FUNERALS POSTPONED - The
funerals of the late Mr. and
Mrs. John H. Grady, which were
to have been held on Tuesday,
March 4th, have been postponed
until Thursday, March 6th, with
the times of services the same as
previously announced.

FLY HOME - Yesterday
from Elton Woodside's light
plane landed in a field near
Alberton bringing an employee of
the Island Telephone Co. Mr. Richard
Jeffrey, whose home is in
Alberton. Mr. Jeffrey was on a service
trip for the Telephone Co. -F.W.

THE REMAINS of the late
Mrs. Sarah MacKinnon will rest at
the Business Funeral Home until
Wednesday evening, then moved to
the home of her daughter, Mrs.
Maurice Gaudet, Miscouche, from
where the funeral will be held on
Friday, March 7th, to the Immaculate
Conception Church, Wellington,
for Mass at 9:00 A.M. Interment
in the church cemetery.

RED CROSS DRIVE - The
annual Red Cross drive in Sum-
merside will open this year on
March 25 and continue to April
1 with Mr. Charles Linkletter acting
as town chairman. Mr. Richard
Henthorn, who last year acted
in this capacity has accepted the
chairmanship for the Prince
County.-S

ENJOYABLE PARTY - On
Saturday, March 1st Mrs. Erskine
Millman, Alberton, helped her
young son, David, celebrate his
fifth birthday with a party at his
home. The little guests arrived
each bearing a nicely wrapped gift,
which they presented to David.
After playing games the children
enjoyed a delicious supper served
by Mrs. Millman, assisted by Miss
Betty Millman. The center of at-
traction was the nicely decorated
birthday cake, aglow with five
lighted candles. Each guest re-
ceiving a portion served with ice
cream. Guests were: Joe and
Kenny Albert, Ray Millman, Blair
and Freddie Bernard, Gary and
Pat Rochford, Wilfred MacArthur
and Judy Millman. David received
many nice gifts.

Mrs. H. J. Cahill
Passes Away
At Alberton
Mrs. Hugh John Cahill passed
quietly away at her home in Al-
berton Sunday evening, March 2nd.
She was in her 99th year, the date
of her birth being October 18th,
1853. Her maiden name was Eliza-
beth Gillis and she was the young-
est in a family of eleven children.
Her parents were Mr. and Mrs.
John Gillis of Montrose.
She attended school in Montrose,
in the same building now in use
and lived at home until her mar-
riage on February 7th, 1904. Since
that time she and her husband
have made their home in Alberton
where Mr. Cahill was a well known
carpenter until his retirement
some few years ago.
Death has removed Alberton's
oldest citizen and broken a link
with other days. During Mrs.
Cahill's lifetime many events of
world importance took place and
she witnessed many changes in
the mode of every day life. When
she was young the common means
of travel was by oxcart; farm im-
plements included the ox-drawn
wooden plough and the reaping
hook; and the latest in fashions
for ladies were hoop-skirts and
high buttoned boots; and all mat-
erials for clothing came off the
farm. In her youth Mrs. Cahill
had a share in the hard work of
the farm but she also knew good
times when the young people
would occasionally gather together
at a neighbor's for cards and
dancing.
The latter years of her life were
spent with her husband in their
own comfortable home on Church
Street. Mrs. Cahill enjoyed com-
pany and was an interesting con-
versationalist, known for her
ready wit. Her love of life and of
people continued to the end. Her
body grew old but her spirit re-
mained young.
The sympathy of the commu-
nity is extended to her husband,
who survives her.
The funeral will be on Wednes-
day at 10 a. m. from the Sacred
Heart Church at Alberton. -B

O'Leary and
Vicinity
-The ladies of the Knutsford
Baptist Church held a very suc-
cessful pantry sale on Saturday,
March 1st in Turner and McWili-
am's store in O'Leary. The many
lovely cakes, cookies etc. on dis-
play soon found ready purchasers.
Proceeds were for Church pur-
poses.
Tenders have been called by the
Trustees of the United Church at
Georgetown, P. E. I. for the re-
moval of the old manse building,
which must be completed by the
end of March. It is understood
that the Trustees, in co-operation
with the Young People's Union
and other Church organizations
plan to erect a modern Church
Hall.
Douglas Hardy of the R. C. A. F.,
stationed at Goose Bay, was a re-
cent visitor to O'Leary, the guest
of Mr. and Mrs. Thomas Gay of
Knutsford. Mr. Hardy is a former
resident of O'Leary where he con-
ducted Hardy's Radio Repair Shop.
He is also a former successful
Scoutmaster of the first O'Leary
troop of Boy Scouts and secretary
of the O'Leary Community Film
Council and an active worker in
the O'Leary United Church Young
People's Union.

