

OUR NEWS BUDGET for OUR SATURDAY SUBSCRIBERS

MONDAY

"When a woman receives a... broad education, more than one Senator Muriel McQueen Ferguson in an interview, following her address to the Business and Professional Women's Clubs of Charlottetown and Summerside, yesterday afternoon at the Charlottetown Hotel.

One of Canada's four women senators and a lawyer by profession, Mrs. Ferguson was appointed in May of this year and she represents New Brunswick, making her the first woman to go to Parliament Hill from the Maritime Provinces.

Petite, attractive and wearing a pretty cherry-red hat and navy two-piece dress, the woman senator spoke seriously about the importance of training women to learn how decisions in government affairs affect the way of life at home.

More than 1000 children from four years old and upwards enjoyed the hospitality and excitement surrounding the observance of Halloween as provided by the members of the Kinsmen Club at the Armouries on Saturday night.

The most successful Apple Day ever held by the Boy Scouts and Wolf Cubs of this city wound up in a blaze of glory Saturday as the boys sold a tremendous total of 24,000 apples. The net result in cash meant an addition of \$1,300 to the treasury to help carry on the work of Scouting for the coming year.

Princess Edward Island horses placed one, two, three in the class for mature Standard Bred Mares contested in the Bailey Arena at the Amherst Winter Fair on Saturday night. Pixies Girl, owned by R. S. Humphrey, Kensington, was first, Lorraine Abbe, owned by James E. MacNeill, Spring Valley was second and Ann Clez, owned by George A. Calbeck, Summerside was third.

Sterling MacRae of Brookfield, P. E. I. was one of the four top

individual performers in the livestock judging competition for rural youth at the Maritime Winter Fair. The other three were from Nova Scotia. The winners of the Maritime Winter Fair shield were the team of Roy Neilson and Bill McCurdy from Old Barnes, N. S. The young people judged two classes of dairy cattle two of beef one of swine and one of sheep.

AMHERST, N.S., Nov. 1.—(Special)—James MacNeill of Spring Valley (Kensington, R.R.) P.E.I., is the new Maritime potato king. The big farmer and shipper from Prince County won the 1953 edition of the title with his Pontiacs that topped the class for any other variety (colored). It was the second year in a row that Pontiacs were tops at Amherst Winter Fair.

Mr. MacNeill also won the special cash prize of \$125, donated by Canadian Industries Limited.

The new potato king ranks amongst the Island's largest growers with 100 to 150 acres in potatoes each year on his 800 acre farm. The winning sample was taken from a 50-acre field. Completely mechanized and in step with the times, the traditional potato diggers on this farm have given way to the modern combine potato harvester which digs and delivers the spuds into a truck that paces the combine and which in turn delivers them to the warehouse where they are dumped and immediately graded. Each day's digging of about six acres is a completed operation. Four tractors and five trucks supply the power and transportation.

AMHERST, N.S., Nov. 1.—(Special)—An attractive golden blonde daughter of Prince Edward Island is the Queen of the Maritime Winter Fair. Miss Barbara Woodside of Margate, a home economics student at Prince of Wales College, was crowned by Mayor Wightman of Amherst at the close of the competition in the Bailey Arena on Saturday night.

Another Island girl, Ruth Boswell of Victoria, was chosen as one of the Princesses. Miss Boswell is a graduate of the Conservatory of Music at Mount Allison University and is presently teaching music in Parrsboro, N. S., and taking special classes in piano and pipe organ on week-ends.

Halloween, and its opportunity to get into costumes, provided the perfect disguise for two marauders who broke into the C.N.R. freight shed early yesterday morning and escaped with 80,000 cigarettes. Apparently they affected their entrance by a door which was equipped with a Yale night latch. Two other doors on the inside of the building, each secured with a padlock, were also opened with no damage to the locks or doors.

