The Nova Scotians beat the New Brunswickers in 1886 at 600 by six points—230 to 224, but yesterday they were two points behind—201 to 203.

"In 1887 the match was fired in Charlottetown, three teams competing. The Islanders led at 200 by two points, New Brunswick and Nova Scotia being tied with 229 points each. Yesterday the Islanders were the tail enders at this range, 15 points behind the leading team—Nova Scotia—who scored 239. Last year at 500 yards the scores were Nova Scotia 223, P. E. Island 194 and New Brunswick 190. This order was just reversed yesterday, New Brunswick being at the top and Nova Scotia at the bottom, 17 points behind the leaders and two behind the Islanders. The same thing happened at 600. In 1886 the Island team led at this range, scoring 195, or 11 better than their score of yesterday, which was low. Nova Scotia made 190 then, the second highest. They added 11 to this yesterday and still could get no better than second place, the New Brunswickers beating them two points, scoring 203 points to their 152 of last year—a difference of 51 points. The totals in 1887 were: Nova Scotia, 645; P. E. Island, 590; and New Brunswick, 571. The Nova Scotians improved their score one point. The New Brunswickers added 91 to their score and the P. E. Islanders improved their score by 26.

"As already stated the Nova Scotians were 13 behind New Brunswick and 13 ahead of P. E. Island on commencing at 600 yards. Six men fired at a time—a pair from each team. When the first pair had finished shooting at 600 yards, Nova Scotia had reduced this lead by eight points and the P. E. Islanders got in two more than Nova Scotia. In the second pair New Brunswick came out best, scoring four more than Nova Scotia's pair and two more than the Islanders. The third New Brunswick pair also came out away ahead, 11 better than the Nova Scotians and 16 better than the Islanders. When the fourth pair took the mound, New Brunswick had a lead of 18 points over Nova Scotia and 44 points over P. E. Island. The Nova Scotians—Dover and Blair—with two 27's reduced the lead to 15 and the P. E. Island pair dropped behind 11 more.

"Lieut. Dover's 89 was the score of the day. Sapper Anderson, the junior of the P. E. Island team, is second man with eighty-eight."

Methodist Nuns.

THE NEW RELIGIOUS ORDER ESTABLISHED BY THE GENERAL CONFERENCE.

A New York letter to the Pittsburg Dispatch says:—Methodist nuns are to be a novelty in feminine experience. They were created by the Methodist General Conference, after a careful consideration of the subject by the committee on missions. The idea came from the Rev. Dr. J. M. Thoburn, to whom it was suggested by an ex-Catholic priest, who had become a Methodist, and who strongly advocated it. The committee reported favorably, and the conference inserted in the discipline of the church a section regulating them. They are to be called deaconesses, and they will be very similar to the nuns of the Roman Catholic church, except that they are not to take vows of life service or of celibacy. Every annual conference in which these deaconesses are established will have a board of nine members to control this kind of work. Nothing more definite than that was done by the conference, but Dr. Thoburn tells your correspondent that the Methodist nuns will be very likely to wear distinctive costumes, and live in houses by themselves. They will minister to the poor and the sick, care for orphans and do other works of charity. They will be required to serve a probation of continual service for two years before being made deaconesses, and they will have to be at least twenty-five years of age. It has long been a hobby of the Rev. Dr. Dix, of the Trinity Episcopal Church, to have such duties performed by regular orders of women, and he succeeded, several years ago, in forming an organization of Episcopal nuns, but they were not formally indorsed by the denominations, and so the Methodists are the first Protestant church in America to attempt the recruiting and uniforming of religious sisters. Dr. Thoburn says that the first of these deaconesses will be very likely to be seen in Chicago, where there is already an informal organization of a similar character; but he believes that in all the large cities, within a year, there will be established probationary classes. As two years' service will be required before any woman may become a deaconess, there must ensue that amount of delay, but the work and costuming of the devotees may begin at once.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the bowels, and relieves wind, regulates the stomach, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind. [April 1 '88
