

Gideon Activities Reviewed At Rotary

Mr. Stanley Boswell, Toronto, International trustee of The Gideons, was guest speaker at Rotary luncheon in the Charlottetown Hotel yesterday.

Mr. Boswell said that most people were not making full use of their most important heritage, the open Bible.

Mr. Boswell said that most people were not making full use of their most important heritage, the open Bible.

Mr. Boswell cited a number of cases in which the Bibles left in hotels or given to the school children had brought about conversion, the acceptance of Jesus Christ, and peace to the hearts of many people.

One little Japanese girl who had carried a young boy on her back to a Gideon meeting because his leg had been injured, had been welcomed to the meeting and when she had been asked "Didn't you find it pretty heavy work bringing the boy with you?" She replied "No Sir! He's by brother."

Rotarians Gordon Ives and Frank Fraser were chairmen. Guests included Rotarian J. E. Love, Calgary, Messrs. J. Robbin, New Hampshire, Ralph Rupert, Sidney T. Green, Blair MacDonald, T. D. DeBlouis, and Vic Runtz, Charlottetown.

Gets Arts Degree After 43 Years

LOS ANGELES, Sept. 24 — (AP) — Forty-three years after starting his college education, Capt. Clarence S. Williams won his Bachelor of Arts Degree today.

Captain Williams, 61, retired naval reserve officer, began his studies at the University of Minnesota in 1908. He ran out of money and had to quit before finishing his freshman year.

After the Second World War, Captain Williams found time to go back to school.

His new degree won't end the Captain's studies. He's staying on for a Master's Degree.

BIRTHS, MARRIAGES DEATHS 50c per insertion

BROWN—At P. E. I. Hospital on Sept. 24th, 1951, to Mr. and Mrs. Robert D. Brown, Pownal, a son, weight 7 lbs. 12 oz.

Mr. and Mrs. Arthur Maynard motored from their home in Michigan on a two weeks visit to the former's parents, Mr. and Mrs. Edmund Maynard, Northam. —S.

GARRISON OFFICERS Mess meeting at 2000 hours, Tuesday, 25th Sept, 1951. All members requested to attend.

RICHARDS—Died at the home of her daughter, Mrs. Robert Brehaut, Lyndale, Mrs. Thomas Richards, Albery Plains, age 86 years. Remains resting at the home of her son, Arthur Richards, Vernon River, where the funeral will be held Wednesday, Sept. 26th at 2 p.m. Burial in Vernon River United Church Cemetery.

L.P.U. CARD PARTY — Another successful card party was held in the Labor Protective Union Hall last night. The prize winners were: Ladies first, Mrs. James Pineau, ladies second, Mrs. Joseph Gallant; gents first, Mrs. R. A. McIsaac, gents second, Mr. Eugene Larkin; door prize, Mrs. James Pineau; freezeout, Rose Ryan and Mr. Stanley Ryan.

FUNERAL AT MILLVIEW The funeral of Mrs. Norman Sheidow, Millview, was held from her late residence Saturday, Sept. 22nd, at 2 p.m. and was largely attended. Service in the home was conducted by Rev. A. S. Weir, Pownal, assisted by Rev. John McKay, Vernon and Rev. George Tilley, Mt. Mellick. Rev. A. S. Weir officiated at the grave. Pallbearers were: Joseph MacDonald, C. J. MacKenzie, W. L. Jenkins, Irving Tweedy, J. A. Smith and W. J. Storey. Burial in Pownal United Church Cemetery.

Russian Reds Appear To Be Avoiding War

By William L. Ryan (For J. M. Roberts, Jr.) Associated Press News Analyst The Communist Party of the U.S.S.R. seems to be telling its adherents throughout the world that the Soviet Union at present will avoid all-out war at any cost, but will work tooth and nail to bring an economic crisis in capitalist countries.

This apparently is the message hidden in the torrent of words poured out recently in the Soviet press, the most striking example of which is the article by party theoretician I. A. Seleznev in the magazine, Problems of Philosophy, which appeared Sunday.

The burden of Comrade Seleznev's remarks was that the party line at present is this: War can be avoided even in an era of imperialism, Marx to the contrary notwithstanding. At first blush this might seem like Heresy, but so far as the Politburo is concerned, it is no such thing. It is simply a twist of Marxian doctrine, carefully developed since the beginning of this war.

