

DOWN THE BACK STRETCH

At the San Joaquin County Fair, Stockton, California, August 26th, the pacer Waruna F., owned by Walter S. Found, Merced, Cal., and driven by Clarence Hansen, won the second race on the program in 2:01 1/5, which was the fastest time of the meet. It was also the fastest mile on the California fair circuit this season. Our congratulations to our friend Walter on this victory and no doubt he has also secured more with other members of his stable.

Our thoughtful friend, Rag Bell, M.L.A., leader of His Majesty's opposition in our Provincial House of Assembly, sent us a copy of the official program at Bay State Raceway, Foxboro, August 22nd. On it was marked "Rogers and I here tonight. Nice show, 10,000 crowd. Clean and commodious grounds. Racing not as good as ours but well and cleanly run." A starter in the fifth race was Dale H. He finished ninth in 2:39 1/5—the fastest time of the night's racing. Dale was formerly owned by Walter Hennessey and while quite along in years is paying his way and quite often wins a race.

At Roosevelt Raceway the evening of Aug. 24th in the Classified Pace, Colonel Dan, owned by C.H. McGinley, Houlton, Maine, and driven by Bob Ryan, won in 2:07 from a field of seven fast pacers. It was a new record for the son of Calumet Fingo and Nancy Carroll. The following evening Joe O'Brien won a Classified Trot with Glider, a three-year-old by Nibble Hanover in 2:08 3/5 and the Junior Free For All Pace, purse \$3,000, with the eight-year-old Direct Wyn in 2:03 4/5, first quarter in 29 4/5. He headed such stars as Bud Mite 2:01, Ferman Hanover, Gene Abbe, Paul Abbey and Patchen Axworthy. By the way, Ferman Hanover has since set a world's record in the \$2,000 stake for three-year-old pacers of 2:00 2/5 at Syracuse, N. Y. The previous record was 2:01 made by Worthy Grattan in 1936. He was driven by Clint Hodgins.

The following evening Joe won a classified trot, purse \$1,250, with Oxford Hanover in 2:09 3/5 and was second in the Free For All Pace, purse \$5,000 to Guinea Gold, with Indian Land heading Dr. Stanton. Hayes Hanover and two others, time 2:38 1/5. Guinea Gold 4, 1:59 1/5, came with a rush through rounds from fourth position in the final 100 yards to win by a length from Indian Land. It was the second race this horse had won since he was laid up with a broken bone in his foot this spring. Dr. Stanton and Indian Lane went to the wire in 2:19 1/5 seconds, then Stanton went to the front and was leading at the half in 1:00 4/5 and at the three-quarters in 1:32. He then willed and Guinea Gold passed him on the outside with Indian Land moving up along the rail to finish second. Indian Land's winnings are now over \$110,000.

Yonkers Raceway, one of the newest of the high racing plants in New York State, is going quite strong and among the drivers who are doing well there we note Earle Avery, Henry Clukey and Pierce Chappelle. The track was quite slow when racing was held there this spring but after a generous treatment of new earth and considerable work it has improved so that now the record is 2:08 set by Grattan McKillop in the Free For All Pace, purse \$3,000, which the Grattan horse won from Dr. Stanton, Bud Mite and five others. Indian Land, driven by Houghton, only finished sixth in the summary. There is no doubt about it, Joe O'Brien has the knack of driving that horse. There is talk of making a match race at Yonkers between a Good Time, owned by W. H. Cane, and the trotter Proximity, which is the world's record money winning trotter. It would be at one and one-half miles. Good Time recently set up a world's record for that distance at Yonkers of 3:08.