TUESDAY Mr. F. M. Cannon, chief entomologist at the Science Service Laboratory returned to the City on Saturday after a business trip to the West Coast, where he attended the Divisional Entomological Conference at Vancouver, B.C., and a meeting of the Entomological Society of Canada at Victoria, B.C. At the Division Conference, Mr. Cannon met with other divisional chiefs from across Canada together with officials of the Department from Ottawa; the discussions which took place chiefly concerned divi-

lional policies and as to how they meet the needs of the various localities. The meeting at Victoria saw the reading and discussion of several interesting papers and a general exchange of ideas of those present.

—Flying at tree-top level for more than 600 miles in rain and snow, a Royal Canadian Air Force crew from Station Summerside performed a daring mercy flight last Saturday.

The Dakota aircraft, piloted by Flight Lieutenant Al Morton, Victoria, B.C., and Flying Officer Bob Harvey, Hortonville, N. S., flew from the Island base to Gaspe Village, Quebec, to carry Mr. John Eden, an English immigrant suffering from polio, to hospital at Montreal.

Paralyzed from the waist down, Mr. Eden's condition was aggravated by a collapsed lung which did not allow the pilot to fly at normal altitudes from Gaspe to Montreal. So poor was the weather when the aircraft took off from the Quebec village that the headlights of trucks and cars lining the short gravel runway were used to give the pilots sufficient visibility to take off.

AMHERST, Nov. 2 (Special)—Island breeders dominated the Swine Show at the Maritime Winter Fair today. S. C. Stewart and Son of Marshfield and Almon Boswell of Dunstaffnage were the breeders that stole the show and Stewart stole most of it with his heavier list of entries.

Boswell had the senior and grand champion male and the reserve junior male champion. He also had the reserve junior champion female. The Stewart's took the senior female championship and the grand female championship and the junior male championship. The reserve senior and reserve grand male ribbons.

AMHERST (Special) Nov. 2.—The Sanderson-Borden herd of Herefords took the major share of the honors at the Maritime Winter Fair here today. They took three firsts out of five in the male classes and completely dominated the female classes. Their triumph in the ring with their entries was so complete that they had all but one of the first places and cleaned up all of the female championship ribbons.

On top of that they took three of the five herd and group classes and took first and second on one of them.

The main opposition came from the herd of E. H. Himmelman who operated the Nova Hereford farm at LaHave, Nova Scotia. His Compost Lad 3E repeated the senior and grand championship he scored a year ago and his Nova Bruce, a senior calf went Junior Male Champion. The Sanderson-Borden herd's Elatonette Ruling Star was reserve junior and their count lionheart Tone 6AD was reserve senior and reserve grand Skye Standard 1H, a junior calf was the other male red ribbon winner for the S-B herd from North River.

WEDNESDAY AMHERST, N.S., Nov. 3.—(Special)—Prince Edward Island Holstein breeders came through with the major share of the championship ribbons awarded on the first day of the breed show at the Maritime Winter Fair today but nobody was able to establish any definite superiority in the number of victories in the individual classes. Classes were consistently heavy throughout the day and the competition as keen as has been seen in many years. Oswald J. Newton and Son of Kingston had three first places to their credit, including the female junior champion, when a halt was called to the first day's proceedings. Lewis Brothers had two firsts and two championships. Colby Lewis had one, and all three of them were strong in the runner-up positions. MacKintley Brothers of North Wilshire had one first with one animal in the show.

"The tourist traffic may be much more important to this Province than is generally understood," said Premier A. W. Matheson in addressing the P. E. Island Inn Keepers Association at their seventh annual dinner meeting held in the Charlottetown Hotel last evening. "If I were sure that a million dollars in revenue comes to the Province through the industry, it would be most encouraging and an incentive to suggest changes and improvements," the Premier continued. "I suggest that you submit absolute facts to the Department of Public Works from where your suggestions will reach the Government."

The Premier suggested, however that in the meantime the members of the Association should get in touch with their "Ambassadors of good will" their representatives in Parliament, and make them thoroughly conversant with their aims and objects, and sell them the idea of the value of the tourist business to the Province.

