In loving memory of a dear brother, Lester Hooper who passed away June 19, 1952.

The depth of sorrow we cannot tell

Of the loss of one we loved so well

And while he sleeps a peaceful sleep

His memory we shall always keep.

Always remembered by Ruby and Dawson.

In loving memory of Mrs. William Constable, of Springfield East, P.E.I., who passed away June 20th, 1952.

Once again we pay our tribute To the one we love so dear, Though we know you can't be with us

We still wish that you were here.

We often think of bygone days When we were all together

The family chain is broken now But memories live forever.

It's loneliness here without you Never will your memory fade

Loving thoughts will always wander To the grave where you are laid.

Our hearts still ache with sadness

Our eyes shed many a tear

God alone knows how we miss you

As this ends another year.

Sadly missed by husband, daughter, Johnson; son, Elwood; daughter-in-law, Ethel; and granddaughter, Karen.

## Many Tributes

sincere sympathy on behalf of himself and Mrs. Fleming was received from Mr. Donald M. Fleming, M.P.

Tribute From Premier: The following tribute was received for publication from Premier A. W. Matheson by wire from Sackville on Saturday, while the Premier was en route to Ottawa:

"It was with a feeling of deep sorrow that I learned today of the death of Mr. W. Chester McLure. As a member of the Provincial Legislature and later of the House of Commons he served his city, his country and the whole Province faithfully and well for over thirty years.

"The many things he was able to accomplish for the Province will always stand as a memorial to a sincere man who gave so much of his time to serve his day and generation.

"To his bereaved widow and daughter I extend heartfelt sympathy in their hour of great sorrow."

From Mr. Nell A. Matheson, M.P.: "I join with a host of others in expressing regret at the death of Mr. W. Chester McLure. He made many warm friends here, and in Ottawa, during his years of service as a Member of Parliament. Before I left Parliament Hill Saturday evening, many members spoke to me and expressed their regret at the news of his death.

"I did not have the privilege of knowing Mr. McLure personally until the 1953 election campaign. We were acquaintances then but we were friendly ones. Since then our relations became increasingly more friendly. Mr. McLure sent a number of people to me with problems. He always said a kind and generous word to them about what I would try to do for them. I deeply appreciated his kindness and generosity.

"Mr. McLure will be missed by a wide circle of friends. But my thoughts at this time are with Mrs. McLure and with Miss Lena McLure. I know that words are useless things in times like this, but I would like them to know that I sympathize with them in their great sorrow."

From Mr. Heath N. MacQuarrie, Victoria, P.E.I.: "It was as an irresponsible youth, long before voting age, that I first met Chester McLure and his accomplishments and attainments were already outstanding at that time. It has been a great pleasure and privilege in the twenty years since to observe the manner of public man he was and to be made aware of his impact on the broader arena of national politics. His devotedness to his parliamentary duties and his grasp of public issues put him in the forefront of the political figures of this province.

"If one were asked to indicate the one outstanding feature of his career I believe it would be no mistake to point to his rare gift of truly representing his constituency — a vital part of the democratic process. Few holders of public office maintained such an intimate association with their people as did Chester McLure, and in him at his constituents had a friend as well as a representative. The Province of Prince Edward Island never had a more devoted champion in the National Parliament nor did Queens County ever send a more diligent or conscientious member to Ottawa. His passing leaves a great void in the public life of this Province but his services will long be remembered, not only in his beloved P.E.I. but in many other parts of this country."

## Will Reject Neutralizing Of Germany

By JOHN SCALI

WASHINGTON (AP)—President Eisenhower and West German Chancellor Konrad Adenauer declared Tuesday they will reject any plan for neutralizing Germany which Russia might propose at the Big Four meeting next month.

"The concept of neutrality is in no way applicable to Germany," they declared. "Only in collective security arrangements can Germany assure its independence."

Eisenhower and Adenauer laid these views down as their "combined opinion" in a joint statement summing up their White House conference on cold war problems.

