

It was currently reported in London, on Thursday, that the differences between Great Britain and Mexico, arising out of the alleged insult to the English flag by Santa Anna, had been satisfactorily arranged.

WALEs.—The Commissioners appointed to inquire into the State of South Wales sit with closed doors, and the reporter for the Times states, that they are not likely to arrive at the true cause of the discontent amongst the people, as they move from place to place, without giving sufficient notice to those really aggrieved of their intentions. The same writer says, "The country, I am told, is still in a very unsatisfactory state, and the people are only kept quiet by the presence of the military. Their secret meetings are now prevented, so that they cannot arrange to commit outrages. Threatening notices, however, are numerous still; several of these have been produced before the commissioners. There have been also one or two incendiary fires, the consequence, it is said, of summary, and in the present state of the country, I certainly think, of most injudicious ejections of tenants. One of these cases, I am informed, is perfectly unjustified, and is likely to be the subject of legal investigation. It has been brought under the attention of the commissioners, who, I am told, have expressed a strong opinion upon it. Beyond this the surface of things is perfectly quiet."

A hostile meeting took place on the sand, near Haverfordwest, on Tuesday evening, between Captain B—y, an officer who very gallantly distinguished himself in the wars in Afghanistan and Scinde, and a Mr. T. J—s, in consequence of some language spoken by the latter, highly derogatory to the most illustrious personage in the realm, in the presence of the captain, who resented it by a personal attack upon the disloyal subject, and a meeting ensued, in which Mr. J—s was very severely injured, so much so that his life is despaired of.

REPORTED DEATH OF THE POPE.—A Belgium paper announces the death of the Pope. It was not believed at Paris. The "O'Connell compensation," vulgarly called "rent," was collected in the churches and chapels on Sunday the 15th. The produce, as far as known, is immense—about three times the average; in the Dublin district, it amounted to more than £4,000.

Last evening we received our usual files of Colonial and American Newspapers, &c., via the Wood Islands.

On the 2d inst., a Resolution, approving of the course adopted by the late advisers of His Excellency Sir Charles Metcalfe, was passed by the House of Assembly of Canada, by a vote of 46 to 23, and an Address in conformity therewith was subsequently presented to His Excellency. The Legislature was prorogued on the 9th inst. It is said that the Assembly will shortly be dissolved, it being the Governor General's determination to make an appeal to the people of the Province, with immediate reference to the stand he has taken against the Lafontaine Ministry.

But by far the most important intelligence received by this Mail is that from Nova Scotia. It appears that Lord Falkland has thought proper—in direct opposition to the wishes of the liberal members of his Administration—to appoint Mather Byles Almon, Esq., President of the Bank of Nova Scotia, and Brother-in-law to the Hon. the Attorney General (Johnston), to a seat in the Executive Council. In consequence of this appointment, Messrs. Howe, Uniacke and McNab tendered their resignations, which were accepted, and also "the resignation by Mr. Uniacke of the office of Solicitor General, and by Mr. Howe of the situation of Collector of Excise at Halifax." By their voluntary abandonment of office, the latter gentlemen have shown themselves possessed of a degree of moral courage, and have manifested a disinterestedness in the discharge of their public duties, and a firmness and consistency of conduct worthy of universal admiration. By this step they have, doubtless, immeasurably enhanced the confidence reposed in them by their constituents, and have set an example which might, we opine, be beneficially imitated, occasionally, in other quarters. The Legislature is to meet for the dispatch of business on the 8th February next, when, according to the Morning Herald, "the greatest sport may be expected."

The New Brunswick Legislature is to meet for the dispatch of business on the 1st February.

MECHANICS' INSTITUTE.—In consequence of the thin attendance on Thursday last, the Election of Office-bearers, &c., for the ensuing year was postponed until Wednesday next, when we trust to see a full attendance. It certainly redounds but little to the credit of the Mechanics of Charlottetown, to find the Hall of the Institute deserted on such an important occasion as that set apart for the reading of the Annual Report and the election of officers, as upon a judicious selection of the latter the prosperity and efficiency of the Institute must mainly depend.

INFANT SCHOOL.—On the 21st inst. the Infant School, and on the following day the Sunday School, connected with St. Paul's Church, in this town, were examined by the Rev. Dr. Jenkins, Rector, in the presence of His Excellency Sir H. V. Huntley, and a large number of ladies and gentlemen interested in those useful institutions, who expressed themselves highly gratified with the proceedings.