The body of Robert Stewart, 78, a patient at the Provincial Infirmary was found in the harbour about 9:00 o'clock yesterday morning. The deceased, who was a native of Victoria West, is not known to have any close relatives, but on Monday morning he had left the infirmary with the intention of visiting a cousin in Summerside. When he did not return to the institution that evening, no concern was felt, since it was presumed that he had fulfilled his intention of going to the Western Capital.

THURSDAY —Surpassing every expectation, a capacity crowd at the Summer-side High School auditorium last evening were delighted by an unusual and varied program featuring Dr. Robert Morion, a most versatile entertainer, who held the undivided attention of his large audience throughout the whole show, lasting about four hours. The program fully measured up to the claims made by advance advertising and covered a wide variety of entertainment including mental and memory training, demonstrations of psychometry, deduction, perception and observation, rifle sharp shooting and ballad singing, which preceded the amazing demonstration of induced hypnosis in which about twenty local men and women were willing subjects.

AMHERST, N.S., Nov. 3.—Newfoundland was invited to take part in the Maritime Winter Fair here Wednesday by Premier Matheson of Prince Edward Island. Premier Matheson extended the invitation at ceremonies marking the fair's Prince Edward Island day. The relations are close between Newfoundland and P. E. I., often termed the "million-acre garden". Newfoundland has little agriculture. Mr. Matheson stressed the need for co-operation by the Maritime Provinces.

"Never has it been known for one Province to so completely dominate the prize winning events at any show," said Mr. H. L. MacLaren, Chief Inspector of the Seed Certification Branch in referring to the magnificent showing made by Island potato exhibitors at the Maritime Winter Fair. Out of six classes, Island tubers placed first in all six. Mr. MacLaren has just returned from Amherst, where in company with two other chief inspectors, Messrs. Roy Layton, Kentville and Charles W. Fry of Fredericton he acted as a judge at the seed potato exhibit.

FRIDAY The village of Morell decided yesterday by a vote of 92 to 15 to seek incorporation. The plebiscite total was smaller than anticipated owing to the absence of many residents from the province. The result to Hon. Eugene Cullen, Minister of Natural Resources within 48 hours for presentation to the Government with a view to having the wishes of the people implemented.

Three championship ribbons including one grand championship award, were won by Prince Edward Island Yorkshire breeders at the Maritime Winter Fair today in as keen and as heavy competition as has been seen here for many years. Leading the field in individual wins, however, was the Linwood Farm, herd of S. C. Oland from Bedford, Nova Scotia.

The Island had some of the reflected glory from those wins as the herdsman is George Durrach, a native of the Brae from western Prince and a former herdsman at Falconwood Farm. The Oland herd took most of the female dry classes this afternoon and had a total of seven red ribbons, by far the most of any exhibitor in the day's competition.

AMHERST, Nov. 5.—(Special)—S. C. Stewart and Sons of Marshfield today won the Canada Packers trophy for the best market lamb carcass at the Maritime Winter Show. The cup was presented tonight by Mr. G. E. Hartley to Allison Stewart, who with a younger brother Wilfred showed the farm's sheep and swine here. The trophy is a challenge one and competed for annually. But along with it the winner was presented with a beautiful silver plate which he may retain. Almon Boswell of Dunstaffnage won the Provincial trophy for the best market lamb. Other placings from the Island in the market lamb class included Wilfred Stewart, third; Allison Stewart, fourth; Joseph O'Rourke, Tignish, fourth and sixth.

BIRTHS CLARK — At the Prince County Hospital October 29th, 1953, to Mr. and Mrs. James G. Clark (nee

Mill) a daughter. Weight 8 lb. 1 1/2 oz. MACKINNON — At the King's County Hospital on October 31, 1953, to Mr. and Mrs. Glen Mackinnon, Murray River, a daughter, Cindy Lee, weight 7 lbs, 15 oz.