This 30-minute meeting, as well as separate conferences with State Secretary Dulles, reassured the two allied leaders "there is a very broad field of understanding between them," said the statement.

PLEDGE CO-OPERATION

Both pledged to maintain "closest co-operation in the future" in dealing with Russia which they said, are aimed at "a just and enduring peace among the nations of the world."

The 250-word communique gave no clue as to whether the 79-year-old German chancellor intends to

Almost every field is surrounded by one of these fences, some of which are said to be hundreds of years old. Most of them are in quite good condition, but a few in the outlying areas have crumbled slightly over the years. A little repair annually should put most of them in order.

With so much stone, little cash crop farming is practiced of course, but there are some fine herds of cattle, many of them dairy. Many of the hillsides are overgrown and even the sheep population is falling in these areas. Soil scientists in the region tell us that because of this over grazing there has been some erosion and gullying, which could become serious if continued indefinitely.

## Holstein Breeders Plan Discussion

As an added attraction at the annual meeting of the Holstein-Friesian Association, the executive has planned a panel discussion on breed type and Mr. W. R. Shaw will act as moderator for panel which will be composed of Messrs. R. A. Proffit, J. Lincoln Dewar, Ira Lewis and R. L. Burge.

These men are all successful breeders and know what to look for in a good animal. This panel discussion should be of special interest to our breeders who are just starting to breed Holsteins.

bedroom window we see sections of Edinburgh University, most particularly the Medical College. Near it, George Square, where Sir Walter Scott once lived. Out of another window is seen the entrance to the Meadows and the Royal Infirmary, in the courtyard of which we keep our ear subject to the good graces of the night porter. This is a very famous hospital and people from all over the world come for operations. Out of her kitchen window we see Edinburgh Castle, which is, as I write bathed in brilliant sunlight and close by the winding, the name of George Heriot's School for boys.

Then turning a little to the right the Conventer's churches can be seen and close by, but you visible is the little statue to Greyfriars Bobby, one of the best loved dogs. Over Greyfriars is the Royal Mile and of course St. Giles' and beyond that still farther, not visible, but within a few minutes walking distance is Princes Street and the Princes Street Gardens, which give to Edinburgh the name of the Athens of the North.

In Glasgow they call Edinburgh the City of Pride and Poverty. There is of course no comparison between Edinburgh and Glasgow. Edinburgh is the capital and is clean and well planned. Glasgow is thought of as an University City and the dressed up lady with but few flaws in her complexion, while Glasgow is busy and industrial, possibly richer and certainly much more dirty, nevertheless, it is a very hospitable place in the world.

## Children's Day, Baptist Church

The work of the Sunday School of the Charlottetown Baptist Church was emphasized yesterday, when the morning service was given over mainly to the Church School in the annual celebration of Children's Day.

The pastor, Rev. Harold Milton, B.A., B.D., conducted the service, assisted by W. S. Murray and Victor R. A. MacKinnon, a representative of the Baptist Home Mission Board took a special part in the service with the telling of an interesting children's story. (Miss Basile is conducting a three day training workshop this week for the leaders of the Church School who will carry on a "Daily Vacation Bible School" for the many and Junior children of the congregation, the latter part of July).

The superintendent of the Sunday School, Mr. R. J. Rupert, directed a well presented program of music and scripture memory work, with the choir and congregation participating in several of the school choruses. Concluded the service, Mr. Milton spoke briefly but pointedly on the need for a strong Sunday School and the responsibility of parents and adults to not only see that the children attend but that they also attend, for their own spiritual uplift as well as for an example to the youth. Said Mr. Milton, "A church with a flourishing Sunday School is a Church on the march".

The choir director, organist, Mr. R. F. Mugford, A.R.C.O., directed the music a feature of which was the choir's expressive singing of Bradbury's setting of "Savior Like A Shepherd Lead Us."