MASONIC DINNER.—On Wednesday last, being St. John's Day, the Members of St. John's Lodge, with their guests, dined together at the Masonic Hall, Macdonald's Building. The Hall was handsomely decorated for the occasion. The utmost harmony prevailed, and the whole went off with the usual eclat.

TEMPERANCE SOIREE.—Last evening, the Independent Temperance Society entertained a large and highly respectable assemblage at the Masonic Hall. The tea was, we understand, served in excellent style, and the subsequent proceedings and arrangements reflected the highest credit on all concerned.

LADIES' BENEVOLENT SOCIETY.—We are glad to perceive that a public Meeting is to be held in the Council Chamber on Tuesday the 9th inst., at Twelve o'clock, for the purpose of taking measures for increasing the funds of this excellent Society. His Excellency the Lieut. Governor will preside on the occasion, and the appeals which will then be made, on behalf of the poor and destitute, will, we doubt not, be responded to by the ladies and gentlemen of Charlottetown with their accustomed liberality.

MELANCHOLY ACCIDENT.—As Mr. William M'Kie, Elliot River, accompanied by his brother Montague, was returning homeward on the ice, about 6 p. m. on Monday evening, he unfortunately drove into an opening in the ice a short distance from his own house. Montague, after a severe struggle, succeeded in getting upon the ice, but his brother, we regret to say, together with the horse and sleigh, sank to rise no more. The body of the deceased was recovered the following morning, and interred on Thursday last.

REPEAL.—At a public Meeting of the Charlottetown Repeal Association, held on Tuesday evening last, it was resolved, that Simultaneous Meetings be held throughout the Island, on Monday, the 22d day of January next, in accordance with the views of the Repeal Associations of the British Provinces, for the purpose of petitioning the Queen and Parliament for a redress of Irish wrongs. An adjourned

meeting of the Association, we understand, will be held on Monday evening next.—Pall.

THE POOR.—A very impressive Sermon was preached on Monday last, in St. Paul's Church, by the Rev. Rector, after which a collection for the Poor was taken up, in accordance with the notice in last week's paper, amounting to £21 7s. 7d.—Gaz.

TO THE EDITOR OF THE COLONIAL HERALD.

Sir; I have read the Resolutions published in your Number of Saturday last; and although I agree with the many, that "to comment publicly upon the ravings of the demagogue, with a view of exposing his self-interested and reckless character, is but an assistance to procure for him the notoriety which he seeks to obtain," yet there is something so intolerably barefaced in the framer of one of these Resolutions, considering the subject which he has chosen for his purpose, and the quarter whence it emanates, that upon this occasion the friends of good order and good government will excuse one who has thought proper to say a few words on the other side.

Mr. William Clark, of Darnley, is one of those individuals who, by the rise of agitation from the year 1834 to 1838—a period comprising two General Elections—was returned a member of Assembly; but, by the decline of agitation, as its effects were seen at the general election of 1842, Mr. W. Clark was one of many who were rejected by certain constituencies who chose to return men of better principles, or, where of the same politics, yet of better abilities. Now, in the eye of Mr. William Clark, if agitation could by any, no matter what, kind of means, be raised up to the degree at which it prevailed in 1834 or 1838; and if this could be accomplished before the year 1846, when there must be a General Election, then, when excitement and passion usurped the place of deliberate judgment, it is possible Mr. W. Clark might succeed to place again. His "family Compact" Resolutions, then, passed at "a meeting of the constituency of 'Princetown and Royalty,'" is but one of the many contrivances which Mr. W. Clark and his family have used, and will no doubt persist in using, until the year 1846, if the Island continue so long to possess a Legislative Assembly. In these Resolutions, the principal dish Mr. W. Clark has chosen for his grievance is the printed Bill, as read in the House of Assembly last Session, intended to provide a remedy for damage done to property by riotous assemblies, and for defraying expenses incurred from impeding the service of legal process; and in his first Resolution he states that "no such riotous assemblies ever take place in this Island."