We have received an invitation and program for the 1950 Lexington Trots which will be featured by the Kentucky Futurity, with an estimated purse of \$80,000, to be raced on October 8th. It is a Grand Circuit meeting and will start on September 27th and run to October 7th, with estimated purses of \$250,000. The Lexington Trots Breeders Association extend a warm invitation to all horsemen to attend the grandest of the Grand Circuit—the 1950 meeting of the Lexington Trots. Hotel accommodations and other accommo-

datation will be provided to all visitors and the breeding farms in the vicinity will welcome horsemen who wish to visit there. These include Castleton Farm, Walnut Hill Farm, Walnut Hall Stud, Gainesway Farm, Almahurst Farm and Poplar Hill Farm. Maritime horsemen who have taken in Lexington meetings of the past have always come away with good words for them. To look through the program and note the large purses for the various stakes certainly would make one wish to own a fast colt or aged trotter or pacer and to be one of those taking part in such a marvellous race meeting.

The only horse representing the Maritimes in recent years at Lexington was the trotter-pacer Tracey Hanover, that took a record of 2:03 on the pace and 2:10 on the trot racing part of the season at the national invitation race there and won one dash and would probably have won the other only it was thought best to substitute one of the Grand Circuit drivers for his regular pilot, Lloyd Walker. Lloyd knew all the kinks in the old warrior and no doubt would have been able to land him first to the wire had he been left on the job.

The pacer of the season is Scottish Pence, owned by Castleton Farm, Lexington, and driven by Wayne Smart. He is a five-year-old son of Scotland that has been racing consistently over half-mile and mile tracks and has paced in 1:58 2/5 and 1:58 4/5—a total of 3:57 2/5, the second fastest two-hat racing record since the set world's record at 3:56 1/4 in 1944 at Lexington, Kentucky, and his heat in 1:58 2/5 is the fastest race heat by a pacer since King's Counsel won the Free For All Pace at Lexington, October 5th, 1946, in 1:58. King's Counsel won the second heat that day in 1:59 1/4, which made a total of 3:57 1/4, or just a hair better than Scottish Pence's two heat mark. If we remember correctly, the dam of Scottish Pence, Millie Worthy, is also the dam of Anti-Aircraft 2:03, by Volomite, and in passing it may be said that Anti-Aircraft is racing this year quite creditably with several miles paced better than 2:10.

At Rochester, Minnesota, August race meeting, the 17-year-old trotting gelding Gregorian, was the star, winning a three-heat race in 2:11 2/5, 2:11 2/5, 2:11 4/5, with each heat bettering his previous record of 2:12. He is a son of MacGregor the Great and grandson of Robert MacGregor 2:17, that was known as the Monarch of the Home Stretch and was the sire of the mighty Crescens 2:02 1/4, world's champion trotter in his day. The Robert MacGregor blood is considered valuable because of the stamina and will to win qualities that go with it. Many will remember our old friend Heathcote 2:08 1/4, who was also a son of MacGregor the Great. A pacer said to be 16 or 17 years old that has been performing quite well at race meetings here, is Toby Patch, driven by Billy Burt, who is always in the money and frequently a heat winner. His winning heat in the fourth dash Saturday night in 2:18 4/5 was another new record for him this season.

The fun is over; a lot of joy was taken out of life when the announcement came over the loud speaker on Thursday evening that Friday night's Futurities would be the concluding event of the season at the Charlottetown track. But fortunately Island circuit race dates will still give an opportunity to see the large number of trotters and pacers in training for a few weeks longer. Dates are: Covehead, Sept. 13th; Montague, Sept. 20th; Parkview, Sept. 27th; and Riverside, October 9th.

Following is a brief review of the Goodwill meet races—Wednesday afternoon, Sept. 6, feature event was the Free For All Pace in the 1st, 5th and 9th dashes. There was an all star field with Argot Pointer, owned and driven by Horace Willis, best in the summary, with 2-2-1; A. G. Scott (Lecher) 4-1-2; Lock Hanover (O'Brien) 1-3-3; Billy McVey (Craig) 5-5-4. Time: 2:10 3/5; 2:08 4/5; 2:08 2/5. The latter is a new record for Argot Pointer, the former record being 2:09 3/5. It is certainly a feather in owner Willis' cap to have lowered the record of this horse that has been campaigned by one of the best reinsmen in the Maritimes for several seasons.

