A certain judge, who was notorious for carrying the precise and formal habits of the bench into private life, was one day entertaining some friends at his table, and asked a magistrate who was present if he would take some venison.

"Thank you, my lord," was the reply. "I am going to take some boiled chicken."

"That sir," testily answered the judge, "is no answer to my question. I ask you again if you will take some venison, Sir, and I will trouble you to say 'yes' or 'no' without further prevarication."

A bishop, who was fond of shooting, in one of his excursions met with a friend's game-keeper, whom he sharply reproved for inattention to his religious duties, exhorting him strenuously to go to church and read his Bible.

"Why do I read my Bible, Sir, but I don't find in it any mention of the apostles going to shooting."

"No my good man, you are right," said the bishop; "the shooting was very bad in Palestine, so they went fishing instead."

Relief and Health to your Infants, We have put up and sold this article for over thirty years, and can say, in confidence and truth of it, what we have never been able to say of any other medicine—never has it failed in a single instance, to effect a cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this manner "what we do know," after thirty years' experience, and pledge our reputation for the fulfillment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in ten or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most experienced and skillful nurses in New England, and has been used with never failing success in thousands of cases. It not only relieves the child from pain but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS, AND WIND COLIC, and overcome convulsions, which, if not speedily remedied, end in death. We believe it the best and sweetest remedy in the world, in all cases of Dysentery and Diarrhea in Children, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, absolutely sure—to follow the use of this medicine, if timely used. Full directions for its use will accompany each bottle. None Genuine unless the face of the CURTIS & PEIRKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world. Principal office, No. 48 Dey Street, N. Y. Price, only 35 Cents per Bottle.

The Troches are recommended and prescribed by Physicians, and have had testimonials from eminent men throughout the country. Being an article of true merit, and having proved their efficacy by a test of many years, each year finds them in new localities in various parts of the world, and the Troches are universally pronounced better than other articles.

New Triumphs of Roger's Medicines.

Run your eye over them and tell your afflicted neighbour about it. West Branch, East River, Platon, Sep. 11, 64 Messrs. ROGERS & Co. —

Gentlemen—For the sake of those who are suffering with Scrofula or King's Evil, I wish you to publish the following facts: About eight years ago, a swelling appeared under my chin; in a short time it ulcerated, and became a running sore, and extended across my neck from ear to ear. The bone became affected and several pieces came out from time to time. The smell from the parts affected became very offensive, so much so that I had to retire by myself and dress them. I tried the best doctors in the country, and many in the United State, but all to no purpose. I also tried various patent medicines, including Kennedy's Discovery, which I used for two years, but it did me no good. Later your treatment my general health which was very much impaired, is completely restored, and the Scrofula on my neck is entirely healed up. I am a sound man now, thanks to Providence for his goodness. Let no one who reads this doubt its truth. Hundreds know my case. THOMAS CHISHOLM

H. H. Read, M. D., Esq., of Windsor N. S., writes as follows. Messrs. ROGERS & Co. —

I have used your Medicine in one or two cases of Scrofulous Sores, and think it excellent; and it is the best thing I know of for removing the swelling which remains after inflammation of the joints.

C. H. Harrington, Esq., of Sidney, C. B., writes as follows under date of August 22, 1865: "The mail agent here used the Ointment for his horses, and says he never had anything which cured any hurt or sore so quickly. STORMONT, N. S., 19th August, 1865 MESSRS. ROGERS & Co. —

Gentlemen—There was a wort on one of my cow's eyes, and grows to such an extent that I thought it would shut her eye up, when after four rubbings with your Ointment, it took it off as clean as if cut off with a knife. It was as big as an ounce ball. I will write again shortly. Yours truly, THOMAS S. MILWARD

AMHERST, October 1st, 1865 Gentlemen—I have been a great deal troubled with those mercurial and most distressing things called Felons, or Whitlows. Last year, I was laid up three months with one, and I could not tell what it suffered. A few weeks ago another began with all its usual ferocity and earnestness. I suffered for several days, my hand swelled very much, and I looked forward to three months more of misery and suffering; but happily I tried your Ointment. In two days I went to work. It seemed to kill it at once. In three or four days, a hard lump came out at the end of my thumb, about the size of a small pea. Wonderful medicine! Ye suffering try it. WILLIAM ELLIOT.
