**Tea Prices Rising With Increased Demand**

The shortage of the supply of tea available for consumption, due to the 20 per cent reduction in pro duction in the gardens of Ceylon and India, during 1921, has as might be expected, pushed the price of the tea offered on the market to day, up and up. At the same time the use of tea has been gaining in popularity, and the reduction of four pence a pound duty on tea entering England will further stimu late the demand. Those in touch with the situation advise us that higher prices in inevitable.

APPOINTED TO PARISH—Rev. William Monaghan, a graduate of St. Dunstan's University, who has since his ordination, been attached to the Cathedral staff as secretary to His Lordship Bishop O'Leary has recently been appointed pastor of the parish of Seven Mile Bay, suc ceeding Father McIntyre, who has retired.

EXCITEMENT AT WHARF.—The monotony of unloading ship was considerably enlivened yester day afternoon on the deck of a scal schooner at Buntain & Bell's wharf where two of the crew, having embled more or less freely of the product of a local boot legger, entered into a homeric fistie battle which lasted about an hour without apparently wearying the energies of either of the combatants. The light was in the nautical style, catch-as-catch-can, with profanity and belaying pins not barred. The other workers continued placidly unloading ship but rumors of the fish gradually penetrated up-town and drew to the wharf quite a number of spec tators. Police Marshal Cameron had only one man on duty at the time (Officer Walker being laid off for a few days) and by the time he arrived on the scene with Officers Albin and Bill McInnis the rumpus had subsided. One of the combatants had gone back to work again and the other, the mate, who seemed to have been the starter of the trouble and who had got somewhat the worst of it, wandered up the wharf to Queen street where he disappeared down one of the side streets and has since managed to keep out of the reach of the police, who combed the district diligently for him without success.

**ST JAMES TENNIS COURT.**—The St. James Church Tennis Club was organized for the season at a meeting held Monday night at the residence of Rev. W. O. Mulligan where representatives of the above church, and the C. G. I. T. of the Methodist Church were present their organizations combining to use the courts this season. The grounds are being put in shape and play will start shortly and special attention will be given towards the development of the younger players. The fee will be very reasonable. The following officers were elected: President, Rev. W. O. Mulligan; Vice President, Miss Jean Tait; Secretary, Treasurer, Miss Doris Tait and A. A. Stewart; Programme Committee, Rev. Mr. Malone, Miss Inez Mutch, Miss Jessie Fullerton, Mr. Kenneth Martin, Mr Hugh Simpos, Miss Celia Stoddart.

**A KEEN SPORTSMAN.**—In The Guardian's write up yesterday on horse racing at the Driving Park the name of the veteran driver of this province was unintentionally omitted, Ex-Mayor P. S. Brown, who has some very promising mat terial this year in training. Mr. Brown, though nearly seventy years of age is a very keen sportsman and nobly enjoys a drive round the track more than he does. He is a master reinsman and this year is having very gratifying success with his new purchase, the good trotter "Coryse". On Monday this horse trotted the last half of a slow mile in 1:03. He also has Alton, the Great in splendid form and is training as well a three-year-old colt and a four-year-old filly.