Marx's doctrine was that capitalism, created through conflict, must collapse through conflict among the capitalists themselves. Developing this, Lenin wrote that the uneven development of capitalist countries led to a bitter struggle amongst them, and thus capitalism bred wars which ultimately would destroy it and bring on the world Communist revolution.

What the Politburo now is preaching is—watch, wait and irritate. The beginnings of this campaign, all part of the current gigantic peace offensive, came at the start of 1951. The word in Pravda and Izvestia was this: Gradually, Moscow will lure away more and more of the support from the United States, and there will be a deepening economic crisis in that citadel of capitalism. The thing that is inevitable now, in the words of Pravda, is "the victory of socialism and democracy (meaning Stalinist Communism) throughout the world."

U.S. Visitor Sees Great Tourist Prospects Here

With the possibility of having paved roads around the Island, American tourists would be "only too glad" to make their summer homes here, states Mr. Ralph D. MacNeill, of Broomhall, Penn., in a letter to Hon. Robert H. Winters, Minister of Resources and Development, Ottawa.

Mr. MacNeill, who spent his holidays at Cavendish, this summer, is enthusiastic with regard to the Island's attractions. "In his letter, which has been forwarded by Hon. Mr. Winters to Premier Jones, he states: "Our thanks and appreciation for a wonderful vacation spent on Cavendish Beach Prince Edward Island.

"As an American I can say there is no more beautiful island in North America. The Canadian Government has made this Island a Paradise for Tourists and I know that some day Prince Edward Island will mean as much to Canada as Bermuda means to the English people (a vacation Island). The hospitality of the people that run your National Parks is simply wonderful.

"With the possibility of having paved roads around the Island I would think that the American tourists would be only too glad to make their summer homes on the Island.

"I have talked to many people who have travelled North and many of them are going to Prince Edward Island or have been there at some time. The only objection to many of my inquiries has been the poor roads — as you know Americans are chronic road critics.

"Summer resorts had grown around localities that hadn't any of the natural beauty of the fields and streams of P.E.I. yet millions of dollars are spent at these resorts yearly.

"Your Government has made a good start on Prince Edward Island. I have viewed the movies of all your National Parks but all the others seem so distant, the heavy population of the eastern states makes this Island the best spot for vacations north of the border, as the people of the east are continually going further north each year. I know many families who have moved from Atlantic City to Cape Cod and from Cape Cod to Maine, this is definitely a trend north.

"Our best wishes for the development of your National Parks. I know the Canadian people desire better times and better living and your parks may be the answer to both of these wishes. Needless to say we are returning to Prince Edward Island next year."

Meetings are being held in various centres convenient to the inspectors, emphasizing the necessity for making their inspections as thorough as possible. The killing-off of the tops and harvesting before a sufficient period has elapsed that would give the potatoes time to mature, is endangering the quality of our potatoes, and for this reason thousands of bushels of otherwise good potatoes were shipped to the starch factories last year as the only outlet. Full maturity is required for table stock and to avoid this considerable loss to the grower, Mr. Shaw stated.

Big Kiddies' Day At Hospital Bazaar

One of the special features of last week's Hospital Bazaar was the effort made to provide entertainment and pleasure for the youngsters. Saturday afternoon was the highlight as the Kiwanis Club of this city co-operated in the work by tying in its nationwide Kiddies Day with the regular Bazaar program.

The Forum was literally jammed for the occasion as the youngsters came from everywhere to watch the antics of Old Bozo, the clown, and his partner. In addition there was galaxy of other performers appearing on the stage to bring laughter to the little ones.

When it was all over there was a special drawing for three door prizes for kids alone to complete their special afternoon.

High Rating Made By West Kent Corps

Placing second in the Maritime Provinces with a proficiency rating of 85 percent West Kent School Cadet Corps led all others in this Province. The only corps heading them in the military district comprising Nova Scotia, Newfoundland and Prince Edward Island was that of New Glasgow, N.S. The results of this year's inspections were released yesterday by Eastern Command Headquarters.

It was announced that No. 20 West Kent Cadet Corps won its high rating on steadiness, composure and drill and band work, all of which won praise from the inspecting officers.

