YOUNG LIBERAL-CONSERVATIVE. A Splendid Meeting in the Philharmonic Hall Last Evening. A meeting of the Young Liberal-Conservative Association was held in the Philharmonic Hall last evening which was well attended by the young men of the city and by a fair number of the older politicians. President Dawson presided, and the first speaker called upon to address the meeting was Mr. A. E. Arsenault. He pointed out that the best way to gain an election was by organization. The old saying is true now as it was in the past, "in union there is strength." He ably defended the N. P. and said it was the only policy that suits Canada, proving his assertions by citing facts concerning the trade policies of the different parties. Mr. James Hyndman followed and made his first public speech. He made a very favorable impression whilst reviewing the policy of the great Conservative party of Canada. Mr. Blanchard, M. L. A., was then called upon to say a few words to the young men. He referred to the policy of the Liberal, but said they could hardly claim a policy, as it has always been so changeable, and it was as likely to be as changeable in the future as it has been in the past. He also referred to the disfranchisement of the young men by the Local one-man Government of the Province, which he said was his greatest fear. He said he came from New Glasgow in this country, which is a veritable hive of grubs, but he was of the opinion that a change of feeling in favor of the Conservative Party was taking place there as well as all over the Island. Mr. Harrison Carvell said the Young Liberal-Conservative Association seemed to be making great strides, thanks to its thorough organization, and he had no doubt its influence would be felt in a marked way in the coming contest. His remarks on the action of the Government compared with that of the Liberals in respect to the great questions now before the country showed that he had a clear understanding of the whole matter and was well able to present it in a convincing manner. Dr. Jenkins, on coming forward was received by the voters present in a way that augured well for his success in the coming contest. He spoke for some time on the trade and other questions of the day, and after reviewing the changeable policy of the Liberal Government in Canada that the Liberals "had a sure cinch on" at the present time. Mr. Wm. E. Bentley next addressed the meeting and although suffering from a severe cold made a good impression on the audience as a public speaker. He reviewed the stewardship of the local government and presented figures showing the annual increase in their expenditure and the annual decrease in their income, notwithstanding their system of grinding taxation. Mr. P. S. Brown said he was pleased to meet the young men. He encouraged them to work hard and success would be sure for our candidate on election day. He said every Canadian should be proud of Sir Mackenzie Bowell and Sir Charles Tupper. The young men of this Province he said, had no right to vote for any sympathizer of Peters, on account of being disfranchised by the Government of which that autocrat was the head. PROVINCIAL LEGISLATURE.

THURSDAY, April 9. House met at 4.45. Mr. Arthur Peters asked the Commissioner of Public Works if he had received reports from some of the inhabitants of a road from Bark Farm Road to McEwen's Road, running between John's Sinnott's north line and Mrs. John C. Sinnott's south line, and if so, what action the Government intend taking thereon. Hon. McLeod said the petition had been received, and such action as was desirable would be taken in respect to the matter. On motion of Mr. H. C. Macdonald, the Act amending the Act incorporating the Central Mutual Fire Insurance Company was read a second time in committee, with Mr. Robertson in the chair. The bill was reported agreed to, and was ordered to be read a third time to-morrow. Mr. Godkin moved the second reading of the Act authorizing the issue of debentures by the Town of Summerside. The motion carried, and Mr. Rogers (Aldershot) took the chair in committee. The bill was ordered to be read a third time to-morrow. House adjourned until 3 p. m. on Friday. ALONE WITH THE DEAD. Advice from Cadiz state that the British schooner John Hood, Captain Dingle, from St. John's, N. F., Feb. 18, for Lisbon, was found drifting at sea with only two children on board and was brought to that port. The schooner left Newfoundland in charge of her captain and owner and his two children, three persons in all. Captain Dingle died when the little craft was in the middle of the Atlantic, and his two children were alone eight days with their father's body. Then the Robin Hood was sighted by the English schooner Janney. The children were found in great distress. While the child, Captain Dingle was twice before a magistrate, on a charge of ill-treating a boy named Holden, aged about 14 years, who was one of the crew. It is thought that he may be one of the children mentioned as being abandoned. INCOMES OF AMERICAN FAMILIES. Out of a total of 12,690,152 families in the United States, over 4,000,000 families live on incomes of less than \$400 a year. More than half the nation's get \$600. Only one family in twenty get more than \$3,000 and this class absorb one third the total annual product of the nation and nearly two-thirds of the total annual increase in the nation's wealth. While the rich are getting richer, however, it is not true that the poor are getting poorer. Such are some of the results of a study of the wealth production and consumption of the nation given by George B. Watrous, statistical editor of the Voice, New York. We quote as follows: "That the rich are growing richer and the poor poorer is the favorite doctrine of a certain class of social reformers. The increasing wealth of the nation as a class no thoughtful man will deny. The growing poverty of the poor, however, is another story which neither facts nor general observation appear to warrant. Rather can it be shown that this working man to day, as a rule, is getting higher wages and that his purchasing power is greater than ever before in the history of the country."

Carter's for Wall Paper.

St. James' Tea and Sale.

The Tea and Fancy Sale in St. James' Hall last evening, the subject being "The life and times of John Knox." The lecture is highly spoken of by those who were present.

Win a Pipe.

Mr. J. J. Johnston was the lucky winner of the handsome pipe given away by Reddin Bros. to their cigar customers. Messrs. E. C. Prowse, Eneas Macdonald and H. Carvell managed the drawing. Later on Messrs. Reddin Bros. intend offering another handsome prize.

Tickets for Rev. A. Robertson's lecture.

are now on sale at the stores of Messrs. Geo. Carter & Co., Hazard & Moore and W. M. Coffin. They are being purchased now by those who do not want to be debarred from hearing this celebrated lecturer.