PUPPY LEADS BLIND DOG
HUDDERSFIELD, England -
(CP) - When Dudley Stilton's
Aisatian dog Rusty went blind he
was advised to have it destroyed,
but instead he trained a puppy as
a guide for his pet. Now Dudley
says the two dogs are the best of
pals.

PALMERS GREEN, England -
(CP) - An employment bureau
in this Middlesex town is making
special efforts to find jobs for
aged workers. One man of 74
was given a cleaner's job, and a
70-year-old woman became a
kitchen helper.

Education Week Opens
With Display At S'side

Education Week at Summerside
High School opened yesterday with
a magnificent display of talent and
ability, as projects prepared by each
class were opened for public in-
spection in the High School audi-
torium, which is filled to over-
flowing with an attractive assort-
ment of expressions in art, wood-
work, dressmaking, and numerous
other displays.

These extremely interesting ex-
hibits are open for public in-
spection each day until Sunday
from 7 to 9 in the afternoon and from
7 to 9 in the evening, and members
of the commercial class are on
hand during these hours to act as
receptionists, and to provide pro-
grams and information on the var-
ious exhibits.

On Thursday night 42 girls from
grades 10 and 11 home economics
class will repeat their very popu-
lar playette that they staged at a
recent meeting of the Home and
Welfare Group, in which they will
model clothing they have made as
part of their home economics
course.

Also on Thursday night the
teachers will be present in their
various class rooms to meet and
talk with the parents of the chil-
dren they teach, and to answer any
questions the parents may wish to
ask regarding the work of their
children.

Special Project
There are so many excellent and
varied projects on display that it
is difficult to single any out for
special praise. However, one pro-
ject will, without doubt, receive
special attention from everyone
visiting the exhibits, because, not
only does it show a need, but
points the way in which Sum-
merside's expanding population may
answer an acute need for expand-
ed educational facilities.

The project referred to above is
credited to the grade 10 pupils who
have, under the supervision of Mr.
Gordon Welch, from the engineer-
ing department of M. F. Schurman
Ltd., constructed a model of a
modern high school, civic auditor-
ium, and gymnasium, such as might
be suitable to meet the present
need of increased class room space
in Summerside.

The model of the proposed school
has ten classrooms, a gymnasium,
cafeteria, laboratories, locker
rooms, library, workshops, etc. and
is a two story building with south-
ern exposure.

The auditorium is a separate
building shown on the same
grounds as the high school but not
really a part of the high school
plan.

This building also has a cafe-
teria and is constructed so as to
insure the proper acoustics. On the
ground there are special parking
lots for teachers and the public.

Another interesting exhibit was
shown in the interests of the Can-
adian Red Cross, and this exhibit
by the use of a film projector, loud
speaker, mirrors and ground glass
created an interesting television ef-
fect on the ground glass viewer
without any visible sign of project-
or or loud speaker. Continuous
"television" shows are in progress
during the hours the exhibit is on
display to the public.

A very interesting display by the
grade 9 and 10 technical class shows
the wonderful training these boys
are receiving in woodwork and
metalwork, and the high quality of
the work will be a surprise to
hundreds of people who will see
these exhibits, which include trays
book stands of various descriptions,
ash trays, lamp shades, folding
tables, sewing cabinets, nick-nack
stands, desks, magazine racks, foot
scrapers, etc.

Equally surprising is the display
of garments made by the girls in
the home economics course from
grades 7 to 11 as part of their
year work in sewing.

The practical maps received for
their entrance counts as a credit for
their work in Maritime Board
exams, and their practical work
counts as 50 percent of the total
marks accredited for work in this
department.

The Fashion Show by 42 of these
girls to be staged at 8 P.M. on
Thursday, will display a great deal
more of their work, and will be a
highlight of the evening.

A highly realistic exhibit deals
dramatically with the work of Sir
Wilfred Grenfell, who for 40 years
was engaged in the service of the
fisher folk who live on the isolated
coasts of Labrador and Newfound-
land ministering to them as teach-
er, doctor, and missionary.