There were 28 Maritime cadet corps taking part in the competition. Queen Square School Cadet Corps was second for this Province and fourth in the military district with a rating of 83%. Other Island corps with their marks were St. Dunstan's College, 80%; Prince Street School 77%; and Prince of Wales College 77%.

that a cease-fire will become a reality in Korea and that there will be a short period of lessened tension. As with other similar periods, that would be mostly illusion.

IN MEMORIAM

In loving memory of John A. Chandler, who passed away September 27th, 1948.

Three years have passed since that sad day. The one we loved was called away. God took him home, it was his will, But in our hearts he liveth still. Ever remembered by Wife and Family.

Care In Digging Potatoes Emphsized

Potato harvesting will be soon in full swing, and the careful digging and handling of the potatoes is of dollar and cent importance to the producers. Mr. Chester E. Shaw, District Inspector of the Fruit and Vegetable Division, Dominion Department of Agriculture, stated yesterday.

This is particularly true in the digging operation, where it has been the habit of many operators to drive tractors and diggers too fast, causing great losses due to bruising and small surface injuries. Some of these defects are not readily discernible at the time of picking, but are very evident two or three months later when the crop is graded and shipped to the consumer.

On inspection, it has been estimated that these defects account for twenty-five per cent of the total yield grown by some growers, and that with a little care for this loss can be avoided. It will also reduce the amount of re-grading, with the consequent trouble and expense to the grower, shipper and, the inspection service, and at the same time maintain the high standard of Island potatoes to which consumers have grown accustomed.

Owing to intensified competition from other potato-growing Provinces, the co-operation of the grower is needed, and the avoidance of skin injuries, with the consequent development of fusarium rot, and bruising caused by rough handling, cannot be stressed too highly. Mr. Shaw continued. It is the primary producer who stands in the most in the cash return for his crop, and the upholding of the reputation and standard of Island table stock and seed potatoes.

Greater Demands While Prince Edward Island has had the reputation of adhering closer to the grading and inspection regulations. Mr. Shaw said, the increasing demand for the 10-lb. consumer pack imposes greater demands on the grower and the inspectors. Whereas a tolerance of three pounds is allowed in a seventy-five pound bag, this tolerance is reduced to 6.4 ounces in a ten pound pack, less than the weight of one average potato, therefore it is in the growers interest that the necessary care is exercised at the time of digging and storing the crop.

Mr. Joseph J.P. O'Brien of Charlottetown is a well-known figure all over the Maritimes, both as a sport follower and something of a politician. But Joe's best role is as an "Islander". A party of Charlottetown people who visited Fredericton last week called on Mr. Les Stacey, former manager of Woolworth's here, and now managing the Company's store in the New Brunswick city. It seems that Joe introduced himself at the lunch counter of the Fredericton store, as an Island friend of Mr. Stacey's, and that his credentials, which included letters from most of the Government and municipal big-wigs in Canada, were not being accepted. The situation was rapidly getting out of control when Mr. Stacey happened along, explained "Joe's" status and made him his lunch counter guest for Joe's three day visit. Mr. Stacey was glad to see Joe and gave him the same good Island welcome he gives to all folks from the old red soil.

The Charlottetown Branch of the Canadian Legion has considerable competition from other veterans' organizations in the city, notably the popular and well established Army and Navy Club, the R.C.A.F. Association and the various "Messes" which have space in the Armouries. These Clubs and Messes draw a great many veterans who are not attracted by the facilities afforded by the Charlottetown Legion Home.

Cases Before County Magistrate

A fine of \$500, and six months imprisonment, and a further six months in default of payment of the fine, was imposed on a resident of Pleasant Grove by Magistrate Gilbert A. Gaudet in the Queen's County Magistrate's Court yesterday morning, for a second offence under the Excise Act.

A resident of Bedford, charged with unlawful possession of spirits contrary to the Excise Act, was fined \$100 and costs for three months, and a resident of North Wiltshire was fined \$25 and costs or 30 days for being in possession of liquor at a place other than his residence.

A resident of Beaton's Mills was fined \$25 and costs or 30 days when charged with possession of liquor not purchased at the vendors, and a second charge of operating a motor vehicle while his ability to drive was impaired by alcohol, resulted in a fine of \$50 and costs or 60 days. A resident of Hazelbrook was fined \$20 and costs or 30 days for being intoxicated in a public place, and a resident of Nova Scotia, on a similar charge, was also fined \$20 and costs or 30 days.

