The inspection terminated a review of the work and practices of the Division in which the Commissioner was assisted by an inspection team from Ottawa consisting of Inspector D. O. E. The detachments at Montague and Souris were visited on Tuesday, following the usual custom of calling at two or three such offices in the province each year.

Prior to coming to the Island, the Deputy Commissioner and his party officially visited Fredericton, N.B., and yesterday afternoon left for Halifax to inspect the two Divisions there, one of which is the Marine Police unit of the R.C.M.P. Later the will visit Truro and Sydney before flying to St. John's, Nfld., and the sub-division at Cornerbrook.

Deputy Commissioner Bird was for some time a member of the New Brunswick Provincial Police stationed at Fredericton transferring to the R.C.M.P. in 1932, with headquarters at Moncton. Later he was transferred to Vegreville, Alta. and to Edmonton, Alta., for five years as Criminal Investigation Officer. He was then appointed O. Citizenship Granted

Six immigrants from Holland became citizens of Canada in the Law Courts Building yesterday when they took the oath of allegiance from Judge St. Clair Trainor.

They are: Mr. and Mrs. Dirk Pietu Bakker of Abney, King's County; Mr. and Mrs. Nicholaas Van Plaggenhoef of Alexandra, and Mr. and Mrs. Jan Hendrik Van Omme of Southport.

Following the presentation of citizenship certificates, Mrs. Van Plaggenhoef stated for the happily smiling group that she hoped "we will make good citizens." They are all prosperous farmers.

Auto Traffic Up, But Fewer Trucks Cross At Wood Is.

Traffic figures for August 1954 issued by the Northumberland Ferries Limited yesterday, show a sharp decrease in truck traffic via Wood Islands-Caribou route as compared with a similar period last year. The figures also show an increase in both passenger and auto traffic. Comparative figures for this year's and last year's four-month period, May-August (inclusive), indicate trends similar to those of last month's traffic.

In August of this year, there were 21,424 passengers crossed between the two points as compared with 21,019 in the same month of 1953—an increase of 405. The Prince Nova and the Charles A. Dunning carried 5,893 autos last month—an increase of 403 over the 5,490 in August, 1953. In truck transportation, there was a total of 798 carried by the two boats this year as compared with 948 of August, last year. This is a decrease of 150.

In the four-month period this year there were 57,182 passengers crossing—1,996 more than the 55,186 of 1953. 15,912 autos were carried so far this year compared with the 14,601 of last year. This is an increase of 1,311 autos. The transportation of trucks for this period this year has been 3200—a decrease of 627 from 1953's 3,827.

Even though there has been an increase in the number of reservations from 690 in August, 1953, to 692 in August, 1954, the total number of reservations for the four-month period this year is 2,219 — 36 less than last year's 2,255.

Surprise Visit To Orphanage

Children of the Prince Edward Island Protestant Orphanage were delighted by a surprise visit last evening from the members of the Irwin Christian Fellowship group of Trinity Church.

Corn on the cob was enjoyed by kiddies and adults alike. Ice cream was added to the treat and was much enjoyed by all. The evening started off with two short films and was followed by a program under the direction of Mr. John Richards who kept the children continuously entertained for most of the evening.

The children joined heartily in the entertainment lending their voices to the singing and providing suitable numbers of their own. The accompanist for the evening was Mrs. Jack Kirby. Rev. Howard and Christie as well as a goodly number of new members were present for the occasion and the visitors left feeling that they had, if possible, enjoyed themselves even better than the children who will be looking forward to an evening of a similar nature in the near future.

Enjoy Sunday School Picnic

Under the most favorable of weather conditions the Central Church held its Sunday School picnic at the Brackley Beach grounds Wednesday afternoon with a record attendance of boys, girls and adults. Children from the Protestant Orphanage at Mount Herbert were also among these present.

The afternoon was spent in the usual order of fun-making Races were run by the various age groups; a peanut scramble added to the fun; softball, horse-shoes, swinging and teetertottering were enjoyed by young and old. A canteen proved a popular place as well as the long tables of delicious lunch provided by the ladies of the congregation.

A tired but happy bus of picnicers lead the motor cavalcade back into the city to await the anticipated feature another year.

He has a son at Toronto University doing atomic research work.

VISITING CHURCH GROUP — Twenty-five members of Methodist Church of Chester, Pennsylvania, known as the MacDowell Shropshire Circle, arived in Charlottetown last evening. They will continue this morning on their 17 day tour which last year took them to California. The tour, which has been in operation for seven years now, will travel through all the Eastern Canadian provinces and many of the Eastern United States.

CUCUMBER PROCESSING — Cucumber processing at the plant of Matthew Wells is slightly behind that of last year, according to the plant manager, Mr. Gordon, who states that this is due to the low temperatures experienced during the past weeks. The acreage of cucumbers on the Island is equivalent to that of 1953 and it is believed that the potential crop is here if he weather improves and higher temperatures are realized.

POLICE COURT — In City Police Court yesterday morning before Magistrate K. M. Martin a man, charged with contributing to juvenile delinquency was fined $30 and costs or 30 days in jail. Of the four men, charged with being drunk and incapable, who appeared one was fined $20 and costs or 10 days while another was sentenced to 20 days imprisonment. Another was fined $5 and costs or 5 days and another was remanded till the 8th.

LOAD UNDAGAMED — It is most fortunate that out of a four ton load of cucumbers being transported to Charlottetown on Tuesday evening only 100 lbs of the vegetables were destroyed when the truck carrying them went out of control at Winsloe. It is possible that mention of the fact that a greater amount than this had been lost. A more recent report shows that in spite of the extensive damage to the truck, almost the whole load was unaffected.

200 Island Feeder Pigs Go To Maine

A pioneering effort was begun last week when 200 feeder pigs were shipped to the State of Maine. Apparently, according to officials here, it is a matter of the Maine breeders wishing to develop a leaner type of bacon hog than that now grown in that State. It is believed to be the first such shipment to Maine ever made and is further evidence of the value of the Island developed Yorkshire-type bacon hog.

This week Island breeders will also be pleased to know that another new market has developed for them in New Brunswick with 14 boars being shipped for breeding purposes to improve the quality of the stock in that area.
