DON'T GET LOST

Our meeting place has been changed - same building, just a different room. It is in Meeting Room No. 2 of the Provincial Health Building. You enter the same way as previously, through the parking garage, and the Commissionaire will then direct you to the proper place. Hope to see you there.

.....

EVEN NEWER EDITOR, NEWER ADDRESS

Although Gary reported in the last newsletter that Jane Symmes would be taking over while he and Ruth were on their extended bike trip, things have been changed around again and you have a new editor for this and the next five issues. My name is Sue Stephenson, a member of the N.H.S. that just returned from a year in Yellowknife, N.W.T. where I edited the newsletter for the natural history society there (Ecology North). I would greatly appreciate and articles or notes that you may have to send me. The new address is : Sue Stephenson, North Wiltshire, R.R.#2, Springvale, P.E.I. COA 1Y0 (894-5995).