The cast of a resident of Hermitage, charged with the theft of logs, valued at \$420, was remanded until Sept. 23, and a case against a resident of Parkdale, charged with unlawful possession of spirits contrary to the Excise Act, was adjourned for one week after the evidence for the prosecution had been given. A case involving three men charged with supplying intoxicating liquor to Indians was also adjourned for one week.

It is known that the Provincial Command is somewhat concerned about the progress of the Charlottetown Branch, all the more so because it is the largest on the Island. It has been suggested that vigorous executive action might counteract the competition of other Veteran organizations, and maintain the prestige of the Charlottetown Branch. Many veterans believe that a new building better equipped and laid out, is the solution of the problem.

Summerside, Amherst and many other towns have built new Legion Homes, and the membership in each town is well maintained and well satisfied. The Charlottetown Home is centrally located, but in respect to accommodation and attractiveness, it could stand many improvements. Doubtless the present site could be sold for a goodly sum.

Island Odds And Ends

The Charlottetown "Islanders" have signed seven new hockey players, and if the newcomers are as good as touted the town should be able to hold its own in the enlarged league. With six teams in the league instead of four, it should be far more interesting to the fans, who were weary of seeing the same clubs too often a year ago. It seems we are retaining the best of last year's Big Four champs, and bolstering some of our weak spots with new talent. That is the intention and certainly some of our acquisitions should add strength to our defence and pep to our attack.

Garrison Officers Mess

MEETING AT 2000 HOURS TUESDAY, 25th SEPT, 1951 All Members Requested To Attend

Planning Problems Of This Province To Be Discussed

Of far-reaching effects will be the Community Planning Conference, Maritime Region, which opens at The Charlottetown Friday morning. The delegates and principal speakers come from all parts of Canada and will devote their business sessions to discussions of the planning problems of this Province.

In charge of the arrangements and acting as host for the occasion is Mr. J. F. Connolly, Director of Town Planning in the Department of Industry and Natural Resources.

Following registration Friday morning the visitors will be officially welcomed and will then hear a panel discussion on "Planning in General." On the panel will be Mr. F. Walter Hyndman, Charlottetown; W. A. Gates, Halifax; R. L. Parsons, Moncton; and Philip Dumaresq, Halifax. At the conclusion another brief panel discussion on "Metropolitan Planning" will be held with the speakers being Eric W. Thrift, Winnipeg; Ira McNab and George Bates, Halifax, and Percy Fowler, Saint John.

A short reception period will be held prior to luncheon at which the City of Charlottetown will be host. The guest speaker at the luncheon will be Mr. Eric W. Thrift, Winnipeg, who will discuss "The Role of C.P.A.C." The first afternoon discussion period will be concerned with "Government Housing." The speakers will be S. P. Paoli, Charlottetown; Percy Fowler, Saint John; Mayor F. C. Wightman, Amherst; W. S. Goulding, Toronto; and U. J. Harrington, Halifax.

"Planning Boards and Their Operation" will be the main subject of discussion with a panel comprising Messrs. J. F. Connolly, Charlottetown; R. L. Parsons, Moncton; D. T. Marsh, Dartmouth; W. A. Gates and W. A. G. Snook, Halifax. This will be followed by a talk by Mr. Aian and it is just possible that some generous-minded citizen would help out in procuring a new and less expensive location. It might even be advantageous to have the Legion Home situated well outside the business part of the town. In a bright, new, well laid out building in a quiet section of the city, it would be far easier to keep old members, and attract new ones than it is at present.

Soldiers are accustomed to taking objectives and to operational orders leading to the capture of objectives. The Charlottetown Branch might well take as its objective "a new deal and a new building."

There are a large number of trout fishermen who believe that some changes would be welcomed in the opening and closing dates of the fishing season. They favor starting the season on May 1st instead of April 16th as at present, and closing it on Sept. 30th, two weeks later than at present. It is understood that Mr. Stewart Jones, president of the Fish and Game Association is prepared to call a special meeting to sound out the feeling of fishermen on the proposal. Certainly many people would exchange two weeks of cold and boisterous April weather for two weeks of the balmy September days we have been enjoying the past few years. We may hear more about this subject in the next few weeks.