Examples of the handicrafts he
taught these people such as carv-
ing, weaving, hoochie, etc., have
been secured direct from these Lab-
rador outposts through the co-op-
eration of a former nurse in the
Grenfell Mission. These items now
on display arrived in Summerside
only yesterday.

Other Projects
Other projects that required
hours of endless patient study and
preparation, and are equally as in-
teresting as any mentioned above
are a pair of painted plaster-
board maps of Korea, and of the
proposed St. Lawrence seaway.

A graphic chart of electricity
production in Summerside in the
years between 1925-1951.

S'side Fire
Dept. Monthly
Meeting Held

The regular monthly meeting of
the Summerside Fire Department
was held last evening in the Town
Hall with the newly elected Fire
Chief Abdon Arsenault in the
chair. The minutes of the last
meeting were adopted as read by
the secretary, George Hogg.

The various committees were
nominated from the floor. For the
coming year Borden Connell will
act as chairman of the finance
committee and Jerry Doucette was
nominated as chairman of the ways
and means committee. Mr.
John W. MacNeil was appointed
as publicity man for the ensuing
year.

Considerable discussion took
place regarding the alarm system
in Summerside which is not con-
sidered as satisfactory. However, as
the chairman of the investigating
committee dealing with this mat-
ter was not present, it was held
over until a future meeting.

Fire Chief Arsenault read var-
ious paragraphs from the copy of
the by-laws of the department and
stated that each and every fire-
man should procure a copy for his
own information. He appointed the
four captains of the company, al-
ong with himself to look into the
matter of the by-laws and to re-
vise them where it was found nec-
essary to do so.

The firemen are looking forward
to a change in the present alarm
system and the meeting closed
with this matter still under discus-
sion and it was carried over for
further discussion at the next reg-
ular meeting. -S

World Day Of
Prayer In S'side

The World Day of Prayer, spon-
sored by the Women's Inter-
Church Council of Canada, was ob-
served on Friday afternoon in
Summerside in the Church of
Christ with Mrs. Bishop Read
presiding and Mrs. Winsloe Morri-
son organist. The inspiring service
had for its theme "Christ Our
Hope" and its sub-divisions were
under the different churches of the
town.

The Call to Worship and Ado-
ration with the singing of the hymn
"Praise my soul, the King of
Heaven" were conducted by the
Church of Christ; Penitence,
opening with the singing of "My
faith looks up to Thee," was under
the direction of Mrs. G.L. Sheen
of the Trinity United Church; As-
surance, which closed with the
singing of "O God our help in
ages past," was in charge of Mrs.
J.S. Perry of the Presbyterian
Church; Intercession was led by
Mrs. Ray Clark of St. Mary's An-
glican Church and special prayers
were offered by Miss Jean Mac-
Fadyen, Mrs. J. R. Murphy and
Mrs. W.A. Harper; and Dedication
which closed with the singing of
"When I survey the wondrous
cross" was conducted by Mrs. Jack
MacLeod.

An interesting story of an In-
dian girl who had been a pupil of
Mrs. W.A. Trenholm's while she was
a deaconess on the reserve near La-
chena, Quebec was read by Mrs.
W.A. Allen, after which the vocal
solo "Don't Forget to Pray" by
Rev. W.O. Weale was much appre-
ciated.

Following the presentation of
the offering by Mrs. Arthur En-
man and Mrs. Milton Mellish and
prayer by Mrs. Read, the closing
hymn "The Day Thou gavest Lord,
is ended," was followed by the
benediction pronounced by the
minister. -S

Granville and Vicinity

-Mrs. William McInnis recently
spent a few days at the home of
her mother, Mrs. Peter Buchanan,
Granville.

Mr. Louis Gamester was on a
business trip to North Granville
recently.

Mr. Calvin Gamester recently
visited the home of Mr. and Mrs.
Fred Thomas.

Mr. John MacLeod has had
trouble getting the teacher to
school through the storm.

Miss Beulah Hickox recently
visited her grandparents, Mr. and
Mrs. Walter Somers, Millville.

Mr. Bobbie Abbot has return-
ed home after working for two
weeks with Mr. Melville Weeks.

His many friends are pleased
to hear of Mr. Peter Buchanan's
recovery after a few days in bed.

Mr. Ralph Smith spent a pleas-
ant evening recently at the home
of Stanley Buchanan, Granville.