Continued on page 7.

LITTLE SPORT

Colt Stakes Raced As Annual Goodwill Meet Is Concluded

Last night's racing card at the Exhibition Grounds featuring the Colt Futurities marked the last racing meet of the season at the Provincial Exhibition Grounds. Throughout the season more racing was seen over the local track than ever before.

The Executive of the track and, in particular, Classifier Frank Acorn and Secretary George Bunin, deserve credit for the way they staged the meets and their classification of the horses. It was very hard to pick the winners throughout the summer and as a result many large payoffs were recorded. The largest Daily Double ever paid through a pari-mutuel ticket was given at the Old Home Week races. The amount was \$1443.

So in passing this column wishes to extend congratulations to the Provincial Exhibition Association in their past year's work of providing Island harness racing fans with the best in top notch racing entertainment. We sincerely hope that next year's racing meets at the local dirt track will be just as good and successful.

While on the subject of racing we note where Charlie Willis is staging his big two day meet at the Parlor Track of the Maritimes, Covehead, next week. While the entry list is not yet completed it is expected that all the free-for-allers in the Maritimes will be in attendance and will try to break the track record now held by Chuck Worthy of 2:06 and a fraction.

This column notes where Alex Nickerson (Halifax Chronicle-Herald) states that Harry Poulton will lay claim to the Maritime welterweight crown that has eluded him ever since Joe Pyle, New Waterford, has vacated the throne. Poulton has fought quite a few bouts with fighters outside his weight limit and has come out of them with a number of wins while losing only one fight to Roger Wynnot who is the ex-Canadian champ.

Nickerson is also high on Donald "Duck" Trainor of this city who has fought most of the best lightweights in the Maritimes during the past year. Duck has always given a good account of himself in the ring and is expected to be one of the students of Dr. F.C. Douglas that is driving the three-year-old trot winner, Tyndell Semple had made his fifty-fourth appearance on the local track during the last fifty-four years.

This greatly adds to the calibre of the fighters in the City and should give them plenty of bouts in the near future with the best of the other Maritime Provinces have to offer them in the pugilistic squared circle.

Local ball fans will be in for a treat over the weekend when two important games will be played on Memorial Field Sunday afternoon with the first encounter starting at 1 p.m. sharp. The Abbies, fighting desperately to get into the Island League playoff picture, will tangle with the Curran and Briggs construction crew from Summerside in the first game. This game could well decide whether the Abbies will get a playoff berth.

In the second game which will follow the senior clash features the Kinsmen and Vic juniors of the City Junior loop. It might be the final game of the semi-final series depending on how last night's game turned out. In any case it will be a thriller all the way and should give local fans all they want in the way of good baseball. It will be the fifth time the juniors have tried to settle the playoffs this year. The winner of this series will meet the powerful Knights of Columbus team in the finals.

The annual inter-scholastic track and field meet will be staged at Memorial Field September 23. Entries are to be sent into the Travel Bureau in care of Brig. W. W. Reid who has done so much to bring back this important phase of sport. From the scholastic meet have come many of the senior and junior Abbies track and field members. This year should unearth new talent that will help to place the local Abegweit team at the top of the Maritimes in track and field.

To Fix World Series Dates
Ottawa, Sept. 8 — (AP)—Dates for the 1950 World Series and other matters in connection with baseball's biggest event will be determined at a meeting with Commissioner A. B. Chandler here Sept. 14.
Walter Multry, secretary of baseball, said Chandler set the time for the meeting today.

Kinsmen, Vic Juniors Battle To 4-All Tie

The Kinsmen and the Vic Juniors "went the seven-inning route for the first time during the playoffs but it was to no avail as the two evenly matched teams battled to a 4-all deadlock. The game was the fourth time the teams had tried to settle who won the first game of the series and was played before a large crowd of fans on Memorial Field diamond.

