

# EXPO APPROACHING

by STACY DUNN

From November third to fifth the Charlottetown Civic Centre will hold Career Expo '92.

This career Expo was suggested in the fall of 1990 by a group who felt that high school and post-secondary school students made limited career choices. By 1991, three school units had joined this group whose objective was "to plan and organize a career exposition in Charlottetown for students in grades nine to twelve... as well as post-secondary

students from Holland College and the University of Prince Edward Island," according to the press release.

Sherri Egan, Manager of Career Expo '92, says that students who graduate from school choose few career options, and that they know little about the job market. With Career Expo, organizers hope that students will devise better and more appropriate course selections in high school and post-secondary institutions.

Other goals this Expo wants to accomplish are to encourage students to stay in school; inspire youth to reach career goals; make students aware of regional, national, and international career opportunities; and to involve the community in the education process.

Nearly two hundred careers will be represented at Career Expo '92. Professions and trades will be depicted equally. Ms. Egan stresses that Expo is not a recruiting tool, but a vehicle for an exchange of information on behalf of the exhibitors.

U.P.E.I. students are reminded that two sessions on Tuesday, November third and Thursday, November fifth from 2:30 to 4:00pm are available for you to check out the Exposition. Career Expo '92 is sponsored by Employment and Immigration Canada, Atlantic Canada Opportunities Agency, Department of Education, Unit Three School Board, Charlottetown Chamber of Commerce, U.P.E.I. and Holland College. ■

## Amnesty International

### ..... An Invitation to Join Us

The local chapter of Amnesty International is beginning its fourth season of regular meetings. Each year we sponsor a consciousness raising event, usually a dance, and talk to many service groups and other organizations about human rights conditions around the world. At our regular meetings, we devote about one hour to letter writing on behalf of an urgent appeal from headquarters in London, England. We are a grass roots organization doing something to help less fortunate people around the world.

We meet on campus the first Monday and third Wednesday of each month at 7:00 p.m. in Lecture Theatre A of the Atlantic Veterinary College. New members are always welcome. For more information, please call Heather DeMille in the evenings at 892-5821.