Important Change In
Business Management
At Crapaud Announced

An unusual and important ex-
change of management took place
at Crapaud last week when two
men, prominent in the business
life of that area, changed posi-
tions of great responsibility with
each other.

One of the men, Mr. Brent C.
Wood, took over an important
secretarial position after retiring
from the ownership of a large
general merchandising business
which has had a gross turnover of
approximately two million dollars
in the last twenty-six years.

The other man, Mr. William
Waddell, during the last five years
has been secretary-treasurer of
one of the largest creameries and
cold storage plants in the prov-
ince.

The change, effective on Wed-
nesday last, occurred when Brent
C. Wood, well known merchant,
handed over the large retail gen-
eral merchandise business that he
has built up over the last twenty-
six years, to William Waddell,
who, since 1947, has been secre-
tary-treasurer of the Crapaud
Creamery and Cold Storage Com-
pany.

Formerly With Creamery
Work with the Creamery is by
no means new for Mr. Wood who,
for the ten years between 1936-
1946 acted as secretary-treasurer
of the Creamery while at the
same time continuing to operate
his own retail merchandise busi-
ness.

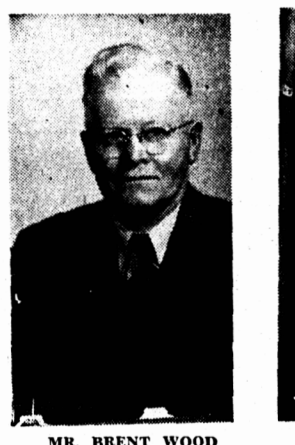

Justice of the Peace of Prince
Edward Island, and a Commis-
sioner for taking oaths in the Su-
preme Court.

Mr. and Mrs. Wood plan to
leave soon on a six weeks vacation
in England and Scotland where
they will visit their daughter El-
eanor and her husband, Kenneth
MacPhee, who is completing his
Ph.D. at Oxford University.

Is Well Known
Mr. Waddell, who has taken
over the merchandising business
from Mr. Wood, is also well and
favorably known throughout the
area.

Mr. Waddell has had wide con-
tact with the public and proven
his ability in business affairs
when, during the last five years,
he has been secretary-treasurer
during a period when his duties
were greatly increased and extra
demands made on his time and
ability through the building of the
new factory and cold storage
plant, and the moving and remodel-
ling of the feed warehouse.

For ten years previous to 1947
he was a popular member of the
teaching profession.
He is a member of the Crap-
aud-Victoria Board of Trade and
a member of the Community Lib-
rary Committee who were respon-
sible for the construction of the
new library building. He is secre-
tary of the Crapaud Commu-
nity Club, and has taken an active
interest in sport, particularly box-
ing, hockey, and softball.

MR. BRENT WOOD

MR. WILLIAM WADDELL

He has also been on the Board
of Directors of the Creamery for
the past four years, during which
time a large modern creamery and
cold storage, and a feed ware-
house were constructed on a new
location.

Mr. Wood, who is widely and
most favorably known throughout
Prince Edward Island and many
parts of the Maritimes, has, dur-
ing his twenty-six years in busi-
ness, built up a wide acquaint-
ance of friendships, and estab-
lished a record for fair and sat-
isfactory business dealings. The
honesty and sound principle with
which he conducted his business
affairs won the complete shop-
ping confidence of the public
who he served.

His friendly and obliging man-
ner, his leadership, and willing
participation in community af-
fairs commands the respect and
appreciation of the people of the
entire area.

In his business Mr. Wood dealt
in groceries, drygoods, hardware,
building supplies, feed, eggs, and
all the various other lines found
in a well stocked village store, and
during the entire time he was in
business was fortunate in never
having had his store broken into,
or having a fire, or any other
major business disaster.

Mr. Wood is a graduate of Aca-
demia University, and is the only
Island appointee on the Board of
Governors of that University.

A member of the Crapaud-Vic-
toria Board of Trade, he played
a very active roll in the organi-
zation of the Board, of which he
was president for its first two
years.

He was one of the three com-
missioners appointed by the Gov-
ernment to administer the affairs
of the village when it first incor-
porated under the Village Service
Act, and he is presently senior
commissioner and chairman of
this civic organization.

He has for many years been a
member of the Crapaud-Victoria
Board of Trade, and is the only
Island appointee on the Board of
Governors of that University.

Mr. Wood is a graduate of Aca-
demia University, and is the only
Island appointee on the Board of