The Kinsmen went to the front in the top half of the first when they banged the offerings of Beagan, the Vic hurler, for three hits. They added another in the fourth when they combined two hits, a walk and a pair of fielder's choices for their tally. However it was in the Vic half of the fourth that the Vics came to life when they reached Carcan for four runs. They combined one bunt single, with an error, two hit batters, and a pair of wild pitches for the tallies.

The Kinsmen tied matters up in the fifth inning when they combined the offerings of the sore-armed Beagan for another hit and two errors. Wendall "Trasher" Gillis was then shoved into the breach for the Vics and came into the game with the bases loaded, two out and Beagan's three and nothing on Tralnor. Gillis proceeded to strike out Tralnor on three pitched balls and pitch near perfect ball for the remainder of the game.

The teams will now play a double header Sunday afternoon instead of the Abbies and Curran and Briggs clash at one o'clock.

Sport Briefs

HALIFAX, Sept. 8 — (CP)—Halifax Nationals captured the Nova Scotia junior baseball title for the third successive year here today with a 5-1 win over Reserve St. Joseph. The Nats won the best-of-five series 3-2 after dropping the first two games.

DARTMOUTH, N.S., Sept. 8 — (CP)—Dartmouth Arrows gained berth in the Halifax and District Baseball League finals here today by scoring a 3-1 victory over Stellarton Abbies. The win allowed the Arrows to take the best-of-seven semi-final series 4-3. Dartmouth will now meet Kentville Wildcats for the League title. This series is expected to start in Kentville tomorrow.

HUNTERS' CORNER

The duck situation, as affecting local gunners, shows no appreciable change for the better. True I have run across a few sizeable concentrations in all three counties during the past week but there are many in-between areas that are practically duckless. The ducks this season seem to be concentrated in "pockets" so called. In some secluded marsh, sheltered lake or quiet back water one may find as many as 200 ducks rafted up and apparently content to feed and stay put without undue moving around.

The biggest of these is located in Prince County. A few days ago I called on Bowley Leard, Tryon, well known conservationist and sportsman as well as a keen observer of outdoor life. We chatted over the duck situation and it all ended by his showing me the way to the "Bog" as he called it. Mr. Leard is not so young as he used to be but nevertheless he threaded his way through waist high raspberry tangles with the agility of youngsters half his age. The "Bog" is a semi-brackish, sheltered lagoon separated from salt water by a heavy sandbar. Its in an out-of-the-way sector and one has to walk a good quarter mile after driving a car a mile, or better, over a narrow, rutted road that is little better than a lane.

As we broke through a fringe of fairly heavy soft wood that edged the Bog, a Great blue heron flew off a tree with an alarmed Carrack. Black ducks often use Herons, locally called cranes, as sentries as they trust to this bird's long neck and sharp eyes to spot the approach of suspicious objects and warn them of danger. Thus it was when the crane flew off with a startled cry of alarm sixty odd black ducks rose in sudden flight from the bog. A few moments later approximately one hundred and forty teal took off.

The black ducks didn't tarry too long in the vicinity although a dozen or more alighted after circling for a few minutes. The teal on the other hand kept circling the bog in erratic flight. They'd alight for a few minutes and then take off again. It was a pretty sight. They glinted like jewels in the late afternoon sun as they darted hither and yon above their feeding ground. Those teal had all the earmarks of migrants for I saw quite certain that number of teal did not nest and raise their broods in the near vicinity.

I find that it is in such places as the one just described, that are not easily reached, that the duck concentrations are located. In a quiet pond tucked away in a remote corner of eastern Kings county I stumbled upon forty odd blacks and blue-wing teal. They were tame almost to the point of being down-right stupid. As I walked along the waters edge twenty big blacks sat motionless with long necks sticking straight up. They were within forty yards with nothing between us but a fringe of bull rushes. They acted as if they had never seen a man before and finally swam out into the pond without taking to wing. Brother they'll have to wise up before opening morning. Which all goes to show that if we didn't molest ducks and stopped shooting them in a few years we'd have to kick them out of our way or else walk around them.