In one of the Resolutions it is stated, that "Mr. Bearisto, one of the Representatives for the Royalty, is absent, as is believed, upon official duty." In this much of the Resolutions there is some truth, and as I am rather doubtful whether, in their next Resolutions, they will enter into all the trivial incidents which befel Mr. Bearisto during his absence, I will relate one. His official duty being to effect "the service of legal process" on some persons at Townships Nos. One and Two, he, with several of the constabulary of Prince County, were impeded in their duty by a mob of more than 200 persons, all armed with bludgeons, and who threatened his life, if he, and the constables also, if they attempted to serve legal process on either of those Townships. Whether this manifestation of these people arose from the intimidation of their ringleaders (three or four notorious ruffians and bullies living on Lot One), or whether it was some of the fruits of the labour of one of Mr. Clark's sons, who spent some time last summer hawking grievances through that section of the County, I can't say. Certain it is, they impeded the Sheriff, and the consequence will be, that as the supremacy of the Law will be upheld at any expense, some Hundreds of Pounds will, no doubt, be expended in enforcing the service of the legal processes with which the Sheriff was sent.

The First Resolution further states "the power which it (the intended Act) places in the hands of the Magistracy, as highly unconstitutional and dangerous." This is answered by the fact, that it is a mere transcript of an Act of the Imperial Parliament of Great Britain. I feel I need comment but little, if at all, on the observations of "a number of gentlemen," who spoke to the first Resolution. The low-lived insolence with which the Governor is designated as a proprietary agent—the foul absurdity of the idea, and the dastardly manner in which it is expressed—leaves its credence with none but the ignorant rabble. Insolence, and that used towards the highest in authority for the time being, is an indispensable ingredient in the harangues of the malcontent. Mr. Clark, with his family, had better stick to "Responsible Government." This is something new to the people of this Island; it would make a capital subject for agitation, and if properly managed, in the hands of such men as Mr. W. Clark, the unfortunate tenantry might be "gulled" for a few years more with such an admirable Will of the Wisp. The circumstances of its becoming a "still more perplexed question" in Nova Scotia, and of its never having been understood in Canada, and of its now being exploded in that Province, should discourage no men with such fertile imaginations as Mr. W. Clark and his "family compact." Yes, let them feed the tenantry with Responsible Government for a few years, and they may again see the enviable distinction of "M. P. P." added to their family honors.

I am Sir, yours, &c.

JOSEPH WIGHTMAN, Sheriff of King's County. Sheriff's Office, King's County, Dec. 26th, 1843.

To the Electors of the Second Electoral District of Queen's County.

GENTLEMEN;

THE House of Assembly having, on Saturday last, declared the office of Commissioner for the Recovery of Small Debts to be an office of emolument under the Crown, consequently my seat, as one of your Representatives, has been vacated; and as I do not consider my integrity or principles fettered in the slightest degree by holding the office of Commissioner for the Recovery of Small Debts (although I do receive the large emolument of fivepence for every Summons issued, and twopenny for every Judgment given by the Small Debt Court in Charlottetown, and that not from either the Crown or the Public Treasury). I feel that it would be a great dereliction of duty, on my part, were I to decline coming forward again as a candidate at the approaching Election, to fill up the said vacancy, particularly so when I reflect that when you did me the high honor of returning me with such a large majority, at the head of the Poll, at the last General Election, it was your impression, as well as my own, that I should continue one of your Representatives during the existence of the present House of Assembly; therefore I shall make it a point (if my health permit), to attend at the opening of the Poll, at Crosby's Mills, Lot 30, on Friday, the 19th of January next, and then give you such an explanation of the circumstances which induced me to accept the office of Commissioner, as, I trust, will prove satisfactory; and should you still deem me worthy of a continuance of that confidence which you have invariably placed in me, during the last thirteen years, you may rely that I shall, at all times, to the utmost of my humble abilities, endeavour to promote the general interests of the Colony, with a due regard to your local wants.

I have the honor to be, Gentlemen, Your very obt. humble Servt., JOHN S. MACDONALD. Charlottetown, Dec. 26th, 1843.

To the Electors of Charlottetown and Royalty.

GENTLEMEN;—My acceptance of the office formerly held by my late lamented father, having caused the seat which I occupied in the House of Assembly, as your Representative, to be declared vacant, I feel that I would be doing you an injustice, were I not to give you an opportunity of voting for or against me at the ensuing Election of a Member, for the filling up of that vacancy.

I therefore beg to offer myself a Candidate for your suffrages; assuring you that, should I again have the high honor of becoming one of your Representatives, it shall, as heretofore, be my most ardent desire to serve you as I ought, and to the best of my humble abilities, honestly and independently.

I have the honor to be, Gentlemen, With much respect, Your obedient humble servant, FRANCIS LONGWORTH. Charlottetown, Dec. 26th, 1843.