Painted Accident.

We hear with regret that Mr. H. D. White, of Bonshaw, had one of his hands badly injured a few days ago while engaged in the work of repairing Bonshaw Bridge. It is said that he has already had to submit to the amputation of one finger and it is feared that his thumb will have to be similarly treated.

Important to Dairymen.

Cheese makers and dairymen should attentively read the advt. of Mr. John D. Bell, of Montague, which appears in this issue. Mr. Bell is well stocked with all the necessary utensils for the dairying industry, and customers will be sure to receive satisfaction in dealing with him. In 1895 Mr. Bell had the supplying of the Island in this line of goods, and he has thus had plenty of experience in the business.

The Central Creamery.

Business is rushing at the Central Creamery. The separating stations are showing a decided increase in the quantity of milk taken. New Perth heads the list with 9075 lbs. per week, Vernon River second with 7,500 lbs., Hazelbrook third with 7,101 lbs., Hillsborough fourth with 5,555 lbs., Murray Harbor North fifth with 4952 lbs., Dunk River sixth with 3,009 lbs., and Kensington seventh with 1975 lbs.

A Gramophone.

Messrs. George Carter & Co. have purchased a gramophone, with the selections from which they are delighting visitors to their store. This invention is an improvement on the phonograph, for the reason that quite a number of people can, at the same time, hear the particular selection being played. The sounds are thrown from a large funnel-shaped device. Many of the selections are altogether comical.

PERSONAL.

Mr. James Laird, of New Glasgow, is among the guests at the Hotel Davies to-day. Captain Malcolm Macdonald, of Georgetown, is among the arrivals at the Hotel Davies to-day. Mr. J. F. Gallagher, of St. John, who succeeds Mr. Quinn as the representative of Manchester, Redden & Allison, is a guest at the Hotel Davies. The arrivals at the Hotel Davies to-day include: W. A. Ching, Summerside; A. H. Thornton, Montreal; T. Tate, do; A. M. Lang, Brudenell; D. F. Macdonald, Montague. It is pleasing to note that Dr. E. P. Moore is taking a good position among the physicians of South Bend, Indiana. The Daily Star reports favorably concerning a paper read by him before the Medical Society of that city.

THE UNFAIR TAX ACT.

Sir,—As the Legislature is now in session, it is hoped they will amend the Government's obnoxious Tax Act, so that each and every farmer will be made to pay according to a proper valuation of the farms. I will give one example of two farmers in this part of the county—which is only one case in thousands. Farmer No. One lives six miles from the city. He values his farm at five dollars tax per hundred acres. His buildings are fair farm buildings and land good farm land. Farmer number two lives four miles from the city and he values his farm at three dollars tax per hundred acres. His barns and out-buildings are as good as those of number one and he makes his brag that his house is the best on the lot and his land is as good as that of number one. I would like to ask the Peters Government if this is a fair way to value property, or if there was ever an unfair act put on the statutes of this Province? JUSTICE.

BANQUET TO MR. ADDISON MILLER.

The banquet given at the Hotel Davies last evening by the Victoria Hockey Club, in honor of their captain, Mr. Addison Miller, who is about to leave the Province, was a distinct success. About thirty-five persons sat around the festive board, and partook of the good things so bountifully supplied by Miss Marnie Logan, who acted as hostess in the absence of Mrs. Davies. Mr. Fred Hazard, President of the Victoria Hockey Club, presided, having on his right the guest of the evening, and on his left Councillor Johnson. Vice-President Pickard acted as croupier. The choice bill of fare having been thoroughly discussed, the feast of reason and the flow of soul began. The first toast proposed was "The Queen," which was becomingly honored, and present joining in the singing of the National Anthem. "Our Guest" was then proposed by the chairman in an appropriate speech, and Mr. Miller made a feeling reply. "Our sister clubs" brought Messrs. B. C. Prowse, Dr. H. D. Johnson, L. G. Wheat, J. B. Dawson and Geo. J. Rogers, to their feet; and "The Press" called forth responses from Messrs. Nash, McInnis and Matthews. "The Ladies" were ably championed by Messrs. Sydney Hobkirk, Geo. J. Rogers, C. Weeks and W. Pickard, and the chairman, Mr. Hazard, fittingly acknowledged a toast given in his honor. Messrs. Dawson and Rogers responded to the toast of "the Managers of the Bank" with becoming modesty. "Our City Citizens" again brought Dr. Johnson to his feet, and Messrs. B. C. Prowse, L. G. McMillan and Lorne Unsworth spoke for "Our Champions." Mr. Davies returned thanks for "Our Host and Hostesses," and the merry party dispersed after singing "Auld Lang Syne" and "God save the Queen," more than pleased with the splendid menu presented and delighted with the manner in which the evening had been passed. The speeches, as a rule, were brief and pointed. Some of them fairly bubbled over with wit and others were really eloquent. Everyone spoke highly of Mr. Miller, and deeply regretted his departure from the Province. Between the toasts a programme which included vocal and instrumental music and recitations was disposed of. Messrs. B. D. Dawson, Fred. J. Nash and Fred. Hazard each contributed a vocal solo, Messrs. Geo. J. Rogers and L. G. Wheat, two duets, Mr. Nash a recitation, and Mr. D. McIsaac two harmonica solos. There were also several excellent choruses by the company. Messrs. Frank Hutchison and Fred Miller presided at the piano.

WHICH SHALL I PUT ON FIRST?

It doesn't make any earthly difference which she puts on first. One shoe is as good as the other, and both are perfect. The truth will bear a good deal of telling, but it won't stand any stretching, so we don't believe in taking any liberties with it. We tolerate nothing in the nature of exaggeration.