As I said before there is a considerable number of such duck gatherings dotted here and there throughout the province with practically nothing in between. What will be the result on the opening morning when those concentrations are broken up and scattered? Will there be enough to furnish gunners on the regular shooting grounds with reasonable sport or will they be lost in the maze of pot holes and marshy creeks that cover the province. This columnist's guess is, unless the present Island duck population is augmented by new arrivals from the north, that the majority of provincial duck hunters are due for slim pickings.

Sandy Saddler Regains Featherweight Ch'ship

By GAYLE TALBOT

NEW YORK, Sept. 8 — (AP)—Willie Pep, a disconsolate little figure, lost the featherweight championship of the world to Sandy Saddler at Yankee Stadium tonight as he sat on his stool between rounds with a dislocated shoulder. Apparently on his way to a one-sided victory over the skinny-legged Negro, the great little battler from Hartford, Conn., took a huge crowd of 35,000 completely by surprise when he failed to come up for the eighth round and referee Ruby Goldstein raised Saddler's arm in token of victory.

Saddler thus regained the title he lost to Pep 19 months ago at Madison Square Garden after having previously dethroned Pep in October, 1948.

There was no hint that Pep was in difficulties when he returned to his corner after a rough seventh round. But he had no more than reached his stool when his manager, Lou Viscusi, beckoned Dr. Vincent Nardiello, official physician for the State Athletic Commission, to the ring. The doctor still was leaning over examining the stricken fighter when the bell rang for the eighth round. It will go into the records as an eight-round technical knockout.

Up to the time of the unhappy ending, Pep had piled up a commanding margin on points. On this writer's scorecard he had won five of the seven rounds and dealt steady, stabbing punishment to the challenger.

Saddler's best round had been the third, when he dumped Pep to the floor with a hard left hook on the button. Pep stayed down for a nine count and came up to give better than he received for the remainder of the round. Saddler also earned the seventh round, but by a hair.

All the others had gone to Pep by handy margins, and it appeared to be only a question of whether his 28-year-old legs could carry him the remainder of the route at the stiff pace he was setting. He had left-jabbed Sandy into a partial state of bewilderment and had crossed a score of lusty lefts and rights to the Negro's jaw.

At the end Saddler's left eye was closing fast. Pep had a cut on his left cheek, hope from which considerable gore spilled during the final round.

Pep's handlers barred his dressing room to the press for some time after the fight ended, explaining that the veteran was in such pain he was in no condition to answer questions.

A fight figure close to the situation passed out the information that the pair already are agreed to fight again in February, but there was no official confirmation. Pep received 45 per cent of the net from tonight's big gate; Saddler only 15 per cent.

Two Competitions At Local Golf Club Today

The MacKinnon Cup and the Junior Club golf championships will be decided this afternoon at the Belvedere Golf Links with a large number of championship aspirants scheduled to start teeing off at two o'clock.

Play in quest of the MacKinnon Cup will be resumed with Don Gray leading the field with seventeen and a half points. Tied for second place are Art MacKenzie and Ted Bradley with ten points each.

"Skippy" Sear will be defending the crown he won last year in the Junior Club play for the Hiram Walker Trophy. This competition will be over the eighteen hole route, medal play.

Horseshoe Club

Play for the Island horseshoe doubles championship will be resumed on Sunday afternoon at the Brighton Horseshoe Club with the following competitions scheduled. All matches are the best two out of three games.

At one o'clock Davey and Williams meet Crabb and Shephard. One hour after Phillips and Schleyer will tangle with Martin and Brown. At seven o'clock Robin and Somers will meet Gauthier and Cpl. Butts after which R. Larzer and A. Doyle will take on Coker and MacDougall.

MONCTON, N.B., Sept. 8—(CP)—Lefty Franz hurled a two-hitter for Black's Harbor tonight in shutting out Moncton Legionnaires 3-0 and knocking the best of seven series for the New Brunswick Baseball League championship at 2-2.
